LONDON LOK

Down and out in London and Forests.

A party of thirteen Leinster orienteers set out on February 9th with every intention of journeying to London to take on the locals at orienteering (of all things). The journey passed in sleep and crossword puzzles (12 Across: Important power of attorney, 11 letters.). LOK present at Euston, not in strength but enough to carry us out to the cars, and the next few hours pass by in a haze. Suddenly it dawns on me that I've missed my start time by about 15 seconds: the time display shows the last start time, not the next. I run off into the wood: Burnham Beeches, near Slough. A beautiful deciduous forest, almost all runnable, clumps of rhododendrons: crisp morning air - this sounds like an ecstatic Chris Brasher article. The results are not too significant because a number of people just ambled round, dozing off occasionally. There were two courses (long - about 7km - and short - about 5 km), a 1:10,000 5-colour (accurate) map, and no very steep parts. Very enjoyable. All retired to a local hostelry for a period (the opening hours are most peculiar - pubs close about 2p.m.: getting-up time!), and met again to hurl insults at one another in several languages in Renato's restaurant that night. Early to bed (at least by the standards of the previous night).

Sunday - Worth Forest badge event. Most of us started between 10.30 and 11.15. Very cold but dry, and the forest seems OK: not too hilly. A smallish 1:15,000 map, neatly drawn. Much of the ground was covered in high dead bracken which slowed things down and meant that longer routes were often the quickest. A fast running wood because of the gentle hills, the 12km "A" course looks pretty long, but was won in under 70 minutes. All the Leinster contingent did reasonably, with no major disasters - Eoin Rothery finishing the highest. Adjourned to yet another pub, and back to our lodgings. We were all provided with a magnificent meal courtesy of Carlsons (LOK) prior to dashing to the train /car/plane to return home. More sleep and crosswords on the train and boat, and home to bed - to wake up at teatime feeling absolutely shattered. Mondays were never like this before.

(SIGNIFICANT) John McCullough.

OVERALL RESULT:

In Leinster (Nov. 1978)	In London (Feb. 1979)	
Leinster 1001.00	LOC 1148.49	LOK win by 65.07 or 5 mins. per competitor.
London 1074.54	LOK 1083.42	
LOC win by 73.54 or 9 mins 7secs per competitor.	Therefore, for the two legs, Leinster wins by 4 mins 7 secs per competitor.

animal (With Vegetable Connections)

When did you last really enjoy an orienteering event? When did you come in laughing, having to be held back from going out again? Can't remember? Well, come to the 3ROC Pooter Relay in Hollywood Glen on **April 29th.**

This is what a fun orienteering event should be like - throw caution to the winds and come along. How it works - there are a number of controls in the forest, all of which must be visited. Teams of three will compete: one M21 or M35
one W19, M19, M17
and one from any other class.

Unlike in a normal relay event, the three runners compete simultaneously, thus: All competitors are started in a mass start, at which point maps (pre-marked, of course) are given out. Then the members of each team decide among themselves who is to visit which controls, and then run off into the woods. When the runners come back to the finish they must not cross the line until all three are back and have all the controls. The first team to cross the line (with all the controls found) wins. Simple!

Teams should be pre-entered up to the Wednesday before the event - to: John McCullough (981556). No money need be paid before the day.

Lucky dip teams will be made up on the day but applicants must register before 11.15 a.m. Teams need not be from the same club, or anything else.

Mass start at 12.00 hrs. Start is 700m from registration.

VISIT from SWEDISH ORIENTEERS

Before we became isolated by the postal strike, arrangements were being made to accommodate a party of Swedish Orienteers who wish to visit Ireland on Tuesday 17th and Wednesday 18th April. This visit would complete a week of orienteering which would include the JK'79 in Devon at Easter.

Subject to confirmation of the visit, GEN have offered to run an Orienteering event at Donadea on Tuesday 17th and Curragh Orienteers are making arrangements for an event on Wednesday 18th. These events will be open to any orienteers who wish to enter on the day. Full details will be displayed at prior events when the trip has

AJAX ORIENTEERING & ATHLETIC CLUB

The above new club is being set up in Dublin. The club will promote the competitive aspect of orienteering with special emphasis on training. Membership of the B.L.E. is being considered, with a view to entering cross country, or other races.

It is hoped that at this time, while present clubs mainly serve to distribute the newsletter, and interclub competition, neither is taken seriously, nor has much at stake. The sum total of such competition organised for Dublin in the last two years has been one relay event and the Dublin League, both organised by a prospective member of AJAX. If anything the introduction of the new club should stimulate club rivalry.

It is not intended that AJAX become a clique of the best orienteers in Dublin. Membership is open to all who wish to participate in a program of serious physical training. Our recruiting drive will be aimed at athletes and others in training rather than established and accomplished orienteers.

Anyone interested in membership contact : Carey May
