5.	G.Byrne	CURR	109-16	non competitive			
					D.Callaghan	AJAX	80-00

A. O Cleirgigh, A. Flegg, D.Quinn, T.McCormack, -.Walsh all arrived at the 2nd Master Map after it had been stolen.

(Organiser's Comment :- It seems that for the members of Mactire to spend from 10 am to 4 pm in the forest to ensure that controls are not stolen or misplaced by non orienteers - in which they were sucessful - is not enough. We must now guard against people within our own ranks.
To the 'persons' who took the maps - orienteering can do without you unless you mend your ways now.
Ed. Niland, Planner/Organiser.).

"B" Course. 6.7 km. 450 m.

PROPOSAL for TEAMS SELECTION P. FLANAGAN
(A strategy for the next 2 years)

This defines a strategy, which covers Standards, Selectors, Pool, Final Panel, Timetable, Team Manager & Coach, Training, Juniors, Information, Ranking, Relays and deadlines.

STANDARDS: There is considerable pressure to reduce the size of representative internationals to ensure fair play and also reduce the disparity in performances by setting an acceptance standard which we will have to work up to in order to avoid being told to send a reduced size team. This has already happened i.e. as a result of the weak performance(team) at the June Inter, While experience overseas is the best guide to expected performances abroad, it will be neccessary to define fitness and ability in the home context. For a top international such as WM 81 it is expected that the final panel standard would be attainment of BOF gold and ability to cover 16km in 60mins (male) and 8km in 35mins (female) on track.

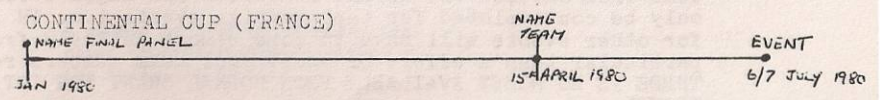
The decision to enter an representative international shall be taken by IOA/NIOA executive.

SELECTORS: The selectors to be chosen for next 2 years and to be named by Dec 1st. Coach to be included if not a team contender. (All selectors whose direct families are in contention for team places automatically excluded from that specific team selection)

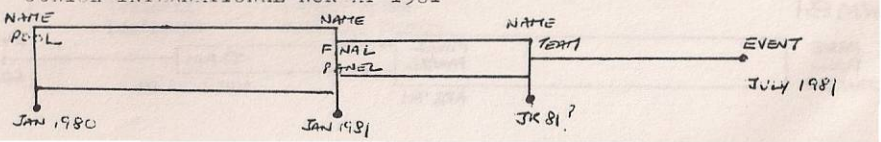
POOL: All pools to be established after Dec 1st and before Jan 15th by Selectors (Or NIOA/IOA joint meeting if selectors unnamed) To include all people who have a reasonable chance of making the team. Selection on all known form to date, willingness to train and attend training sessions, and to work with coaching plans for performance improvement. These criteria will also apply for continuing pool membership. Places for promising juniors. Regions will be expected to nominate.

FINAL PANEL: The pool will be reduced to a small panel prior to the final selection event(s) for a specific international. Members of this panel must comply with directions re classes on those events. For this panel people must have avery good chance of making the team. Final events should take place abroad where possible, so that all team members will have already gained experience abroad prior to the representative international. It is expected that 1980 Swiss 5 Day will be a selection event in H21E and A and W19E and A, and that the training camp in Switzerland in June 1981 will be the final selection event. Where selection is clearly demonstrated, team members may be named early so that these people can concentrate on peaking for the actual WM. Availability will have to be notified at the final panel stage which for the Continental Cup will be Jan 1980.

TIMETABLE: CONTINENTAL CUP (FRANCE)



JUNIOR INTERNATIONAL NORWAY 1981



WORLD ORIENTEERING CHAMPIONSHIP WM 81 SWITZERLAND

TEAM MANAGER: To be appointed by IOA/NIOA executives after consultation with the Final Panel.

COACH: as team manager.

TRAINING: A training programme to be initiated with the objective of: performance improvement, spreading information on techniques, and expected competition problems, and assessing strengths and weaknesses. At least one training event to be held prior to naming final panel for each representative international to which we are sending a full team. (except Con Cup)

JUNIORS: A pool will be established along the lines of the existing senior pool. The regions are expected to nominate people to this pool and provide local coaching facilities. As in competition it will be sub-divided along I3-I5-I7 lines with a few places for promising II-I3 to enable them to benifit from pool experience. It is desirable that the pool be large enough to make a meaningful selection at the top standard.

Final Panel Selection Similar to seniors with JK 8I being likely as the final selection event for the Norway int. Scandanavian experience would be very useful to secure a place on this team. Also as we hope to be invited to the Home International in GB in I980, the JK '80 will assume special importance.

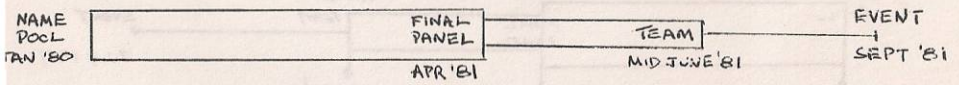
Selection Events These will in future be required to meet a higher standard than hitherto i.e. they must provide technically demanding courses in accordance with IOA/NIOA/IOF norms. They must be organised to ensure fair play and be controlled by approved controllers. Pre- entry will probably be essential to avoid bunching or following. It is hoped that the proposed regional matches will be suitable for inclusion as selection events.

INFORMATION: It is hoped that we can have regular bulletins for pool members to be distributed at training sessions or selection events. A national Statistician will be sought to compile information/results and perhaps produce a ranking table for on going comparison purposes. People competing abroad are required to send a photo-copy of official results to ensure inclusion, these will,be received by the team organiser for the present. (Nothing has come in yet from the Trossachs)

RELAYS: Performances at approved relay events will be an important guideline for relay team selection owing to the different conditions which apply in this type of competition.

FINANCIAL: A fund to be set up immediately for WM 8I to enable final selection to take place in Switzerland in addition to funding the team. It is important to note that all funding has to come from outside the normal resources and major efforts can only be contemplated for top prestige events i.e. WM . Funding for other events will have to come almost entirely from that particular team's effort or individual team members resources. THERE IS NO MONEY AVAILABLE FROM NORMAL GRANT FOR INTERNATIONAL TRAVEL.

WM 81



LEINSTER ORIENTEERING CLUBS

The second meeting of the Leinster Regional Council was held in the Montrose Hotel on Wednesday I9th September I979.

- A detailed proposal on the future structure of L.R.C. meetings was adopted.
- Eoin Rothery's (AJAX) proposal that a Leinster Ranking List be run under the auspices of the L.R.C. was passed.
- The proposal submitted by John Ryan (AJAX) for a Leinster Regional Sub Committee for Junior Orienteering was adopted subject to a number of amendments. The Committee elected was:
  Chairman.....David Quinn
  Secretary.....John Ryan
  Coach.....Declan O'Callaghan
  Senior Committee Member..... Maire Walsh
  Junior Committee Member..... Willie McAuliffe.
- AJAX O. & A.C. now have the Glendalough area for re-mapping subject to the restrictions as set out in their application.
- A position as sponsorship co-ordinator is to be set up to help the sponsorship of maps, events etc.
- The Annual Dinner will be held in the Dalkey Island Hotel on Saturday 24th November at an approximate price of £6.60.
- Junior Championships, Cork. The Munster organisers would like to know if any buses are travelling from Leinster. They have a narrow road to the forest and will need to make special arrangements. Details to Faith White, Junior Co-Ordinator.
- Any proposals for the next meeting are to be sent to the Secretary 2 weeks before the next meeting.

Next meeting of the Leinster Regional Council will be held on November I5 th.

********** STOP PRESS**********

Results of Mactire elections

At the Mactire AGM held on Wednesday 10 October in the Legal Eagle a new Committee was elected as follows :

Chairman	Jean Mullen
Treasurer	John Murray
Secretary	Gerry Kelly
Committee Member	Donal O'Brien

A number of ordinary members were given special responsibilities in the following areas :

Mapping	Monica Nowlan
Training	Brenda Byrne
Equipment	Patricia Murphy.

Cruagh map - out-of-bounds area

The open ground on the north side of Tibradden mountain is privately owned. Orienteers who wish to use the Pine Forest for an event or for training should consider this part of the map as being out of bounds unless permission to use it has been obtained from the owner via Mactire.

Subscriptions

Now that the new season is well under way, the Treasurer would like to remind members and intending members that subscriptions for 1979/80 are now due. Fees are as follows :

Family	£4.00
Individual	£3.00
Student	£1.00

Special rates and conditions available for groups. Subscriptions should be sent to :

John Murray,
29 Wellington Road,
Dublin 4.

Thanks

Eddie Niland would like to thank all those who helped him run the event at Cruagh on 16 September. A special word of thanks to the many members who turned up to help but found themselves redundant.
We would like to suggest, however, that in future, when members are asked to help at an event, they should give a definite answer one way or the other. It is difficult for the organisers to run an event when offers of help are qualified by 'maybe', 'possibly' or 'probably'.
