The total for each of the courses include the Equipment given to the schools, the mapping of each school, the costs of the Course Tutor and misc costs associated with each course.

Games Cards and O Instructions: These two publications were produced as part of the project to provide Teachers with resources they will need to deliver Orienteering Activities to their students.

Park Events: A number of park events were run by the RTGO project for schools which had attended the Teacher Training Course.

SI Kit: This includes a number of SI controls, cards and download equipment.

Promotion includes the cost of a banner, flag and a brochure for the RTGO courses.

Summary Stats	DAF2017
No. of Courses given	6
No. of Teachers who attended	67
No. of Schools	57
No. of Maps	54

Notes:

The schools were a mix of Primary and Post-Primary schools. They were almost all disadvantaged schools. The schools who were not DEIS status (or other measures of disadvantage) paid for course attendance and their own mapping and equipment.

The maps were of a common template developed specifically for the project

Some schools had more than one teacher attending a course.
