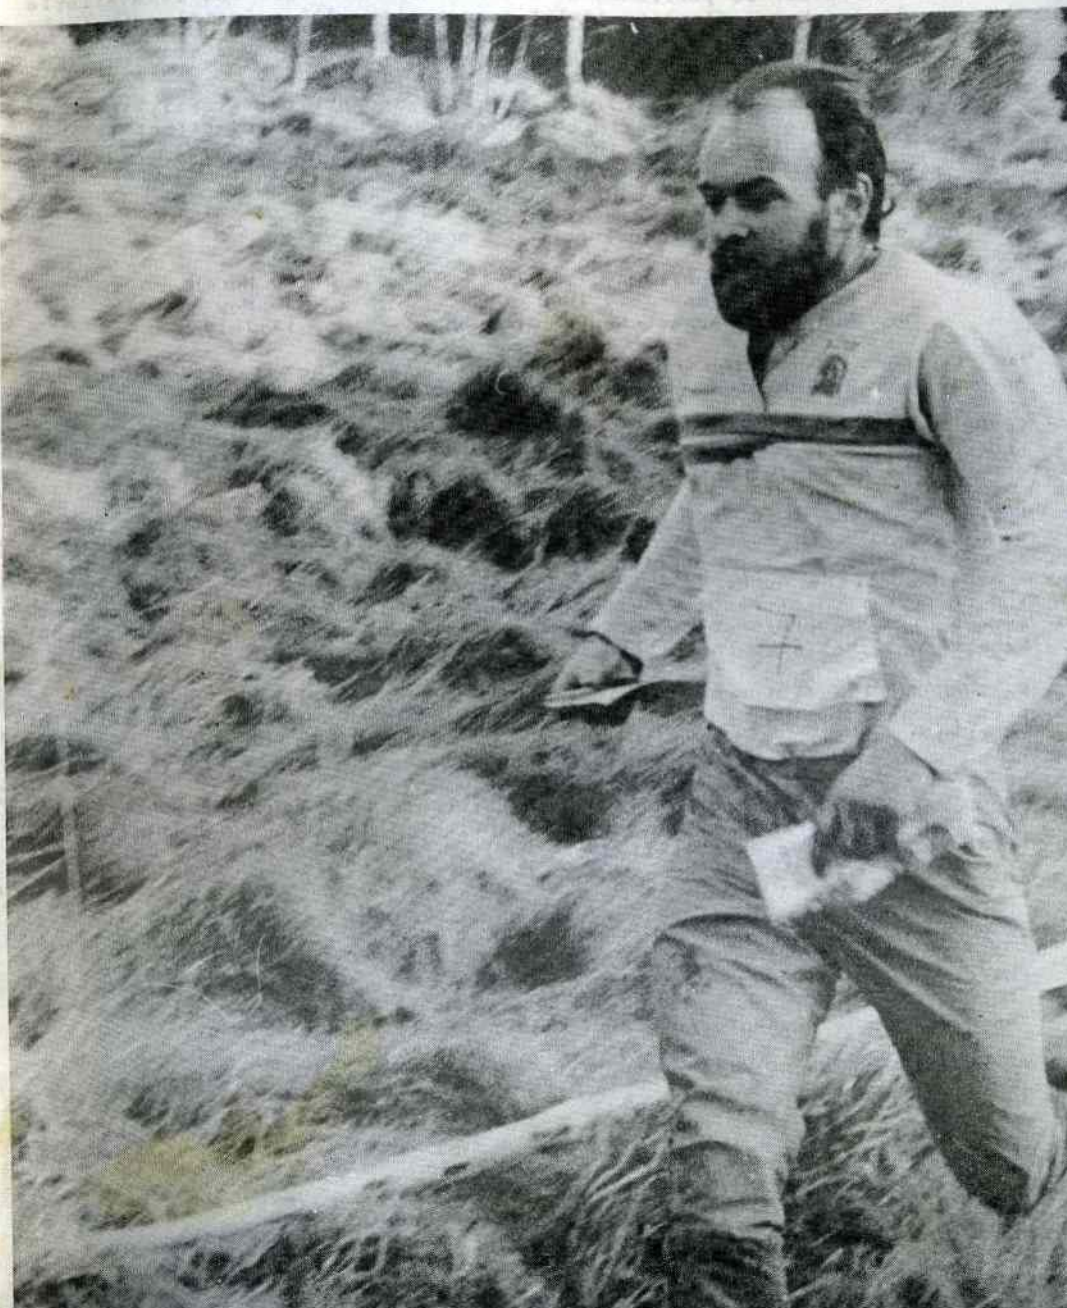
The Irish Orienteer

NUMBER 33 FEBRUARY - MARCH 1988 90 pence



THE IRISH ORIENTEER NO. 33 FEBRUARY - MARCH 1988 ISSN 0790-1194

The Irish Orienteer is published at two-monthly intervals and is available through all Irish orienteering clubs' secretaries. All material concerning orienteering will be gratefully received by the editor,
John McCullough, 9 Arran Road, Drumcondra, Dublin 9.

The opinions expressed in *The Irish Orienteer* are not necessarily those of the editor or of any orienteering organisation. While every effort is made to ensure the accuracy of the information contained in *The Irish Orienteer* no responsibility can be accepted for errors or omissions, or for their consequences.

The copy dates for the forthcoming issues are:

No. 34	April-May 1988	20 March
No. 35	June-July 1988	15 May
No. 36	August-September 1988	17 July

For further information on orienteering contact The Irish Orienteering Association, 38 The Glen, Woodpark, Ballinteer, Dublin 16.

COVER PHOTO: A fee of IR£10.00 is paid to the supplier of the cover photograph if it is received in printable form: black-and-white prints of about 10" x 8". This month: Peter Gargan (AJAX); photo by Tara Horan.

RESULTS: A charge of IR£6.00 per page is made towards the publication of event results. This amount is based on the results being submitted in a form suitable for reproduction and is calculated on the number of pages sent in, not the number which finally appear in print, so please tidy up the presentation of results before sending them in. Typed originals or good photocopies are preferable, but remember that each page is reduced to about 2/3 its original size in printing.

FIXTURES: The fixtures list is the most recent available when going to press. Experience has shown, however, that changes do occur, and often at short notice. It is wise, therefore, to verify that the event is going ahead as advertised by checking the 'Weekend Sports Diary' in the newspapers or contacting the organising club.
Where possible an Ordnance Survey Grid Reference is given for each area. If pre-entry is required it is normally indicated in the event information. Event start times are generally between 11.00 am and 1.00 pm: do not expect to be allowed to start after this, unless otherwise stated.

SUBSCRIPTIONS: Individual subscriptions at IR£6.50 per annum (six issues), or more cheaply through your club.

Entry form distribution with *TIO* is free. Please supply at least 550 copies. The inclusion of an event entry form in *TIO* is in no way to be taken as an endorsement or recommendation of the competition concerned.

ADVERTISING RATES: Please contact the editor.

Letters to the Editor

71, Oxford Road,
Cowley,
Oxford OX4 2ER.

6-January-1988.

The Editor,
The Irish Orienteer.

Dear Sir,

Roaring-and-tearing how are yeh! Here's an interesting question: when are this year's Irish Championships to be held? The first date I saw in print was in October last, in my posted-all-the-way-from-Sweden IOF Fixture List. It says: APRIL 30 IRL IRISH ORIENTEERING SLIGO. Hmm... better book the ferry for that weekend... however, laziness triumphed and no booking was made. Come the next issue of TIO, I find that Uncle John's got it wrong. Poor lad thinks IOC'88 is on the 23rd of April. But lo! the IOA bulletin supports him!!! What's going on???

Extensive research reveals that most people believe the McCullough date, giving as evidence the fact that the entry forms don't contradict him. I wonder where the entry forms are??? And why has nobody bothered to inform CompassSport about the change in date? The latest issue still has April 30th. Given that most of our foreign competitors come from Britain, it's little short of negligence not to inform them. And as for attracting orienteers from further abroad... what would you think a race advertised in the International Orienteering Federation fixture list as being in "IRL" is likely to be? Irish orienteering, right? (Full marks for lateral thinking.) Now is this likely to strike your imagination, given that you're living in Sweden or Hungary or somewhere else foreign? Are you likely to spend good money to travel to this race (whatever it is)? No... but you might, if the organisers had shown the slightest jot, tittle, or iota of sense and called the event what it is, the Irish Orienteering CHAMPIONSHIPS. And when (if) you do decide to write away for entry forms (by the way, just where ARE the entry forms?), you find the date is different from that advertised (or maybe not...). You decide that if the whole event is as disorganised as this, then it's probably not worth going to. After all, it's pretty easy to get a small thing like a one-line advert right. Are these Irish guys serious? Why do they bother registering their event as an IOF class-B race if they aren't going to get things right? And they're going to run the CONTINENTAL CUP??!!!??

I suggest that the impression given is not good.

Yours in amazement,

James A. Cunnane

UCCO/CORK/OUOC/TVOC

FEDERATION OF IRISH ORIENTEERING ASSOCIATIONS

FIOA SELECTION POLICY 1988/89

In view of imminent closing dates, this preliminary notice has been issued to deal specifically with the more urgent events.

May 21 Ireland/Scotland International Trossachs
A team of 6 M21 and 6 W21 is required.

July 30 Continental Cup Co. Wicklow
Aug 1 All classes from M/W11 to M/W60
A team of 2M and 2W competitors per class is required.

Ireland/Scotland

Initial M21 and W21 squads are currently being drawn up in ranked order, incorporating competitors not resident in Ireland. These lists will be updated with results from the Connaught Championships, J.K., and Irish Championships with selection taking place immediately following the latter event.

Continental Cup

The unusual format of this event, plus the annual flow of competitors across classes and lack of suitable domestic competition in 1988 has determined that selection for all classes will be based on the Connaught and Irish Championships. However, squad rankings following the Irish Championships will largely decide the M21 and W21 selection, in the anticipation that this will give due allowance to possible team members involved in event organisation.

Selection Survey

Responses to the survey have now been assessed and a selection policy agreed. The composition of initial Senior Squads will be published and circulated, together with a summary of the responses and including full details of the selection process for 1988/89.

Feb 27 Connaught Championships Ballyshannon
Entries by Feb 12 to Carmel Ryan, St. Marys, Ballinfoyle, Co. Galway.

Apr 23 Irish Championships Sligo
Entries by March 13 to Carmel and Frank Ryan, St. Marys, Ballinfoyle, Co. Galway.

Ernie Wilson
Chairman Senior Selectors

emerald international continental cup

Everybody must know by now that the Emerald International and Continental Cup are on in Ireland this summer. But just what are they? The Continental Cup is a team competition between all the non-Scandinavian countries of Europe, run for the first time as part of the second French 3-Day in 1980. Ireland had a team there and we have had teams at the subsequent events in Scotland in 1983 and in Belgium in 1984.

The unusual thing about the Continental cup is the wide age range of the teams: all classes from M/W 11 to M/W 60 are represented, and all have a chance to score for the team: the performance of each team member is equally important, not just the Elite 21's. All the non-Scandinavian European countries, including Russia, have been invited to send teams, and the USA have been invited as observers.

The Continental Cup is a two-day competition consisting of an Individual and a Relay Race: the Individual at Glendalough on July 30th and the Relay at Devil's Glen on August 1st. Runners score points depencing on their time in relation to the winner in their class in both events, and the team with the highest score wins the overall competition. Entry to the Continental Cup is for National teams only.

The Emerald International is the event being run in conjunction with the Continental Cup: this is an open competition for individual orienteers consisting of a two-day Individual event at Glendalough and Trooperstown and the Devil's Glen Relay.

The Emerald International takes the same format as the JK, with a Training event on Friday, Individual races on Saturday and Sunday and Relay on Monday. Entry forms are included with this issue of *TIO*.

The Event Centre for the weekend is at Wesley College, Ballinteer, Dublin, where most of the National teams will be staying, and the events are being run by Ajax, Three Rock, Great Eastern Navigators and Setanta. An organising committee has been working away behind the scenes for more than a year, while Faith White first sowed the seed which became the Emerald International a full four years ago.

The maps produced for the CISM World Military Championships last May will provide the basis for the competitions and some of the expertise gained during that competition will hopefully be put to good use again.

Who is involved in running the events? Obviously the clubs listed above, but other clubs have volunteered equipment or manpower to make the event a success. The IOF Technical Advisor is Brian Watkins (GB) whose job it is to report to the IOF on the standard of the event and to advise the organisers on compliance with IOF specifications for International events; the Event Controller, who is really the co-ordinator, is John McCullough; the Event President is Faith White; the Finance Officer is Trina Cleary; the Mapping Officer is Brian Power; the Assistant Event Controller is Arthur Green; the Secretary is Monica Nowlan; the Accommodation Officer is Pat May and the PRO is Lindie Naughton.

If you have any skill or talent to offer the organisers of these events, especially in the area of computing or fund-raising, please contact Monica Nowlan at 01-9933551.

(To be continued)

IOA AGM

The 1988 Annual General Meeting of IOA will take place at the Connacht Championships, on Saturday, February 27th, at the Imperial Hotel, Ballyshannon, Co. Donegal at 8 pm. Ballyshannon is about two miles from the Individual event at Finner.

Big changes are afoot: apart from several personnel changes there are plans to reorganise the Executive by reducing its size from 13 to 7 and reducing the number of meetings to about 4 per year. The Chairman, Junior Affairs Officer, Treasurer and PRO are stepping down this year so there will be plenty of jobs going. A major input is expected from Cork this year: recently the IOA has been strongly Leinster-based although great credit must go to Frank Ryan and Frank Cunnane who travel regularly to Dublin -at their own expense- to attend IOA meetings. All will be revealed on the 27th.

LIFE AFTER IOA

Readers will be delighted to learn that life is still possible even after a stint on the IOA Executive, as proven by Ronan Cleary, ex-treasurer, and Julie Martindale, ex-secretary, on their recent engagement

A special event is planned within sight of the Galtees during the summer to mark the occasion. It is uncertain which one will be the Organiser and which the Controller.

MILLENI-O

As part of the Millenium celebrations in Dublin an open day at the Phoenix Park is planned for July 10th next featuring all the activities associated with the Park: polo, cricket, model aeroplane flying, BMX and so on. And orienteering, of course.

ROVING REPORTER

Piaras de Cléir, late of the late Slieve Bloom Orienteers, writes from Australia promising an account of his summer's orienteering travels. Piaras, who works in California, has been competing all over Europe, including Scandinavia and behind the Iron Curtain all summer, and is suspected of having taken in the Asia-Pacific O-Carnival in Tasmania. He even managed a few events in Ireland. Hopefully more news will follow in TIO 34. He did send a scientific paper referred to in a recent TIO about tiredness influencing your ability to concentrate.

TIGLIN COURSES

Several courses for orienteers are being run by the Association for Adventure Sports at Tiglin:

March 12/13 (OR2) Basic orienteering;
April 16/17 (OR3) Teacher/Leader Award training, part 1.
May 21/22 (OR4) Teacher/Leader Award training, part 2.

Details from Tiglin Adventure Centre, Ashford, Co. Wicklow (0404-40169).

COURSES COMING

A number of interesting courses for orienteers are in the offing: A BOF Coaching Course given by Tom Renfrew and Colin Henderson the NUU at Coleraine, in conjunction with the Bushmills School of Sport will be held on April 6-8 and an NIOA Coaching Conference will be held in the Autumn. Details from Colin Henderson (08492-71636).

AFAS are running eight orienteering courses this year at Tiglin: details are given elsewhere in this issue.

TEN YEARS AG-O

Spring cleaning recently I stumbled on some old LOC Newsletters and I thought it might be interesting to relive some of the excitement and controversy in the orienteering world of early 1978.

The LOC (Leinster O-Clubs') Newsletter was then being edited (although he preferred the word "compiled") by Brendan McGrath who had just been castigated (the unkindest cut of all) in the AFAS NEWS for his telegraphic editorial style.

Events were anticipated at Ballinahinch and Kilmurry on a new 3ROC map, at Pine Forest (DUO) and at Glendalough (Mactire OC). A Leinster group was about to take on London OK in the annual challenge match at Epping Forest and Christmas Common and the IOA were even then looking for volunteers to man an O-stand at the RDS (contact J. McCullough). A basic O-course at Tiglin was planned for March 4-5. The cost? £7.00.

The IOA was organising the first coach to the JK at Sheffield (£6-7 each for the coach, £17 return for the boat) and 3ROC trained each Wednesday at Belfield House. Mactire OC and GEN were running street night events at Dalkey and Sandymount and Setanta planned a pre-JK training event at Ballinastoe. Sligo Orienters were to run a Mountain Marathon at Glenfarne, Co. Leitrim on April 8th (with accommodation in the cavers' house at Blacklion: racking coughs and tinned beans for breakfast), while the 'debate' raged about the official Irish word for 'orienteering'.

The Leinster League was being led by Wally Young (Curragh), followed by Declan O'Callaghan (SET) and Eoin Rothery (3ROC) in M21A while Eileen Loughman (GEN) led Monica Turley (MAC) and Maire Walsh(3ROC) in W19A. In M35 Paget McCormack (GEN) led Aubrey Flegg (SET) and Mike Lunt (GEN) while in M15 Brendan Butler (DLSO) had one point to spare over clubmate Willie McAuliffe.

Eoin Rothery was writing innovative, critical and mildly controversial pieces which are as true today as they were then (!) :"It can be extremely annoying to look for a misplaced control, and then to find that the results are published with no comment as is often the case. The sport of orienteering is losing every time we ignore a mistake..."

Simon Stewart, who in those days used to print almost all the O-maps, reviewed the phenomenon of the Mountain Marathon, in the days before erosion had become so prevalent. The results of events in Stranahely, Marley Park and the National Relay Championships at Hollywood Glen were included. Events planned included Donadea's first event on May 14, Scarthamuck, Knockaculiata, Castle Bernard and Inistioge. The Irish Championships were to be run at Glendav near Macroom in May.

The list of clubs has several no longer with us: Mactire OC, Munster Orienteers, O'Hanrahan Orienteers in Carlow, Royal College Of Surgeons OC, Sligo Orienteers and Western Orienteers, Longford.

Finally, one piece which gave rise to great confusion was a line in the 3ROC notice about an event at Kilmurry: The intention was to indicate that there was a great view from the area. The line "If it's clear you can see Wales from the top" was Gremlined into "...you can wee Wales from the top". Noel Carroll, who at the time was contributing a sort-of sports column called 'Game Ball' to Hibernia got wind of the mistake, as it were, and included a reference to it under the title "Welsh Leak". The Gremlins struck again, however, turning "..you can wee Wales..." *back* into "...you can see Wales...), making the whole thing completely pointless, unless you were *really* in the know.

John McCullough.

Secretary: Brigid Flanagan,
38 The Glen,
Ph. 01-980928 Woodpark,
Dublin 16.

Irish Orienteering Association

EXCERPTS FROM BULLETINS JAN & FEB 1988

ANNUAL GENERAL MEETING - 1988

Saturday 27th February (Connaught Championships - Individual)

Time 7.30 p.m. approx. Venue adjacent to Finner.
(Exact location and time will be be announced later.)

A proposal to significantly change the structure of the IOA Executive will be tabled by the current committee.

Clubs should ensure that they have at least one representative at the AGM.

INTERNATIONAL FUND

The Irish Team, including Manager, who travelled to France for this year's World Championship, have been awarded a grant of approximately £100 each. This comes from the International Fund plus a grant of £500 from Cospoir.

MAPPING GRANTS

The 1987 Mapping Grants have been allocated and are as follows:

Cork O	£250
UCCO	£250
WATO	£150
Blackwater Valley OC	£100
TrimO - Sth. Meath	£100
Conn. Region	£100
Ajax	£50

OUTSTANDING SPORTSPERSONS GRANTS

Aonghus O'Cleirigh has been awarded a grant of £500 by the Department of Education under the above scheme to aid his Orienteering training and competitive programme.

Congratulations Aonghus!

1988 JUNIOR NEWSLETTER

The Junior Newsletter is nov available from Nuala Creagh (ph. 01-934982). Price 10p.

COURSE PLANNING COMPETITION - 1987

"Unfortunately, the entries for the 1987 IOA Course Planning competition which were based on the 'Glendalough' map have disappeared without trace, presumably in the post.

I vould extend my apologies to all those who put considerable time and effort into planning courses. For those who entered it will be possible to enter next years competition without charge.

Barry Dalby."

We have decided to hold the same competition again to facilitate previous entrants.

Maps and rules of competition are available from Brigid Flanagan, who is organising this year's competition.

Entries close March 31st 1988.

SWEDISH ORINGEN CLINIC

Places at this year's Oringen Clinic, in Sundsvall, have been awarded to Michael Deasy (UCGO) and Suzanne Clarke (3ROC).

SENIOR SELECTORS

Maura Thornhill and Eoin Rothery are the nev Leinster Selectors.

IOA BULLETINS

Copies of complete IOA Bulletins Jan. & Feb. '88 have been sent to all Club Secretaries.

OUT OF BOUNDS: UNTIL THE EMERALD INTERNATIONAL / CONTINENTAL CUP EVENTS THE FOLLOWING AREAS ARE OUT OF BOUNDS TO ORIENTEERS - GLENDALOUGH, TROOPERSTOWN AND DEVIL'S GLEN IN CO. WICKLOW.

TIGLIN adventure centre

Ashford
Co.Wicklow

SELECTED COURSES 1988

5/6	M2	Mountaineering First Aid.
12/13	OR2	Basic Orienteering.
April		
16/17	OR3	Orienteering Leader Training.
30/May 1	M4	Irish Mountain Environment (Weather, flora..)
	INT 1	Sport For All weekend.
May		
7/8	M5	Mountain Navigation Training.
21/22	OR4	Orienteering Leader Course.
June		
18/19	INT 2	Sport For All: Orienteering, canoeing etc.
18/24	AH1	Sport For All Week: Adventure Sports for the Disabled.
25/26	AE1	Adventure Education for Teachers.
	M6	Mountain Navigation
27/July 2	AE2	Adventure Education for Teachers.
August		
20/21	INT 4	Sport for All Weekend for over 40's.
27/28	M7	Mountain Navigation Assessment.
September		
10/11	ENV1	Woodland Ecology
	INT6	Sport For all Weekend.
24/25	OR6	Basic Orienteering Training.
	M8	Irish Mountain Environment: What Shaped Our Hills?
October		
1/2	OR7	Orienteering Leader Training.
	M9	Mountain Navigation.
15/16	M10	Mountaineering First Aid.
November		
5/7	OR8	Orienteering Leader Training.
December		
3/4	M11	Mountain Navigation Assessment.

Cost: IR£41.00 per two-day weekend course; IR£130.00 per week-long Summer course.

The full programme of courses, including adventure holidays, canoeing tours, Outdoor Education Diploma etc. can be obtained from Tiglin.

REVIEW OF THE 1987 SEASON

Looking back on the 1987 season and some recent events it becomes apparent that there are quite a few aspects that could be improved on in 1988. I've decided to list some of these below, bearing in mind that orienteering should be fair and enjoyable.

I know, only too well, the onerous task it is to organise events. However, people who undertake this task must be able to shoulder some criticism from time to time. Nobody is perfect. People should be able to recognise that they have made mistakes and should try to do better next time - rather than take the easy option and opt out. My purpose in raising these points is in the hope that future organisers will take note. I also wish to support John McCullough - John has been the only public critic of poor events for many years and I have agreed with virtually every word he has written in that context.

Here are some of my (and other AJAX) comments on some recent events. Let me stress again that there is no personal criticism intended - these are criticisms of some technical aspects of the way the events turned out:

Events in Switzerland March-May 87 I attended 4 'National B' events in Switzerland earlier this year - each one featured a hidden control (either buried in a depression or re-entrant or in thick vegetation) so take heart those about to be criticised - you are not alone.

Munster Championships, Knockaphunta Oct17/18 1987
Map: Laverty photogrammetry not supported by adequate ground survey. Turbary (peat cutting) symbol not correct- it looks like a contour. Undergrowth screen on open ground was not warranted - the difference between it and neighbouring terrain was not apparent and the symbol used hid detail.
Planning: Codes switched on two of the A relay courses The A Relay should have been declared null and void. A control was too near the edge of the map (relay). One control, at least, had a code marked on the flag which was incorrect (the real code was hanging down inside). Many dog legs were on the shorter relay courses due to the impassibility of the wood. On Day one a lot of courses were given a route choice across a dangerous marsh which was not taped off- the notice at the start about wet marshes was inadequate if it was referring to this particular boghole.
Organisation: Some late entries refused- the people were given entry on the day but were classed as "non-competitive" . This is just plain stupid. Orienteering is not so big in Ireland that organisers cannot afford to be a little bit flexible - as most are. These organisers did not discharge their responsibility to the sport - it was their duty to find the best orienteers in each class on that day.

Leinster Championships, Devils Glen Nov1, 1987
Late entries were subject to a severe £2 penalty. However, on the bright side, entries only closed 10 days before the event. This was one of a number of events which featured the sending out of control cards before the event without control descriptions. Many (most?) people like to write the descriptions on the card before they go out, and so had to preserve this blank card for weeks until it was needed. Surely organisers can send out the descriptions as well - I don't think that any significant advantage could be gained by unscrupulous competitors.
The Novice course was of M21A standard - the first control sent unsuspecting novices straight into the steep sided Devils Glen itself to find a crag and the rest of the course was of a supreme technical difficulty. Novice courses should be easy with mostly line feature controls - a few easy point features may be introduced towards the end. There should be a long and a short course. These courses are different from Wayfaring, which should be confined to pram-pushing terrain and should visit the scenic parts of the area.
The CISM map was great, but there is still at least one area (directly N of Glanmore Castle) in which the contours go in the wrong direction. A lapse in mostly good planning brought most courses through this.

Claravale, 8 Nov 1987 The undermanned organisers did well here in appalling conditions, with good planning on a great map. There should, of course, have been a pre-start for the mastermaps but Pat Healy performed a superhuman task here in getting people going, when most seemed to arrive late- I doubt whether anyone else could have managed. Two controls were sited on map errors. One was on a knoll shown on the top of a break in slope on the map, while the marker was definitely lower, on the main steep slope. Nearer the finish, in lower Clarabeg wood,
a control was stuck down at the bottom of a briar infested depression. On the map the depression was shown as being at the end of a bank - however, the bank in reality clearly continued much further downhill. The hiding of the marker accentuated the map error.

Irish 2 Day, Inch 14 November 1987
Everybody enjoyed themselves immensely. My favourite event for years. A thank-you too to the organisers who were able to accomodate a moron (me) who miscalculated his start time by an hour.
Irish 2 Day, Glengarriff 15 November 1987 The best feature of this event was the classic 'walk to the start' - Lady Bantry's lookout. The planning however was diabolical. It clearly transgressed the basic concept that orienteering should be enjoyable. Neither was it any sort of test of people's navigational abilities. The level of non-finishers and those over 2 hours was unacceptably high(see also the winning times below). In the wood, the map was simply not adequate and the position of controls did not recognise this, especially for most courses near the finish.

The map features a tag-less crag symbol - this is OK on a steep slope, where there is no ambiguity about which way a crag is facing. However, when this symbol is placed in the middle (yes, the middle) of a spur, parallel to its length and then used as a control site in an area of dense undergrowth the exercise is reduced to the level of farce.

Ballinastoe, 13 Dec 1987 Classic Treasure Hunt planning saw the old, the sick and the handicapped led into fight to look for various ridiculous controls. The M21A course featured an interesting paradox - if that control on the crag near Djouce summit was correct, then the one in the Irish 2 Day a few years ago, marked on the same feature but placed 50m uphill on a smaller crag, must have been wrong. Or is it vice versa? A nearby control was laughingly referred to in the descriptions as a crag - steep incline in a heather-concealed river bed would have been more accurate. Again, as is characteristic, the technical error was wildly accentuated by the hidden position of the control flag.

General: A disturbing practice featured at a recent event is that of witholding cards from people who, for instance, hadn't paid their late entry fee. The organiser's job is not to stop people orienteering but to encourage as many people as possible to participate.
Planners are having patchy success in predicting winning times. Compare these Winning Times for some recent events:

Class	Recc.	MOC 87	LOC 87	Glen	Class	Recc.	MOC 87	LOC 87	Glen
M10	22	30	22	19	W10	22	38	22	22
M11	30	28	15	14	W11	27	26	23	14
M13	40	36	26	35	W13.....32		33	33	33
M15	50	44	48	47	W15	40	45	31	55
M17	60	61	86	**113**	W17	50	42	55	77
M19	75	53	**112**	**113**	W19	55	**109**	**87**	**103**
M21E	90	*67*	97	119	W21E	70	71	91	**101**
M21A	85	81	103	**115**	W21A	65	83	**92**	**104**
M35	75	64	**104**	**103**	W35	60	68	**89**	**113**
M40	70	62	80	94	W40	55	62	**100**	**89**
M45	65	59	60	**100**	W45	50	63	**96**	**113**
M50	60	67	76	**109**	W50	47			
M55	57	55	74	**125**	W55	47	75	103	
M60	55	60			W60	45			

Comments - Recommended times are BOF. Times that were too long are in **bold** type i.e. Leinster male and Glengarriff male and female veterans. The only winning time that was much too fast was the Munster M21E. This perpetuates the pattern of planners making this course too short and others (who are less well able to cope) too long.

Eoin Rothery

A STITCH IN TIME : THE 3rd IOA DEVELOPMENT CONFERENCE

Billed as one of the most important events in the current development of the Irish Orienteering Association, the third IOA Development Conference at the Ashling Hotel in Dublin on January 30th should have got both more publicity and more support. The three-hour time limit imposed on the proceedings would have been well and truly exceeded if more people had turned up, however, and the format was a useful one.

The meeting was convened by Connacht Chairman Frank Ryan (Western Eagles) who referred to a number of topics which the participants might consider under the three broad headings of (i) Participation, Coaching and General development; (ii) Competitions and Mapping; and (iii) The Pursuit of Excellence. The meeting broke up into three groups chaired by Frank Cunnane of Cork Orienteers (Munster Chairman), Pat Healy of Curragh OC (IOA Mapping Officer) and Aonghus ÓCléirigh of Curragh OC, the current Irish Men's Champion.

After an hour or so discussing their chosen topic the meeting reconvened as a whole and the three Chairmen reported on the deliberations of the various groups. There are plans to publish detailed reports by the Chairmen, but in the meantime here are the salient points:

Pursuit of Excellence:

Aonghus recommended that any orienteer with aspirations should join an athletic club for speed/endurance training: the similarities between athletics and orienteering are greater than the differences. For technique training herecommended that we use a lot of events for training rather than as competition and that we try to do some specific O-training for fitness at least once a week: running in the terrain. A systematic method of race analysis and post mortems after events are important, especially for juniors. The existence of a Squad with identity and a squad leader is important for success as a National team. Club, regional and National coaches should be trained. Good performance at smaller events is a prerequisite for success at major competitions: achievement comes mainly as a result of effort.

Mapping and Competition:

Pat announced plans for an Advanced Mapping Course in October 1988 and a General Mapping Course at Cahir, Co. Tipperary on 18-19 February 1989. For major competitions the controller should be appointed two years in advance of the competition and should have an input into area selection and map production. Tenders could be invited for map production for major events (IOC and regional championships) if the organising club was not in a position do do it themselves. All invoices, except survey expenses and similar items, should be channelled through IOA. Dormant areas should be investigated and reallocated to other clubs in the region if necessary.

General Development:

Frank Cunnane told us that professional advice on sponsorship, fundraising and the media image of orienteering should be obtained, possibly with the help of a grant from IOF, and that the social-unit aspect of the club should be emphasised more. Immediate aims should be to adopt particular schools and to get more people involved in organising, planning and administration. Orienteering should be encouraged to move into "no-O" areas, people should be on hand at events to help beginners, event standards should be published and enforced, and guidelines produced for planners as regards course accuracy, length etc.

A general discussion followed but it remains to be seen whether much will come of the meeting: the promise of the 1984 and 1985 was not fulfilled, largely because the lofty ideals fell to the same small group of already overworked voluntary officials to implement and because the IOA has no effective sanction or sufficient authority to carry out policy or introduce changes if the clubs or individual orienteers are unwilling to comply readily.

Representatives of eleven of the twenty six IOA-affiliated clubs attended.

John McCullough.

The Scientific Group of the IOF invites for:

3rd INTERNATIONAL SYMPOSIUM

for

RESEARCH IN ORIENTEERING

Orienteering between Leisure and Competition

2.–4. August 1988, Tiglin, Ashford, Co Wicklow, Ireland

Topics: Medical, psychological, sociological, and ecological aspects of Orienteering

Preliminary themes:

- Education for Orienteering – Education through Orienteering
- Orienteering with special target groups: Orienteering with disabled
- Suitability of Orienteering as a recreational sport
- Compatibility of Orienteering and ecology
- Physiological, psychological and sociological factors, affecting the participation of women in orienteering
- The position of orienteering in a changing world of sports

IRISH ORIENTEERING CHAMPIONSHIPS 1988

Well, IOC time is coming around again and this year eager orienteers venture northwards to Sligo's beautiful Yeats' Country. On the south-eastern shore of Lough Gill, set obtrusively against the sky, are the penultimate end of the Ox Mountains where they are at their most rugged. This is only the second time that this prestigeous event has come to Connaught and it is ironic that the venues, although over one hundred miles apart, are both called Killary, and indeed have some similarity in terrain types.

Killary Mountain rises 300 m from Lough Gill's perpetually tranquil shoreline and is circumvented by sloping Slish Wood. The area is undulating, steep, craggy and carpeted by sometimes high, stubborn heather. This map will complete a trio, together with Union Wood and Ballygawley, linked linearly across. Eventually it is proposed to extend this unique arrangement with the addition of two further adjoining areas. This should make Sligo an attractive location for the future training of the National Squad, given the high level of complexity, physical toughness and diversity of terrain the area affords.

As we leave the rocky Ox highlands and journey south the road takes us through a rugged landscape of towering mountains, island-dotted lakes, hollow lands and hilly lands, little villages and fields, and friendly people which inspired W.B. Yeats to write some of his finest works. One can scarcely travel but a single mile through this character-steeped region without stumbling upon some placename, landmark, building or town which hasn't found its way into his writings and consequently the annals of international literature.

As we leave behind the place where Dooney Rock commands a stunning view over island-studded Lough Gill and its most famed occupant, Innisfree, and journey south, the road takes us past still more little towns overawed by still more mountains in north Roscommon and south Sligo where little farms and expansive forests rest on the slopes. Below these slopes is Boyle and the Forest Park there is the venue for the IOC Relay. This forest is flat and conducive to fast orienteering.

I extend a warm welcome on behalf of Connaught orienteers to what I hope will be an enjoyable Irish Championships.

Fedreic Higgins,
Mapper.

EASTINGS

LEINSTER AUTUMN LEAGUE

Gentle reader please allow for the fact that these notes are written in early January but will probably not appear before your eyes until February. Hopefully the last league event was held on 14th February when the Pine Forest map made its debut. Hopefully the promised results from the 4th event at Clara-Lara arrived in time to be reckoned with the other five. The League was extended into 1988 in order to provide the six events originally promised. Apologies are extended to any comptetior, due to changed class in 1988, who was inconvenienced by this extension. Any suggestions as to the future running of a Leinster League would be most gratefully received.

LEINSTER IN 1988

The brightest star in the firmanent in the Emerald and Continental ,whose light threatens to abscure everything else. For years the organisation of events in the region has depended on the same small circle of people. The Emerald & Continental will absorb and consume the engergies of this trusty band. After August, a new second line of club members will need to come forward in order to organize an adequate programme of events. If not, the enthusiast may well have to penetrate deepest Munster, cross the Shannon or head for the far North in search of competition.

SELECTORS

The Leinster Region has had no senior selectors since the resignation of Pat Flanagan and Diana Large, several months ago. Particular thanks is due to Diana Large who performed this onerous task for a considerable length of time. By the time of publication of T10 no. 33 it is to be hoped that two people have agreed to become selectors. This should be of particular concern to all those aspirants to selection for the Continental Cup.

ENDYMION AWARD

Congradulations to Trim-0 on the successful running of their first event at Cootehill. It is heartening to witness the coming-of-age of a vigoulous new club in Leinster. Thanks to ECO for the Leinster Championships at Devil's Glen and to GEN for the League event at Ballinastoe. The 3-KOC event at Phoenix Park an 26th December was marked by the appearance of some splendid fancy dress and of a generous gentleman dispensing lots of whiskey.....a splendid innovation.

GEN NEWS ..... GEN NEWS.....

Much water has flown under the bridge since your last communique...

- Your AGM has taken place, with considerable enjoyment on the part of those present. The formal proceedings were purposely kept short, but the club must recognise that some serious business lies ahead.... mapping, development of the club, more member involvement in both orienteering and social activities will all be addressed by the committee in the coming weeks.
- Events at Events:
  - at Ballinastoe, ably organised by John O'Leary, we thought Brendan Balfe had become an honorary member, as his well-known voice introduced a series of topical tunes through the courtesy of Peadar Dempsey
  - at Belfield, where Paget and Andrew showed their regression to the school-boy state by partaking in the two legged race (and being throughly beaten)
  - at Newbridge, where you scribe proved conclusively that the ditches are navigable .... to swimmers, that is
  - to Hollywood (substituting pro-tem for a Carrigolligan score event, to be run in March) where the love of Tutty's proved irresistible yet again to a hard-core of club members

Concluding on the serious note which introduced the news, the development conference on January 30 touched on a series of challenges for the sport: GEN is certainly not proof against these, and must look to strengthening its hand in the coming months.

Christmas Party A great success. Thanks to Paddy O'Brien for dampening the high spirits.

Everest A belated welcome back from the North Col to our hill running members Frank Nugent and Shay Nolan who were on the Irish Changtse Expetidition led by Joss Lynam. Watch out for forthcoming lectures from the team, probably in Trinity - highly recommended.

AGM A wintry night saw the faithful turn up at St. Tiernan's. Much the same team was returned - Rosaleen Rice Chairperson, Deirdre Lewis Secretary, Jimmy O'Brien Treasurer (How could we let these people go after such a good job last year). There are a couple of vacancies on the committee - remember that all committee meetings are open to all members, so why not come along if you know when one is on? We welcome Marcus Geoghegan to the committee, who will be responsible for Newsletter distribution.

Technique Training It is hoped to hold a series of technical sessions based on two new publications from across the water. Meanwhile members are encouraged to mark their routes on maps they have competed on and bring them to any experienced members for (helpful) discussion - Eoin Rothery, Niall Rice and Deirdre NiChallanain are currently available. Coaching will also be available from these and other experienced members at Grade 2 events - shadowing etc. Please approach.

Wild Geese A fond farewell and an assurance of a welcome waiting their return to Orla, Tara, Geraldine, Catherine, Pat, Peter, Eilis, John, Alan B., Alan McG., Jayne and Wendy.

Events Help needed Grade 1-Claravale Feb 21, Grade 1-Curracloe Apr10 Paddy O'Brien 933059 is the organiser for Claravale.
General Enquiries - Deirdre Lewis 19 Kilgarron Park, Enniskerry, Co. Wicklow, 862389 - but this address is to change after March 17.

ORIENTEERING FIXTURES

February

20 NI SCORE CHAMPIONSHIPS **Cairn Wood**, Dundonald, Co. Down. LVO organised. New map. GR J 45 76. Followed by NIOA AGM.

21 CLARAVALE — Laragh, Co. Wicklow. AJAX Grade 1 event. GR T 16 93.

21 WALSHTOWN WOOD — Midleton, Co. Cork. GR W 68 91. Cork O Grade 1 event, Cork Championships. New map. Pre-entry by 1 February to Mary Curran (021-292480).

27 CONNACHT CHAMPIONSHIPS Individual at **Finner** sand dunes, Bundoran, Co. Donegal. GR G 84 60. Entry form enclosed. Entries close 12.2.88.

28 BALLYVORISHEEN — Carrignavar, Co. Cork. CorkO Grade 2 event. Final Cork Schools League event. GR W 69 85.

28 KILSHEELAN — Co. Tipperary. WATO Munster League event. GR S 27 22.

28 CONNACHT RELAY CHAMPIONSHIPS **Union Wood**, Collooney, Co. Sligo. Excellent forest used for last year's Interprovincial match. GR G 69 29.

March

4 WARRENSCOURT — Kilmurry, Co. Cork. UCCO night event. GR W 38 67.

6 CARRICKGOLLIGAN — near Kilternan, Co. Dublin. GEN Grade 3. GR O 22 20.

6 GLENBOWER — Co. Cork. Cork O Grade 3 event. GR W 99 76.

6 INCH — Co. Kerry. Fantastic area of sand dunes used for part of '87 Two Day. Dingle Peninsula, the home of 'Clean-O'. KO League event. GR Q 65 01.

12 CASTLE ARCHDALE — Co. Fermanagh. FermO Ladder & Colour course event. Forest park with hills. Good running. GR H 17 58.

13 GLENCAP COMMONS — Sugarloaf Mountain, Co. Wicklow. UCDO Grade 1 event called "Rocky II". GR O 25 13.

13 KILAVULLEN — near Fermoy, Co. Cork. BVOC Grade 2 event. GR W 65 95.

13 PORTUMNA — Co. Galway. Forest park beside the Shannon. WEO score event. GR M 84 03.

17 KILWORTH — Co. Cork. Southern Orienteers Grade 2 St. Patrick's Day event. GR R 85 05.

19-20 MUNSTER O-RINGEN: **Glengarriff**, Co. Cork. Cork O. GR V 95 56.

26 GARVAGH — Co. Derry. NWOC Ladder & Colour event. GR C 83 15.

27 CASTLETIMON — near Brittas Bay, Co. Wicklow. SET Grade 2. New map. GR T 29 86.

27 MUCKROSS — Killarney, Co. Kerry. KO Grade 2 event. GR V 97 85.

April

1-4 JAN KJELLSTROM TROPHY near Chichester, Sussex. Training, Two-day Individual, Relay. Entry closed January 31.

3 PORTLAW — Co. Waterford. WATO Grade 2 Easter Sunday event. Take in Brockagh and pretend it's the JK. GR S 44 15.

4 BROCKAGH — Laragh, Co. Wicklow. GEN score event on Easter Monday. GR T 12 97.

10 ARDGLASS — Midleton, Co. Cork. Cork O Grade 2 event. GR W 89 85.

10 HAZEL WOOD — SE of Sligo town. SO Grade 2 event. GR G 72 35.

10 THE RAVEN — Curraclue, Co. Wexford. AJAX event on an outstanding area of forested sand dunes. GR T 12 27.

17 AHERLOW — Co. Tipperary. LeeO Grade 2 event on the northern slopes of the Galtees. GR R 89 27.

17 CARRICK MOUNTAIN — Glenealy, Co. Wicklow. 3ROC Grade 1 event, entry on day. GR T 23 93.

23-24 IRISH CHAMPIONSHIPS: Individual at Slish Wood, Collooney, Co. Sligo (GR G 75 31); Relay at Lough Key, Boyle, Co. Roscommon (GR G 84 03). Entry form enclosed. Entries close 13.3.88, late entries to 5.4.88.

30 CASTLEWELLAN — Co. Down. LVO Ladder and Colour event. GR J 32 37.

May

7-8 BRITISH CHAMPIONSHIPS Lake District, NE England.

8 CROGHAN KINSELLA — near Woodenbridge, south Co. Wicklow. SET Grade 2 event. GR T 14 73.

8 MALLABRACKA — near Dunmanway, Co. Cork. LeeO Grade 2 event.

8 WOODLAWN — Athenry, Co. Galway. Fast and flat. WEO event. Good relay country. GR M 66 31.

14 NI RELAY CHAMPIONSHIPS **Learmount**, Co. Derry. NWOC organised event on a new map. GR C 53 02.

15 CAPPANALEA — Killorglin, Co. Kerry. KO Grade 1 event. GR V 72 88. Open mountain with lakes, crags and bog.

15 ISLAND WOOD — Newmarket, Co. Cork. BVOC Grade 2 event. GR R 37 05.

NOTE: Events listed in *italics* are for information only and do not form part of the Irish fixture list. Only events run by clubs affiliated to the Irish Orienteering Association and registered, with competent officials, are covered by insurance.

Always check the Weekend Sports listings in the newspapers if you are in any doubt about whether an event is going ahead as planned, or contact the organisers.

THREE ROCK ORIENTEERING CLUB

Secretary: John Downey, 117 Westbury, Stillorgan, Co. Dublin (01-8318229).

A most succcessful International Christmas Score Event was held in the **Phoenix Park** on St. Stephen's Day: thanks to all the Merry Men who made it such a pleasant day. Next year we should be back in the hills again with the new **Pine Forest** map which Justin May is just finishing off. We often lose some controls in the Phoenix Park, but imagine our surprise to find an O-signpost still attached to a lamp-post there more than a month after the event, still intact. Perhaps the signs aren't eye-catching enough?

Congratulations to Ronan Cleary and Julie Martindale on their recent engagement. Ronan expects to be running for the club at the JK Relays but Julie may be forming part of a crack LOK team with Suzanne Clarke and Hilary Bloor for an assault on the Womens title.

Congratulations also to David and Patricia Larkin (née Murphy) on the birth of their son Peter (M1).

Nuala Creagh is looking for help to run the last Leineter League event of the current series at **Pine Forest** on Valentine's Day, February 14th. Contact her at 934982. On the same note, Brian Hollinshead is seeking manpower (personpower?) to run Day 1 of the **Emerald International** on July 30th. Don't leave it to the others like you did before...come and help. Ring Brian at 881456.

On the fashion front orders for the new batch of **club T-shirts** and O-suits are being taken by Brian Hollinshead while Trina Cleary (904177) wants your vital statistics if you want one of the coveted red and black **O-suits**. She also wants your annual subscription! Her address is 16 Dodder Park Road, Rathfarnham, Dublin 14.

Training continues, sharing with Setanta, each Tuesday evening from 6.30 to 8.00 pm at Dundrum Family Recreation Centre, Ballinteer. Come along - it costs nothing extra! The numbers are growing weekly so get in on the ground floor. DFRC is near the terminus of the 48A bus.

Training events will be starting again soon on Saturday mornings in convenient forests and other mapped areas: more details will follow shortly.

RELAYS: If you are going to the Connacht Champs, the JK, the Irish Champs, the NI Relays, the Leinster Relays or the Munster Champs and wish to be included on a relay team, please give your name to John McCullough (378819) before the entry date, and give him the appropriate fee. This is to ensure that you will get a run at the event.

STOP PRESS: AGM Report: Liam Convery is the new club Chairman, John Downey Secretary, Trina Cleary Treasurer, Peter Glanville Juniors, Brian Hollinshead Events. New Mapping Officer is Ted McGrath, new Training Officer John McCullough. Committee: Ian MacNeill, Vera Murtagh.

setanta orienteers

Enquiries to: Brian Doolan, 103 Jamestown Road, Inchicore, Dublin 8. Ph.534453.

LEINSTER LEAGUE POINTS....

After 4 events - Croghan Kinsella, Glendalough, Hollywood and Clara, the scores of club members are as follows: M13 A.Flynn 28, M.O'Neill 1; M19 A.Young 9; M21A P.Smyth 9, D.Deasy 9, K.Walsh 6, S.Walsh 5, N.Farrell 3, J.McElhinney 2; M21B A.Green 13, M.O'Keeffe 5; M35 P.Redmond 26; M40 B.Buckley 26, B.Doolan 8; M45 A.Flegg 30, J.Bent 23; M50 C.Dunlop 30, P.Walsh 19; W13 M.O'Neill 2, K.O'Hara 1; W21B A.Ryan 5, M.O'Neill 2; W35 M.McElhinney 18, P.Redmond 11; W40 K.Bent 39, F. White 7; W45 J.Flegg 19.

TRAINING....

Every Tuesday at 6.30 to 8.00 pm. in D.F.R.C. Ballinteer. Short runs and techique training. Take part, it helps to improve performance. All welcome.

HELL FIRE CLUB EVENT...

At short notice the Club ran a very successful score event at Kilakee/Hell Fire Club on 6th December. This replaced the oft postposed 3 ROC's Pine Forest event. The Hell Fire Club might be the ideal venue for a night event - should one ever be organised. How about combining it with celebrating the summer solstice in this the year of the Millennium ? Competitors could dance around the ruined Hell Fire Club in white sheets like the druids of old just as the sun rose. Well its just an idea....

FUTURE CLUB EVENTS...

Hell Fire Club - 7th February - a novel event - SPRINT-O - where the courses will be half their usual lengths. With competitors running faster the pressure will be on navigational skills.
Castletimon - 27th March (new map); Croghan Kinsella - 22nd May; and far away in the mists of time, the Leinster Championships in November.

CONGRATULATIONS...

Belated congratulations to Alan Young (M19) and Aubrey Flegg (M45) on their Leinster Championship wins.
...And to Mary McElhinney on her win in the Ladies Section of the 1987 Hill Running League.

CLUB PROFILE...

Since the O'Neill Family were first introduced to the sport on National O Day two years ago they have attended as many events as possible. Billy and Frances are not competitive and sensibly run courses that suit on the day. Billy enjoys the technical side having navigated in motor sports, though getting fit was a gradual process. Frances, a jogger and yoga addict, had no problem with fitness though found map reading difficult but has slowly mastered the technique. She feels that the technical demands, rather than the physical ones, may intimidate some adults from trying the sport. Mark and Shane are competitive in M15 and M13. Membership of Mark's school club, De La Salle Churchtown, has hightened interest and provided essential training. Maeve, who is 9, runs with either parent. The O'Neills see the unique value of orienteering in its capacity to cater for all the family at the one time. Apart from the actual participation the post-mortems provide opportunity for discussion and a chance for parents to learn from their children. Sundays are now real family days.

ZHANGZI LECTURES

Keep an eye open for a lecture on the Irish Zhangzi Expedition: there have been lectures in Dublin and there are plans for Belfast and Cork. Joss Lynam gave a most interesting talk, bedevilled by projector breakdowns, at the RDS in Dublin recently and will do the same for any group prepared to pay for it. Perhaps orienteers would be interested?

IRISH CHAMPS CARAVANS

More accommodation is available for the Irish Championships: there are mobile homes for rent at Lough Key Forest Park outside Boyle, Co. Roscommon, and a site for touring caravans. Lough Key is the venue for the Relay competition but you won't be disqualified by staying there, say the organisers.

Details from Lakeland Tourism, Mullingar.

PERMANENT COURSES

A new booklet published by the International Orienteering Federation on the introduction of Permanent Orienteering Courses is available from IOA, price £1.50. The booklet contains several examples of courses and maps together with instructions on how to go about organising a permanent course and the benefits to be derived from them.

Contact Faith White, The Lake House, Crookedwood, Mullingar, Co. Westmeath.

1988 JUNIOR NEWSLETTER

Retiring IOA Junior Affairs Officer Nuala Creagh has produced another excellent Junior Newsletter for members of the Junior Squad and other interested parties. Features include articles on training by Aonghus O'Cleirigh and Wally Young, accounts of international events, and hints on how to map your school.

The Newsletter can be obtained from your club or from Nuala Creagh (01-934962).

HILL RUNNING AGAIN

The imminent (almost) return of the bright evenings heralds the start of another hill-running season (groan!). To get the thing going the IHRA Annual General Meeting will be on Thursday 27th February at St. Tiernan's School, Parkvale, Sandyford Road, Dublin 16 at 8 p.m. The IHRA fixture list is published elsewhere in this issue. Try it - it's great fitness training for orienteering, and you might even enjoy it. This year the evening races are being run on Wednesdays from May 4th to July 27th.

The Irish Championships will be decided over races to be run in each province.

But what happened the infamous Two Peaks race and the Dolly Parton Trophy?

INTERPROVINCIAL CHANGE

In a break with the practice of years gone by the teams for this year's Interprovincial match at the Northern Ireland Championships in September will include an Ulster team rather than an NI team: are there some excellent orienteers in Cavan, Monaghan and Donegal who are about to take the O-world by storm?

TIGLIN
adventure centre

TIGLIN ADVENTURE CENTRE

Ashford, Co. Wicklow, Ireland.

Vacancies exist for (a) Mountaineering Instructor (b) Canoeing Instructor.

Both posts are permanent, subject to a 6 month probationary period.

Successful applicants will be of a calibre appropriate to running more advanced courses in their respective areas of specialization and will have the necessary qualifications and experience to lead parties taking part, at a lower level, in the other activity and/or orienteering.

Initial salary is based on an incremental scale starting in the IR£8,000 to IR£9,000 range with extra allowances for qualifications such as M.I.C., I.C.U. or B.C.U. Instructor, Dip. in O.E. etc.

Free accommodation and meals.

The Centre is committed to the principle of Equal Opportunity.

Apply in writing to the above address.

WALKING IN WICKLOW

A new source of accommodation has opened in Baltinglass, Co. Wicklow: Michael Breathnach has started a new hostel in the old courthouse in the town and orienteers and similar outdoor types are welcome to stay.

Contact Michael to 0404-2356 or at home at 'Arraglen', 157 Greenlea Rd., Terenure, Dublin 6 (01-905497).

Sat	15/10	IAAF World Cup (Keswick, England)					

Abbreviations

IC = Irish Championship Race. Best four races to count. Runners must do 1 Long Race, 1 Medium Race, 1 Short Race and 1 other race.
L = NEW BALANCE LEAGUE. Best seven races of twelve to count.
IF = Inter Firm League. Best three races of four to count.
AIC = All-Ireland Championship Race. Runners must do all three races. Slieve Bernagh also incorporates the Annual Challenge Race between the Northern Ireland Fell Running Association and the Irish Hill Running Association (anyone can compete for Ireland - the first six runners score).

S = Winning time less than forty minutes.
M = Winning time between forty and eighty minutes.
L = Winning more than eighty minutes.

A = 250 feet or more of climb per race mile.
B = Less than 250 feet of climb per race mile.

Race Information Notes: Starts & Race Records

1. **Three Peaks:** Southern end of Bray Promenade, Co. Wicklow. NEW RACE.
2. **Aughavanagh:** Aughavanagh, Co. Wicklow (12 miles south of Laragh Village). Record: G. Mc Grath, 121.00 mins.
3. **Millenium Race:** Hell Fire Forest Car Park, Kilakee, near Rathfarnham, Co. Dublin. NEW RACE.
4. **Sugarloaf:** Calary Filling Station, 2.5 miles from Kilmacanogue on Roundwood Road, Co. Wicklow. Record: G. Mc Grath - 17.55 mins.
5. **Bray Head:** Southern end of Bray Promenade, Co. Wicklow. Record: Robin Bryson - 23.34 mins.
6. **Slieve Bernagh:** Fofanny Dam, off Hilltown/Newcastle Road, Co. Down. Record: I. Parke - 58.53 mins.
7. **The Scalp:** Dublin Sport Hotel, Kilternan, Co. Dublin. Record: R. Bryson - 23.18 mins.
8. **Djouce:** Lake Car Park, Djouce Woods, Co. Wicklow (5 miles south of Enniskerry). Record: P. Farrelly - 36.13 mins.
9. **Fairy Chase:** Ticknock Car Park, near Lamb Doyle's, Sandyford, Co. Dublin. Record: R. Bryson - 22.12 mins.
10. **Seefingan:** Stone Cross, Ballinascorney, Co. Dublin (3 miles south of Bridget Burke's Pub, Tallaght). Record: A. O'Cleirigh - 63.31 mins.
11. **Carrauntoohil:** Breanlee, Lough Acoose, Glencar, Co. Kerry (16 miles from Killarney). Record: D. Barry - 118.23 mins

S. Kershaw & D. Feeney lost cards. 100 points.

Thanks to Ronan Cleary, Nora Lee, Laurence Doddy, Brian Hollinshead, Leo Donovan, Jill, Paddy & Helen Keane, Con Carroll, Brian McElduff, Larry Roe and all the others who made the event a success.

FANCY DRESS PRIZE: The special Wombat Award goes to Con 'Dame Edna' Carroll and his speaking umbrella. A subscription to CompassSport is winging its way to you, courtesy of Sanity Clause.

Welcome home to all the expatriates who made it to this International Score Event: we had competitors from England, Switzerland, France, Austria, Germany, USA, Galway and Limerick.

J. McCullough, Organiser.

BRITISH ORIENTEERING FEDERATION	Riversdale, Dale Road North, Darley Dale, Matlock, Derbyshire DE4 2HX (03-0629-734042).

ADVANCED ORIENTEERING

TECHNIQUE TRAINING

WORKSHEETS

FOR

ORIENTEERS!

- ✻ Here is a new Scandinavian system that enables you to learn and teach advanced O-techniques to improve your orienteering methods.
- ✻ This unique series of worksheets simplifies the instruction of orienteering techniques to orienteers who already posess some experience in the sport.
- ✻ The 16 worksheets contain 94 real map parts printed in 6 colours. The maps depict many different types of terrain.
- ✻ The text and exercises were prepared in co-operation with experienced instructors and top Norwegian orienteers, including 2 time World Champion Egil Johansen of Norway.
- ✻ Special overhead projection sets to accompany the series are also available. These are ideal for group instruction.
- ✻ Also available is «The Answer book» (for individual learning purposes) or the «Answer book & Instructors Guide» (for group or class instructors).
- ✻ The Worksheets are delivered in an attractive and practical colour folder, which has space for marks allocation.
