# The Irish Orienteer

*All the News that Fits, We Print*

No. 104 Spring 2003

## IT'S UP TO YOU

It's on our behalf and that of orienteering that the officers of orienteering clubs, regional associations and the national governing body work and they deserve our support. The IOA deserves better than having the Annual General Meeting attended by only seven people apart from the Executive Committee.

Admittedly, we would all much prefer to be out in the forest or mountains running, navigating and enjoying ourselves. But without the behind the scenes activity we would have no orienteering. Without insurance, fixtures, mapping grants, international affiliation, we would have no orienteering.

Orienteering is one of the most selfish sports I can think of: you go, you take part for your own satisfaction (not for your club or team), you get into your car and you drive off. How many of us stop to think of the planners and controllers, slogging through the heather in the rain in the weeks before we run their courses? How many of us stop to think about that most thankless of tasks, taking in the controls, with darkness descending, the rain coming on, after everyone else has gone home to hot showers, food and a seat by the fire? Your average control collector has helped all day, or run a course, then has to wait around until everyone is back before going out again to finish the job.

But back to the IOA: perhaps they do hide their light under a bushel and need to sell themselves to orienteers so that we can see what they are doing and why we should honour them by attending the AGM. Imagine, if 100 people turned up for the meeting: either they've won massive acclaim or there's something seriously wrong, but at least they've got you interested. Fighting apathy is much harder, as the IOA has found all down the years: especially apathy among those who should be considered their supporters.

The Irish Orienteer is available from all Irish orienteering clubs or by direct subscription from the Editor: John McCullough, 9 Arran Road, Dublin 9

e-mail
johnmccullough@bigfoot.com

Annual subscription costs €9.50 for 6 issues.

Cover: Cian May (3ROC) gets started at the UCDO event at the Sugarloaf, Co. Wicklow.

# THE O-ZONE:
## Orienteering news from Ireland and the World

## LAST BURREN WALK?

Thomond Orienteers, who have been running the annual Burren Walk from Fanore, Co. Clare since the late 1970's, may not be able to continue with the event. Manpower shortages and the probable move of Organiser-in-Chief Gerry O'Carroll from Limerick are cited as the reasons.

The Burren Walk was for many orienteers the signal of the end of summer and the start of the new season. Maybe there will be a Burren Walk Memorial Walk at the end of every August instead?

## CNOC Summer Series 2003

| 17 June | Curragh, Co. Kildare |
| 24 June | Hollywood, Co. Wicklow + barbecue. |

Start times are 6 pm to 7.30 pm.

The Leinster Orienteering Council's annual general meeting will be on 17th June after the Curragh event.

## Obituaries

### John Murtagh

The death occurred on January 25th of John Murtagh, formerly of Munster Orienteers and Lee Orienteers. In the 1970's and early '80's the Murtagh's were one of the notable orienteering families in Munster, who took part in some of the early Irish Championships and hosting many orienteers from around the country in their rambling house at Ballyhoura. John's daughter, Catherine, will be remembered as a highly effective IOA Secretary and Irish O-Team member with Setanta Orienteers.
In recent years John was living in the USA and he died at home in Winchester, Virginia, surrounded by his family, following a battle with cancer.
Our sympathies go to his wife, Eithne, and family Catherine, Rhoda, Aidan, Seán and Doreen and their families.

### Chris Brasher

Chris Brasher died on February 28th. Chris was famous as one of the pacemakers for Roger Bannister's first sub 4-minute mile in 1954, as the founder of the London Marathon in 1981 and as a 3000 m steeplechase Olympic Gold Medallist in Melbourne in 1956, the year of Ronnie Delaney's Gold medal for Ireland. Not many people outside of orienteering would have realised that he was a founder member of Southern Navigators, and of the English Orienteering Council, and of the British Orienteering Federation. He was a member of the 1966 English team who competed at the World Championships in Finland and playued a major role in the 1976 World Championships in Scotland, the first event at which Ireland was represented. Interestingly, he also led two expeditions to the arctic when a student at Cambridge and had the dubious distinction of finishing last in the 3000 m steeplechase at the 1952 Olympics in Helsinki.
Chris was looking forward to moving up to the M75 class this year but he never actually ran as an M75: his last big event was the 2002 JK.

### Judith Wingham

Judith Wingham was well known to those on the Home International circuit as one of the stalwarts of the Senior Home International organisers. She took up orienteering with South Ribble OC in the early '70's and competed as far away as Australia. She served as a BOF councillor. Judith died from cancer on 14th March, aged 74.

## MEASURING UP

How do you measure the distance and climb of an orienteering course? IOA Rule 9.5.2 says that distance is measured following the straightest route a competitor could reasonably take, avoiding lakes, out of bounds etc. The climb on a course is measured along the same route as the distance (Rule 9.5.3).

A recent Leinster event seemed to have very little climb considering the physical nature of the terrain. The Blue course, for example, had only 70 metres. When the climb was measured along the same distance as the length, this went up to 325 metres while part 2 of the Black/Brown course went from 70 to 340 metres!
One comment overheard after the event was "Never again ..... and they didn't even give us a glass of water!"

## JOHN FEEHAN RETIRES

A surprise announcement in January took the Irish orienteering community by surprise - John Feehan, one of our top international orienteers, is to retire from the sport.
John, from the famous Feehan orienteering family of Newmarket, Co. Cork, has moved to Italy and has changed career from teaching to being a coach at an Italian football club.

John wrote "As you know, I've been dedicated to orienteering for many years now and I've really enjoyed every moment. However times move on and I've decided that a change is in order. Due to the knowledge I've gained training and preparing for my races over the years I've been offered a position that sounds incredibly interesting and exciting. Strange as it may seem I've been offered a position as apprentice in the coaching team of a football team here in Italy. I've taken the decision quite quickly, in a matter of hours, well minutes actually, and taking into account the demands and stresses it will place on my friendships and relationships with family and my girlfriend. I'll have little free time now to return and visit my friends and orienteering is really out of the question as all my energies will be invested in my new job. I hope you can all understand this and wish me well in my new venture. So that you have some idea of what I'm taking on I attach a photo for you of the team. I'll no doubt be in touch again when I get bored with the work!!"

## MORE ON THE INVISIBLE SPORT

Why do we make it so hard for people to take up orienteering? Event information is typically very sparse and signposting often dreadful. Fine if you know where you're going, but not much help if you're a newcomer.
Why do we tend to use obscure names for areas instead of the ones more people might know?
Let's try to be a bit more helpful to the brave people who have decided to join us. Or is it the survival of the fittest? If you can't even find the competition area, you have no business even contemplating orienteering ...?

## CONGRATULATIONS

Congratulations to NWOC's Steven Linton and LVO's Violet Cordner who were married on March 15th. Steven has been an Irish team member on many occasions, running both as a junior and on World Championships teams. Violet, meanwhile, has until recently been Secretary of NIOA and is becoming better known at the competitive end of the W21 class.
Congratulations also to 3ROC's Justin and Una May on the birth of a daughter on April 4th, a sister for Cian.

## ANY TAKERS?

My name is Siobhan Fleming. I am a junior from the United States. I am looking for a family to stay with and train in Europe and then travel to any major competitions for 6 weeks this summer. Any help is much appreciated thank you.
CONTACT unogurl@hotmail.com

## GLENDALOUGH CHANGE

Because of ground-nesting birds, the forest in Glendalough is unavailable for orienteering from March to September. The 3ROC Leinster League event planned for April 27th will be replaced by a

training event on the open mountain instead. This is your last chance to get in some quality orienteering before the Irish Championships in the Mournes a week later. Start times 11 to 1. Start is off the military road from laragh to Aughavannagh. Signposted from Laragh.
The League event will be run in the autumn.

## VETERAN HOME INTERNATIONAL 2003 – IRISH SELECTION

VHI2003 is being hosted for Scotland by Forth Valley Orienteers on the 27th & 28th September. The Irish Team Manager will again be Alan Gartside, who will be gathering and collating information to assist the selection process.

For Irish-based orienteers, selection will take into account performance in the Irish Championships, Shamrock O-Ringen and Provincial Championships. Anyone wishing to have other performances considered should furnish the Manager with results.

Those not based in Ireland who would like to be considered for selection should provide the Manager with results for those events which they wish to have taken into account as well as the basis of their eligibility for selection.

Alan's address is 22 Ormiston Drive, Belfast BT4 3JS. His email address is alan.gartside@detini.gov.uk.

## LEINSTER NEWS

### Nine of fifteen.

With three events remaining the 2002 - 2003 is entering its deciding phase. Due to Glendalough not being run as a league event, this year's League will now be fifteen events with NINE to count. There events are two normal events and the interclub challenge. They are: 30-3 Scarr, Co. Wicklow, 06-4 Mall Hill, Co. Wicklow, 18-5 Djouce, Co. Wicklow (Inter-club)

The Interclub Challenge organised by GEN, on a Setanta map, this year be run in aid of the Special Olympics.

Prize winners
This year there is a prize fund of €400 and the prize categories are below. To be eligible for a prize you must attend 33% of events i.e. 5 at the end of the League, Yellow: W10-, M10-. Orange: W12-, M12-. Light Green: W14-, W55+, M14-, M60+. Green: W16-, W40+, M50+. Blue: W21, M16-, M45+. Brown: Open. Black: Open. This is a good timen to make sure your results are correct and they are all correctly listed in the league table. See the results section of the orienteering.ie web site.

## EVENT REPORTS

Connacht Championships …
Ballyhoura 3-Day …

Ah, well. Maybe next time, eh?

## INTER CLUB CHALLENGE
## 18th MAY 2003
## DJOUCE WOODS

GR O 213 130, First Car Park from Enniskerry

Great Eastern Navigators orienteering club have decided to sponsor an athlete in the special olympicworld games to be held in ireland this summer. We are running the inter club challenge as a funding raising event for this purpose. this gives orienteers in the greater leinster area an opportunity to join in this worthy cause and we look forward to all your support . The event is, on 18th. May 2003 with starts 11am to 1:00 pm as usual. The Djouce Woods map has been kindly donated by Setanta orienteering club as their contribution . So come along run for your club, support a good cause and get Leinster League points on your club results. Details of courses and classes will be announced nearer the event. Please note the change of venue. - Nora Lalor Secretary GEN.

## MOUNTAIN BIKE O

The AJAX web site reports that Martin Flynn is making a special MTBO map of the Cronaybyrne/Vale of Clara area used for the 1988 World Military Championships.

## IRISH ORIENTEER TROPHY

WEGO have kindly offered to run the final of the 2003 Irish Orienteer Trophy inter-club competition at Coole Park, Gort, Co. Galway in the autumn. This competition caters for all ages and abilities and could lead to your club getting an all-expenses paid trip to the Compass Sport Cup Final in the UK. (All expenses paid by you, of course).
Details later.

# The Leinster Syndrome

The Leinster Orienteering Council (LOC) in conjunction with the Leinster Clubs is proposing a dramatic change to the number of Leinster League (LL) events and the number of courses provided at LL events next season. Last October after the abysmal turnout for the first set of LL events the LOC held a review into the current situation in the region. Andrew O'Mullane, GEN and LOC Chairman reports.

The 2002 - 2003 season in Leinster started out with Mullaghmeen (LL1) Brockagh (LL2) and Raven's Rock (LL3) each with 90 to 97 competitors then Trooperstown (non league) 160 competitors! Events which previously had attracted larger numbers of competitors were not doing so any more. More importantly new faces vanished as quickly as they showed up. The quality of events in the region is good. Yet the situation has become bleak. Something basic is amiss.

At the November LOC meeting it was decided to put a proposal to the region's Clubs and ask them to submit their comments. The main thrust of the proposals was the reorganisation of the Leinster Fixture Calendar. The new range of events will have to entice people out orienteering. This includes both existing orienteers and newcomers to the sport. It will also have to maximise the number of events which people wished to attend. And most importantly not increase the level of work that clubs and, let's face it, the same people, would be committed to. This is no small order.

The problem in Leinster is something like this; we frequent our most technical areas (we like good orienteering). We hold various come and try it (CATI) events and new people show up and enjoy themselves. Then they get told the next three events are miles away on top of a mountain and since you have only started orienteering you may not be capable of finding the event never mind finishing it! Well this is what it can sound like to a beginner. But then, more surprisingly, they still come. We could do better.

Of the existing orienteers many have been competing for numerous years. "Itchy feet" have started to take hold. There are other thrills to be had; mountain biking, mountain running, adventure racing even bringing up a family. The style of these sports is sometimes newer and slicker but at least it's social, maybe with a frontier spirit. The recent "Dublin by Night" series attracted good numbers from a limited parish. This type of character needs to be injected into Leinster orienteering.

On foot of the submissions a report has been sent to the clubs. This report split the proposals into four sections: Leinster League, Local events, National Orienteering Day and the Proposals themselves.

The Leinster League
There is a lot to do here, rationalise the number of courses, reduce number of events, utilise the premier areas, emphases on racing and high class organisation. All combined with grass roots promotion of the League. The guide note for league events is also being reviewed but this is a somewhat separate issue, however it will be in place prior to the start of the 2003 - 2004 season.

Local events
This year there were few Local / CATI type events. These should be expanded and provide accessible events for all. The type and number of courses must be set, the principle of colour coding courses is one of the easiest and clear ways for newcomers to get into orienteering. Popular / accessible forests and parks should be used with an emphasis on recreation for a pleasant experience. An event system for low formality for competitors has got to be used. A family course must always be provided. Think of mum / dad with 3 under 10's in tow on a treat. I've been told of the need for this type of course for many years however the standard LL event has not lent itself to provision of one. It is a major omission. Deadly important, follow up and promote, with a list of events, directions, contacts and web address.

National Orienteering Day
The purpose of NOD is to (a) get as many people to try orienteering and to (b) take up the sport. This event arrived back on the calendar last year after an absence. Point (a) should not be too difficult with local promotion. Of those who try it some people will like it and some won't. Point (b) is more difficult someone may come to 2 or 3 events then have a bad experience and not come back. If no suitable follow up events are provided there is no hope at all. Other regions are more successful here. Again information has got to be available for everyone who attends.

I also have a major gripe with NOD while the idea is basically a good one, its execution is not. Firstly the name "National Orienteering Day" must be the most pompous, self promoting available. Is non-attendance a form of civil disobedience? Secondly promotion of this event must be strongly aided by the IOA as a long term investment in the sport and the follow up is the duty of the clubs.

The Proposals
Clubs commitment to this is critical - after all they organise the events and they will ultimately benefit. Conversely, doing the minimum now will result in a minimum to do later!

The final part of the review of Leinster orienteering takes place on 28th April when details of the proposals will be agreed at a meeting of the LOC and Leinster clubs.

Andrew O'Mullane,
Chairman, LOC.

# ANY ANSWERS?

Brendan O'Brien, Director of High Performance Orienteering with IOA, recently circulated this questionnaire via the e-group (e-mail group of orienteers). If you have any suggestions, please get in touch with him.

What should be done to develop Orienteering in Ireland ?

What seems to be preventing the development of Orienteering in Ireland ?

What could the IOA specifically do to solve this problem ?

What is holding us back as a sport from effectively working together to solve this problem?

What is preventing orienteering from being more popular in Ireland?

Would you suggest any particular structural changes that would contribute to developing orienteering in Ireland ?

If you would like to contribute to this discussion, please contact Brendan at Ashmor House, Willbrook St., Rathfarnham, Dublin 14 (e-mail brendan.obrien@ireland.com).

# SPRING CUP

Four Irish Juniors travelled to the Spring Cup in Denmark. Niamh O'Boyle (CNOC/DUO) D20E, Sarah Browne (Lake District) D18E, David Healy (GEN/JARLA OK) H20E and Christian Foley-Fisher (MNAV) H18E.

Mary Healy writes:
The Irish Junior Orienteering team enjoyed an excellent weekend's orienteering in beautiful sunshine, at the Spring Cup 2003 held around Hillerod, Denmark.

Friday night saw the holding of the Night Sprint. Considering our team rarely, if ever, orienteers at night, they all did relatively well. Their good results were aided by the use of high quality headlamps, generously lent to the team by Una May, Martin Flynn, Brendan O'Brien and Marcus Geoghegan. Just as well they had them, as I saw no one else without one of these 'serious' headlamps. Niamh opted not to run the night sprint.

H17-20E 1. Z. Sterba (Czech Nat. Team) 30.53; 44. D. Healy (Irl) 41.49; 73 Started.
H17-20A 1. O. Bengtsson (Swe - FK Asen) 25.27; 20. C. Foley-Fisher (Irl) 35.20; 27 Started.
D17-20E 1. S. Jansson (Swe-Frammestads IK) 32.31; 50. S. Browne (Irl) 49.50; 59 Started.

On Saturday the Classic event was held, like the other 2 days, in mostly deciduous birch and oak forest. Visibility was mostly very good and there was a thick carpet of dried leaves on the forest floor. Terrain was of gently undulating hills, which reminded me greatly of Mullaghmeen at its best, but not so hilly. Could you ask for anything nicer? David Healy did best, finishing 45th out 78 starters, showing good fitness levels after his winter training in Sweden, to lead him into the start of his orienteering season there. Christian Foley-Fisher, in only his second big international outing, was unlucky to mispunch on his course, resulting in disqualification. However, besides this one control, he had a good, steady run and with clean runs the other two days, he should be quite pleased with
his efforts.

H17-18E 1. A. Ruedlinger (Swiss O-Team) 42.41. 96 Started.
H19-20E 1. D. Hubmann (Swiss O-Team) 48.23; 45. D. Healy (Irl) 62.20; 78 Started.
D17-18E 1. A. Persson (Swe-FK Goingarna) 38.34; 48. S. Browne (Irl) 56.31; 56 Started.
D19-20E 1. M. Dockalova (Cze Nat Team) 39.06; 57. N. O'Boyle (Irl) 54.04; 71 Started.

The Relays were on Sunday and we teamed up with the Swiss O-Team and Hana Orienteering Team (Cze) to get runs in the correct classes. David came into the weekend carrying an injury to his leg, following a fall in Sweden, so he wisely opted not to run in the relay. Niamh ran last leg in the Women's Open on the Swiss O-Team 2 and had a good, steady run to be 10th fastest out
of 20 who did her exact course. She also brought her team in ahead of Swiss O-Team 1, whose last runner mispunched! (I think Niamh psyched her out 'cause she had 1 min lead on her at the outset....!?!). Sarah and Christian both ran 1st leg with Hana Orienteering teams in W-18 and M-18 (even though Christian has wrongly been attributed with leg 3 in the results). Sarah's team finished in 26th place but, more importantly, Sarah was 2nd fastest out of 6 on her exact course. Christian's team came in 16th out of 38, while Christian was 6th fastest out of 13 on his course.

Hana Orienteering Team 1 won the D-18 relays and brought a doubledecker bus full of junior orienteers of various ages to the event. There's talk now of them bringing a smaller contingent to this year's Shamrock O-Ringen! It transpires that the manager (and sponsor) of the team, Dusan Vystavel, is a big fan of Ireland and has already been once to Shamrock O-Ringen. Would you believe that his company logo is a green shamrock and Hana's o-suit is green/white/ orange!

For full list of results, go to the Spring Cup 2003 website at:
http://www.springcup.dk/springcup/2003/uk/index.asp

Spring Cup 2004 is on 26, 27, and 28 March next year. Perhaps more of you might be interested in going yourselves. You don't have to wait to be picked on an Irish team. Anyone can go. You'll meet past, present, and future world champions there, such as Simone Luder (Switzerland), World Champion 2002, who competed against Niamh in the relays!!! And I for one can vouch that its well worth the trip.

# Wicklow Way Relay

**The Irish Mountain Running Association are staging a Fundraising event for Irish Junior International Runners – arelay in 8 stages for teams of 2 to 8 runners on Saturday 7th June 2003**
**Starting Kilmashogue Wood, Rathfarnham, Co. Dublin at 6 A.M**
**Finishing 2 km SW of Shillelagh, Co. Wicklow**

---

**Wicklow Way Stage descriptions below**

| Stage No. | Start | Finish | Distance |
|---|---|---|---|
| Stage 1. | Kilmashogue | Curtlestown | 14 km |
| Stage 2. | Curtlestown | Lough Tay | 14 km |
| Stage 3. | Lough Tay | Oldbridge | 8 km |
| Stage 4. | Oldbridge | Glendalough | 10 km |
| Stage 5. | Glendalough | Drumgoff | 15 km |
| Stage 6. | Drumgoff | Iron Bridge (Aughavannah) | 12 km |
| Stage 7. | Iron Bridge (Aughavannah) | Derry River; Tinahely | 18 km |
| Stage 8. | Tinahely | Shillelagh; Tullow Rd. | 13 km |

**Details, rules, entry form from IMRA, c/o 6 Knocksinna Grove, Dublin 18 or see www.iol.ie/~imra**

# The young old star...

There's hope for us yet, as Erik Borg discovers ...

Erkki Luntamo has been injured in two wars and is 88 years old, but he was skating like a youngster in the World Masters Championships in Estonia. Orienteering has a lot of young, old stars.

Luntamo, from the Vakka-Rasti club in Uusikapunki on the south-west coast of Finland, was the oldest competitor in the World Masters Ski Orienteering Championships for ski orienteering veterans in Estonia. On November 25th he will be 89.

- How long will I go on competing? I will continue until I am 90, says Luntamo.

Finland – the biggest nation

Like everybody else, Veli-Markku Korteniemi, the IOF Event Adviser for the races in Estonia was very impressed by Luntamo.

- He came very quickly and strongly into the finish. He should be able to participate for a few years yet, comments Korteniemi.

Finland was in a big majority among the oldest participants in terms of both total participation and number of winners. Why were there so many Finns in the older classes?

- Ski orienteering is a big sport in Finland and there are a lot of veterans - they have many championships at home too. Estonia was also easy to get to and trips were organised by clubs and groups. I think it is important to have organised travel. In future I hope that information about the championships will reach the veterans in all IOF countries. They should know about the opportunities for taking part in this kind of competition.

A career spanning more than 70 years

Luntamo took part in cross-country skiing at school. In 1931 – as a 17 year old - he started orienteering.

- I started in a competition organised by the temperance movement (non-alcohol federation), he says.

His whole life has been entirely free of alcohol and tobacco. He thinks that's the main reason for having such good health. He had been badly injured in 2 wars: the first time was in the winter war in 1939-40, and the second was in 1944. He is a 20% war invalid. That didn't seem to have any influence on his speed.

He was skating along very rapidly, and a lot of younger people found it hard just to keep up with him. So although he was the sole participant in the Men 85 class, he was a very worthy winner. His race on the second day was almost perfect - he took just 48 minutes on the five kilometre long course. In the first of the two races he was a bit angry with himself after finishing. He had lost 40 minutes at one control, but he was full of energy and had no problem in completing the 7.5 kilometres that day.

Norway in summer

Erkki also goes foot orienteering in summer and this year he is of course heading for Halden in Norway where the World Masters Championship is taking place for the orienteering veterans in July.

- I think it is even more fun to take part now than when I started. It is so nice to meet people at the competitions, but it is a little bit sad thinking of all those who have left us or are not able to take part any more, says Erkki.

(from IOF O-Zine).

**LATE AGANE**

as Molesworth might have said.

This issue of TIO is later than planned because (i) not much was happening and (ii) not many people wrote anything for it anyway.

IOC 2003

The 2003 Irish Championships will have an Individual and Relay as usual, but will also feature a Trail Orienteering Championships at the Silent Valley in the Mourne Mountains. The Individual event at Slievenagore on May 3rd will be on a new map of a new area, by Peel Land Surveys. The planner is Wilbert Hollinger, Controller Trina Cleary, organsiers: Lagan Valley OC.
The area is described as a mixture of formal parkland and open mountainside, with plenty of rock, contour and march detail.

The relays are at Castle Ward, near Downpatrick, on May 4th.

Entry forms were distributed to clubs and were available on the internet.

Late entries, using master maps, are available after the normal closing date of April 12th. Send entries to Ronnie McKee, 3 Mountainview Tce., Banbridge, Co. Down, BT 32 3HL.

Entry fees: adults €16, juniors €9. Late entries add €5.

SportIdent timing will be used.

# Late NewsLate NewsLate News

## IOA AGM

Judging by the poor attendance, not many people knew that the AGM of the Irish Orienteering Association was taking place after the Leinster Championships on April 13th.

After three years at the helm, Chairman Frank Ryan (WEGO) was obliged to retire but the Chair is now vacant. Other vacancies are Technical Officer and Development Officer.
Michael Phung will continue as Secretary until the end of the year, Fergal Buckley (KerryO) has taken over a Fixtures Secretary. Other officers are Mary Healy (GEN) - Juniors, Brendan O'Brien (AJAX) - High Performance, Paul Dunne (WEGO) - PRO, John Casey (AJAX) - Treasurer, Dave Weston (SET) - Mapping, Mick Kellett (GEN) - Coaching.

The Silva Trophy was awarded to Bob Pinker (CorkO), the Silva Award to Nora Ialor (GEN) and the Mactíre Trophy to Ruth Lynam (CNOC).

Did you know ... that IOA's public liability insurance costs over ¤6000 each year ... that there are plans to run the 2004 irish Champs at Inch sand dunes in Kerry ... that there are more than 70 qualified orienteering coaches in Ireland ...?

## Leinster Championships

Mutliple Leinster Champion Justin May was pipped by Brendan O'Brien at the 2003 LOC at Oldboleys, Glancree, Co. Wicklow on April 13th. BOC's Petranka Pacheva was fastest women but the Leinster title went to Ajax's Veronika Vehounava.
While conditions were much better than at last year's event, the high heather and cold showery weather made the competition into a real test of edurance, fitness and navigation. Rough mountainside, turf currings and bog reminiscent of the neighbouring Raven's Rockwere the dominant features, releived by a wonderfully intricate area near the start and finish to catch out the over-eager or over-tired with its contours and rock features.
As if we hadn't had enough heather on the course, the prizes were puts of heather to grow in your very own garden!

### SNIPPETS

Watch out for Ronan Leahy: he is a performance artist working on a theatrical show involving orienteering. Ronan came to the Leinster Champs to see what all the fuss was about.

*Outgoing IOA Chairman Frank Ryan presents the Leinster Championships Trophy to Brendan O'Brien.*

EXPLANATORY TABLE
All distances are in km, climb is in metres. All races descend the same height climbed, i.e. up and down courses.
Type refers to the championship or league category.
INT= International race AIC= All Ireland Championship, IC= Irish Championship - 3 races of 5 count CU= Connaught/Ulster Championship - 2 races of 3 count
LC=Leinster Championship - 3 races of 5 count MC = Munster Championship – 4 races of 6 count, LL= Arup Leinster League – 7 races of 13 count ISC= Irish Schools Championship
ITRC= Irish Trail Running Championship
TL= Trail League - 3 races of 3 count
MSC= Munster Schools Championship
IUC= Irish Universities Championship
WL= Winter League – 3 races of 5 count
U= Uphill only
50k= Series of 3 races totalling 50k, on open mountain, nav. required, races weather dependant and there is a kit requirement *
WT= world trophy trial race ET= European Championship trial race
AGE CATEGORIES
Note: Under Age Category competitors must be under the specified age as at 31st December of the year of competition. For instance, Junior Men/Women for IAAF competitions in 2003 must be under 20 years of age on 31/12/2003. In other words, to be eligible to compete at the Worlds as a Junior, you must have been born in 1984 or afterwards.

RESULTS

If you would like your event results published in TIO, please send them with a clear request to publish them.

Publication costs €20 per page of finished product.

Results are more interesting if the course lengths are included, don't you think?

The **Shamrock O-Ringen** makes a welcome return as a 3-Day this year: Ballingeary and Glengarriff in west Cork are the venues, May 30 to June 1 (Bank Holiday weekend) are the dates.

## Dublin By Night 2003

The events were at Hellfire, St Annes Pk, Killiney, Saggart, Barnaslingan and Phoenix Pk. best 4 results to count. 50 points for a win.

# Get yourself connected:

**There is more and more orienteering information on the internet: most national O-Federations have web sites so you can check fixtures, contact details, results etc. You can download entry forms and even enter events on-line. There are links from the IOA web page (www.orienteering.ie), the NIOA page (www.niorienteering.org.uk) and the International Orienteering Federation web page (www.orienteering.org) to many other sites of interest. As well as this, you can get daily e-mails of orienteering news via the Irish orienteering e-group and the O-net. The Irish orienteering e-group is particularly useful for late changes to fixtures etc. Details are on the IOA web site. You don't even need your own computer to access the internet: more and more public libraries have access. Check it out!**

18-19 Senior Home International, Tir Stent, Dolgellau, Wales

Note: Not all these events are registered and changes can occur. If you are in any doubt, check the web sites or the phone line for the most recent information.

The fixtures list in TIO 103 was very incomplete because none of the Munster or Connacht events had been registered at the time of going to press.

The IOA is always trying to get clubs to register events well in advance so that a full schedule can be put together and publicised. It's in the best interests of the clubs and the sport if we can do that.
