A couple of corrections to the email about mapping grants that I sent yesterday:

1/ the budget is Euro 10,000 (the Euro symbol was garbled)

2/ "A/ Irish Classic, Middle Distance and Relay Championships maps" should be

"Maps for Irish Classic, Middle Distance and Relay Championships, Irish classic distance Regional Championships and the Shamrock O-Ringen"

- > Grant applications for areas that are registered on www.orienteering.ie for Regional and Irish Classic, Middle Distance and Relay Championships maps events will attract a significantly higher grant. If the event is not registered as such then the map will get a "normal" grant even if is actually planned to be a championship.

- > Note that grants will only be given to clubs that are up-to-date with their IOA affiliation fees; grants will not be given for areas not registered to the applicant club.

- > Applying for a grant is not the same as registering an area - they are separate processes. Please see mapping.orienteering.ie for details of how to register an area. Please do not register and apply for a grant in the same email.
