the Irish Orienteer

NUMBER 10 MARCH 1984 75 pence

THE IRISH ORIENTEER NO. 10 MARCH 1984 ISSN 0790-1194

The "Irish Orienteer" is published at two-monthly intervals and is obtainable through all Irish orienteering clubs' secretaries. All material concerning orienteering, especially photographs, will be gratefully received by the editor, John McCullough, 34 Dun Emer Drive, Sandyford Road, Dublin 16.

The next issue of the Irish Orienteer will be published in May 1984. Copy should reach the editor not later than 27 April 1984. The copy date is the latest date for the receipt of camera-ready copy.

A charge of IR£5.00 per page is made for the inclusion of results.

The opinions expressed in the Irish Orienteer are not necessarily tho of the editor or of any orienteering organisation. While every effort is made to ensure the accuracy of the information contained in the Irish Orienteer, no responsibility can be accepted for errors, omissions, or their consequences.

The copy dates for the 1984 editions are:

Issue No.	Date	Copy Date	Issue No.	Date	Copy Date
11	May '84	27 Apr '84	14	Nov '84	26 Oct '84
12	Jul '84	22 Jun '84	15	Jan '85	21 Dec '84
13	Sept '84	24 Aug '84			

I knew his name, of course. The child prodigy. The white hope. In May 1977 I met him at the start of a club event in the Glen of Imaal. He said I knew his brother.

Since then we have run, cycled, driven, sailed, flown and walked innumerable miles together, visited hundreds of controlsites at home and abroad, and worked as a team at anything from repairing punctures to organising international competitions, from running in the mountains to producing this magazine.

Now, however, he has to leave: the Irish Orienteering Association and Three Rock OC are losing their Treasurer, 'The Irish Orienteer' a financial controller, 'CompassSport' a distributor, and all of us, a friend.

Ronan Cleary is being posted to New York by his employers (it's cheaper than flying) to work for three years. In the land of the free, where everything - including life - is cheap, orienteering will receive an unexpected boost. Can IOA take over USOF?

It is a measure of the amount of work done by Ronan that a large hole is being left in the sport here - the enthusiasm, innovation and hard work he brought to orienteering - as to everything else - is an example to us all.

On behalf of all Irish orienteers, Ronan, thanks, and the very best of luck.

J.McC.

KILLARY - I.O.C. '84

A number of things will strike competitors as unusual about the maps and terrain for IOC '84. None should cause alarm even to the youngest, but it is as well to be prepared for them.

First, the area is large - at over 11 square kilometres it is 25% larger than Glencree - and the map will be nearly 50cm long, though only 18cm from top to bottom. There will be no legend on the map. Copies of the legend will be sent out with the control cards and further copies will be available at Registration. The legend follows international specifications. The only slight variations are the use of only one shade of yellow (50%) since all open ground - farm land and open mountain - is fast run, and the use of only three grades of runnability: full green for fight, light green for slow run and white for fast run.

The most important difference from most O-maps is that the North-South lines are NOT perpendicular to the bottom edge, but are accross the map at an angle of about 50° to the edge.

The terrain is almost totally open. Less than 5% is tree-covered, and this, apart from a small amount of rhododendron, is either fast or slow run. The open terrain is all runnable, the restrictions to speed being numerous crags and boulders and some very steep mountain slopes. Crags and boulders less than 2.5-3.0 metres have been mapped with the larger dot symbol. Many of the crags are marked as dangerous but all crags should be treated with respect. The more junior courses will not traverse the area of dangerous crags.

The boundaries of the area are at or near sea-level, and the highest point is at 300 metres O.D. Consequently, in spite of the start being at high level, there will be considerable climb on all the longer courses. The area covers a number of prominent hills with very extensive contour detail- in fact the contour detail is by far the most important orienteering feature. Tracks, paths and walls are confined to the perimeter of the area.

After wet weather the whole area becomes very marshy. Because of this, only significant and deep marshes have been mapped, and these in general also contain marsh grass.

Power lines are not mapped as thay only occur in areas where there is already considerable line detail. Single trees also have not been mapped.

Six mappers were involved in the mapping of Killary, though Aonghus OCleirigh was responsible for more than half. Great efforts were made to ensure that the the mapping was consistent, each section being checked by a member of the mapping team not involved in the original work on it. The area is very exciting and will be an excellent test of orienteering ability - it is very appropriate thet its first test will be Ireland's premier event.

Alan Shaw, Thomond Orienteers.

Letters to the Editor

Sir,

I am from Finland and i am interested in orienteering, Ski-orienteering and to to change ol-maps from different countries. I am trying to get my collection as possible and then i turn to you. I would be very gratitude if you set in your newspaper, that an orienteerer from Finland want change unused maps whit Irishman.

Name and address: Anders W. Nordell,
Smaland,
SF-25700 Kimito,
Finland.

P.S. Write on English.

MUNSTER ORIENTEERING ASSOCIATION AGM REPORT Micheal OhUigin.

When the members of the Munster Orienteering Association, which functions as a regional council for the province, met in Mallow on Sunday, 22 January 1984 for their AGM they could look back with some satisfaction on a good year's orienteering in the province.

There was the very successful Irish Championships in Ballyhourigan, the excellent Munster Championships in Glengarra, and before, after, and between these two the many events in woods big and small, in old familiar ones and shiny (thorny?) new ones.

The proceedings began as usual with the presentation of trophies for the 1983 Munster League, Sean Cotter (Cork O) leading the M21A class and Clare Nuttall (Lee O) best of the W19a's. Despite having run through a few snow showers in a league event an hour or so before in the fine, open, Doneraile Forest Park, the thirty seven who attended soon joined in a lively debate on a variety of issues. This was no doubt encouraged by the good news that expenses were running at just half of last year's level (any chance that Fred's financial feat could beemulated on Budget Day?). The election of Officers and Committee proceeded at a smart pace with the exception of a few hiccoughs over the post of Secretary. Selectors were appointed and the new age-classes welcomed.

There was much discussion about the Munster League which is run annually over eight Grade 2 events, and is open to all orienteers in the province, with classes for the different age groups. It was eventually decided that the League revert to the calendar year, beginning in January 1985, and that no wood be used more than once if at all possible.

It was decided that event fees remain at £1.00 for Seniors and £0.50 for Juniors for 1984. A problem that was not solved was whether all third-level students were Juniors! (Crises of identity?) Another topic on which many and varied views were expressed was the quality of the trophies awarded, and those who wanted more valuable ones won the day. Arrangements were made for a club levy to recoup the expenses of the current year, this levy to be based as usual on the number of members.

Sponsorship by alcoholic drink, tobacco and chemical companies caused some lively exchanges, and the meeting was brought to a close with a reminder about the forthcoming Controllers' and coaching courses.

The Committee elected to run provincial affairs for the thirteen clubs in Munster for 1984 is:

Chairman: Sean Cotter (Cork O), Secretary: Micheal OhUigin (Lee O), Treasurer: Fred Calnan (Cork O), Team Selection Co-ordinator: Fiona McGoldrick (Thomond Orienteers), Fixtures Co-ordinator: Richard Kavanagh (UCCO), PRO: Rory Costello (Kerry O).

PLASSEY ORIENTEERS

Plassey Orienteers have had a very active two months since Christmas. At their AGM in January the following committee was elected: Chairman - David Dunne, Secretary - Mohon Devereux, Treasurer - Michelle Devereux, committee members - Alan Dunne, Brenda Nash and Fiona McGoldrick.

Following the successful beginners orienteering course held in Newport in October, a follow-up course was held at the same venue on January 27/28. David Dunne organised a line event on the Saturday, followed by a lecture on O-techniques, given by Alan Shaw. On Sunday David planned a very good event at Ballyhourigan. The nineteen people who attended the course were satisfied that it had been a worthwhile weekend. The enthusiasm generated caused a rush of entries for the JK, so Plassey are now bringing a bus- there may still be some places. Contact the Devereux at 061-54419.

Plassey held their biggest event to date on February 19 at Foynes - a Grade 2 Munster League event planned by Tim Walshe, organised by Mahon Devereux and controlled by David Dunne, providing a well organised event with interesting courses.

ORGANISERS	WTCI (Working Trial Club of Ireland)
CONTROLLER	P.Lewis
COURSE SETTERS	D.Large, H.Newman
COURSES	D1-12, B1-12 (D=dog, B=bitch)
START TIMES	08.30-13.00hrs
TERRAIN	Undulating stubble

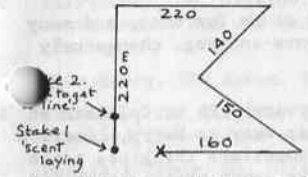
Orienteering received an unexpected boost of publicity when it opened its doors to the canine world at the first U.D. Trial to be held in this country. Having engaged the auspices of an eminent English trial judge and well-known author on the subject, the WTCI discovered to their consternation that they had no-one in their ranks who knew how to lay tracks. Suddenly an idea came to one of them: "Why not get an orienteer to do it?"

And so it was that Hazel and myself found ourselves out on the sports ground behind ha[illegible]ouse, feverishly practicing the art of track-laying, in spite of the fact that neither of us had ever attended a dog trial in our lives.

Our reputation was already dubious from our mapping sorties, and the mystified neighbours looked out in amazement at our antics as we walked "doggedly" with our eyes on our compasses, pace-counting madly, or gazed in fixed fascination at distant trees and chimney pots.

We would start by "laying our scent" around a stake placed in the ground. After much earnest discussion we abandoned the idea of leg-lifting, or its female equivalent, and settled instead for a good scuffle of our hindpaws on the appropriate spot. One of us would then set off, leaving behind on the way a selection of assorted articles such as stones, bottle tops, clothes pegs, etc., the other one would endeavour to follow in the exact track and retrieve all the objects. Needless to say we were without the advantage of smell (although Hazel did her best to remedy this by refusing to wash for ten days), and so we needed to be very accurate, Therefore, the day of the event we were fairly confident of our ability.

At five o'clock on a November morning we were wrenched from our beds and found ourselves travelling by car with our eminent judge, being briefed as we went. 'Have you ever worked with track-layers who used a compass?' I asked tentatively. 'Do you want an honest answer to that question?' he replied. 'Well, once, twenty years ago we had a man who did just that, and I remember the organisers rolling around the field in hysterics'. Our confidence was rapidly deflated and we drove in silence through the gate of a vast, undulating stubble field of some three hundred acres which stretched out of sight in all directions in the grey dawn.



The judge then proceeded to give us an example of the course, which we then had to lay ten times in identical fashion. Here, then, is the first canine orienteering course set in this country (See left). The logistics attached to the mornings work were considerable and quite complicated. The field was out of bounds to everyone and had to be used in an orderly and economical manner. Each dog had to have a new and unspoiled track, and oncea track had been used it was of no further use and became dead ground. There had to be at least 50m between tracks, and so in clockwork fashion we worked our way around the 300 acres. On the hour I would set a track, and help to judge on the half-hour. Meanwhile, Hazel would set her tracks on the half-hour and help to judge on the hour. In this way we were kept busy for the long morning, fortified by breakfast, coffee and hot whiskies, as required.

We discovered that we needed virtually every bit of our 300 acres and at the end had to be very careful not to encroach on 'dead land'. Just as at any event, we had an assorted group of canine orienteers, Some were excellent, following the track and retrieving the article at the end, while others wandered way off-course. Ridiculous though it may seem, a dog which performed well seemed to bolster one's confidence in the ability to set a good course, while one felt really sorry, and partly to blame, for the wayward ones.

(Continued...)

We spent the afternoon being entertained by our canine friends as theyjumped and retrieved and did many other tricks. Finally we repaired to the local hostelry where we had a slap-up meal and excellent wine.

The comments of the judge were favourable: 'Thank you for being excellent learner track-layers who quickly became experts'. However there was an added rider that 'Perhaps by the next time you will be able to throw away your soothers!'(i.e. compasses).

Diana Large, Great Eastern Navigators, Dublin.

(I didn't dare call this "The Nose Have It", or say anything about those vulgar dogs, coarse setters. - Ed.)

Lee orienteers

Greetings from Lee Orienteers-the longest established orienteering club in Munster. Atour Annual General Meeting held recently the following officers were elected: Chairman - Noel Morrish; Secretary - Marie O'Sullivan; Treasurer - Michael Russell; Coach & Fixtures Secretary - Clare Nuttall; Committee - Michael Higgins; Tackle - Tom Meagher & Aidan Walsh; PRO - Mairin Morrish.

By the time these notes have been published (maybe not! Ed.) Lee O will have met the warriors of NWOC at the Leinster Championships, in the second round of the Compass Sport/Irish Orienteer Cup, having already defeated Thomond on a spectacular day in the mountainous Glen of Aherlow. This is a test we have been looking forewadr to for some time. We always have a soft spot for the orienteers from Limavady ever since we first met at the Junior Championship event at Macroom. Memories we have, too, of an inspiring Irish Orienteering Championship at Moydamlaght in the Sperrins, where the lilting voices of the orienteers rose into the blue, blue sky to the celestial accompaniment of saucers of larks in the clear air. Noel Bogle & a chairde Abu - whatever the outcome it will be a happy day for us to meet again our Northern friends.

On January 8th, windswept and weathery old Seefin smiled on us for once, and many orienteers took advantage of the glorious day to run on a contours-and-veg. change-only map , with course set by Miriam Rohan and Pat Long.

An MOA controllers course was organised on Saturday, February 18th at Colaiste an Phiarsaigh, Glanmire. A very representative gathering from as far away as Kerry, Limerick and Tipperary heard Alan Shaw (ThO) expound on the onerous and sometimes thankless tasks of Controllers to ensure, as far as is practically possible, that event organisation and course setting are efficient and fair. Alan was assisted by Frank Martindale (Tipp) who set up a course at Watergrasshill Forest to discover the common errors which may occur at a typical O-event.

We were sad to discover that some parts of Watergrasshill Forest had already fallen to the harvester's axe. Such an amenity for orienteers close to Cork City will be sorely missed.

The young and enthusiastic orienteers of Colaiste an Phiarsaigh and the spanking new Pobal Colaiste Aodan at Dublin Hill have been taken under the umbrella of the experienced Lee O club, and we look foreward to some fun events which will interest and encourage the aspiring orienteers. With the valuable help and guidance of our excellent club coach, Clare Nuttall, the future is assured.

M.Morrish.

HISTORY IN THE MAKING...I WAS THERE!

Are you interested in old O-maps? Copies are available of some of the early maps, which are now of great historical interest, showing the development of Irish O-maps from the first black and white Xerox in 1969 to the five-colour of 1973 and so to the present day.

These maps are available from: Joss Lynam, 7 Sorbonne, Ardilea, Dublin 14, at 20 pence each, the proceeds to go to the IOA International Fund to support the Irish team. Please enclose a large stamped, self-addressed envelope with your order.

1 Ballinahinch, Co. Galway. First (not very successful!) Irish 2-colour map. Lynams, May 1970.

2 Ballinglen, Aughavannagh, Co. Wicklow. B&W Xerox. P.O'Leary, October 1971.

3 Ballinascorney, Co. Dublin. B&W Xerox. P.Shortt, September 1971.

4 Ballinastraw, Co. Wicklow. 2-coloue (3rd?) S.Rothery, December 1970.

5 Ballyward, Co. Wicklow. 4-colour + red roads. No yellow. A.Wolfe & C.Dunlop, Autumn 1972.

6 Ballyward. B&W printed edition.

7 Carrick, Co. Wicklow. 2-colour. M.Lunt, 1971. (The famous "Mare Brambularis" and "Here be Monsters" map).

8 Clarabeg, Co. Wicklow. 5-colour. J.&R.Lynam, Autumn 1978. (Includes interesting J.McCullough mapping errors).

9 Cronybyrne, Co. Wicklow. B&W Xerox. N.Rice, December 1971.

10 Cronybyrne & Ballinastraw. B&W printed. D.Large, Spring 1973.

11 Devil's Glen, Co. Wicklow. B&W Xerox, M.Lunt, 1969. Very early map- trees added!

12 Devil's Glen. B&W printed. Unsigned, October 1973. "Temporary Drawing, surveyed on map-making courses, 1971-73".

13 Devil's Glen. 5-colour. Tiglin staff, May 1979. Drawn by E.Jones.

14 Gormanston College, B&W Xerox, T.McGrath, June 1973.

15 Howth. 2-colour. M.Cregan (Walsh), 1974.

16 Kilruddery, Co. Wicklow. B&W Xerox. E.Rothery & D.Large, June 1973. Marked for score event, and c/w control card.(This is before ER started omitting turning circles).

17 Kilruddery. B&W Xerox. D.Large, Summer 1975.

18 Kilmurry, Co. Wicklow. 5-colour. J.Lynam/S.Stewart, December 1973. (First Irish standard five-colour map).

19 Maulin & Crone, Co. Wicklow. B&W Xerox. S.Rothery et al. February 1975.

20 Pine Forest, Co. Dublin. 4-colour. R.Carrett, 1973.

21 Pine Forest. B&W Xerox of permanent course, 1978.

When ordering any of the above maps, please make cheques, etc., payable to "IOA International Fund".

This is unique archive material: with it you can show your grandchildren how you beat Eoin Rothery in the Devil's Glen in '69, how you were orienteering years before Wally Young was allowed out on his own by his Mammy, or whatever you fancy. Better than having been in the GPO in 1916, eh? Even if you did only go in for a stamp.

1983 LEINSTER RANKING LIST

The events used were: Ballinascorney (Grade 2), Kylebrack Connacht Championships (G1), Clara (G2), Carrickgollogan (G1), Brockagh Leinster Championships (G1), Ballyhourigan Irish Championships (G1), Stradbally (G1), Gortnamoyagh N.I. Championships (G1), Glengarra Munster Championships (G1), Pine Forest (G2), Glencree Leinster Two-Day (G1)- both days separately, Cronybyrne (G1) and Fauna (G1).

Grade 1 events can be used twice (i.e. can count as two different events). 14 different venues were used, with 25 possible scores.

Only the Gold standard competitors have been sent in for publication. Gold standard means winners points less 25%. These are Leinster, not Irish rankings. A full list may be obtained from club secretaries and will be on display at forthcoming events.

A suggestion made by the compiler, Diana Large, of GEN - herself a winner of W43 - is that gold standard competitors in "B" classes should move into "A" cla[illegible]s the next year.

Enquiries should be addressed to Diana Large, The Rectory, Church Road, Bray, Co. Wicklow.

Certificates will be presented to the competitors who achieved Gold standard in the Leinster Rankings at a prizegiving immediately after the Leinster Champs. at Stranahely on March 25th.

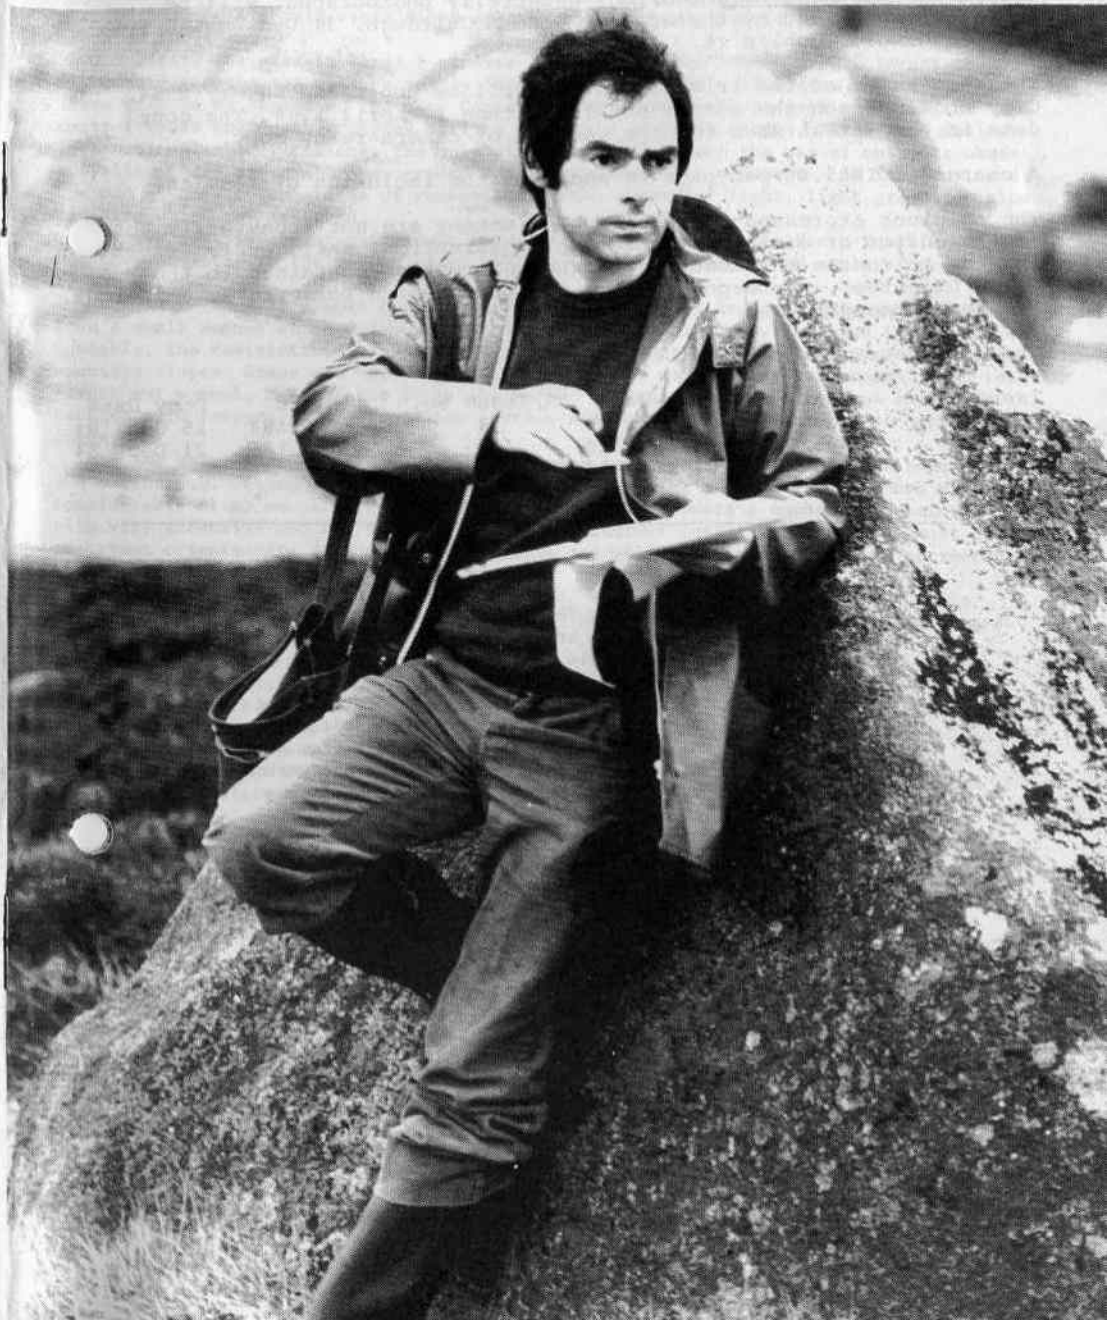
the Irish Orienteer

NUMBER 10 MARCH 1984 75 pence



THREE ROCK ORIENTEERING CLUB

The big news this month is that we are going to lose our Treasurer, Ronan Cleary, who is going to work in New York for three years. It's a great pity to lose one who did so much work for the club, and for Irish orienteering as a whole, both in the financial field and every other. However, we all wish him the very best of luck, and confidently expect a rash of new members for the club from the greater New York area.

The result of the 3ROC v GEN CompassSport Cup/Irish Orienteer Trophy event at Cronybyrne on February 12 was most satisfactory: 56 points to 28. We now go on to meet NWOC or Lee in the Irish final, and then to England in June for the final. Well done, everyone.

At the AGM (the 8th, not the 9th as stated in TIO 9) at Wesley College, Ballinteer, on January 26th, the following were elected to serve on the committee for the coming year: Chairman: John McCullough, Secretary: Michael McAuliffe, Treasurer: Ronan Cleary, Training Officer: Justin May, Meets Secretary: Nuala Creagh, Mapping Officer: Barry Dalby, Committee member: Patricia Murphy. Larry Roe was co-opted to look after Junior Affairs, and Trina Cleary has since been co-opted to replace her brother, Ronan, as Treasurer. A good crowd attenede the meeting, and a discussion about various aspects of orienteering and Three Rock OC ensued. After the meeting we all adjourned to a nearby hostelry to dwell on the mysteries of Life, Paddy Keane's ankle, and Car Theft. But that's another story...

Some accommodation remains for the Irish Championships on April 8/9. As you will know we have booked a number of Irish cottages at Renvyle for members. The cost is £10.00 per person for the weekend. Contact John McCullough immediately if you are interested. Phone 981556. No news has yet been received about JK 84 accommodation: keep in touch with Michael McAuliffe for progress reports (982315).

Training continues apace at Oatlands in Stillorgan on Wednesdays at 6.30pm. From early April we'll be moving back to Summer Quarters in Marlay Park, same time. Join us.

A training event for members is to be held at Kilmashogue Wood, near Marlay Park, on Saturday March 24th, from 11.00 to 1.00pm. All are welcome. Contact Training Officer Justin May for further details. This clashes with an IOA-organised coaching course at Tiglin, so a changed date is a possibility.

Next events are April 15 at Clara (Grade 3 before JK 84), and a Grade 1 event on Three Rock Mountain, for which lots of help will be needed. Contact John McCullough (981556).

Event entries for pre-entry team or club competitions are now being handled by Nuala Creagh, Dun Chuilinn,Rockbrook, Dublin 16 (908982).

The new 3ROC O-suits have arrived and been distributed, and gaiters are being ordered. Contact Trina Cleary (904177) if you want some. Tracksuits: another order is being made up shortly, so contact Brigid Flanagan (980928) to reserve your own unique suit.

Barry Dalby, club Mapping Officer, will be contacting members soon about mapping for next year's Irish Championships. The bulk of this work will be done during the summer, so if you want to spend your holidays in Wicklow, now is your chance!

Our monthly club social gatherings at Revels public house in Rathfarnham continue on the last Thursday of each month from 9 pm. Revels is near the south-east corner of Rathfarnham village, and we're in the upper part on the west side of the room (usually).

Finally, congratulations to the 3ROC teams who finished 1st and 2nd in the A-class at the Connacht Championships, 1st in the B-class, and almost 1st in the C. Also to individual winners Martin Malone, Leo Donovan, Gerry Smith, and all the others who won or were placed. Congratulations also to Ted McGrath, the new IOA Treasurer, to Justin May, Martin Malone and Larry Roe for their mapping and planning awards.

3ROC CLUB RANKING LIST NO. 4 : to DECEMBER 1983.

.....

The events used were:

Kylebrack	March
Brockagh	March
Ballyhourigan	April
Stradbally	May
Carrickgollogan	May
Kilcooley	May
Gortnamoyagh	September
Glengarra	October
Glencree (both days)	November
Fauna	November
Cronybyrne	December

Events organised by 3ROC are excluded from the ranking list as it is assumed that many members will be helping at such an event.

Any queries or suggestions about the ranking list should be sent to Pat Flanagan, 38 The Glen, Woodpark, Dublin 16.

After each score, the number in brackets is the score last December. (=) means that the score remains unchanged.

A totally new ranking list will be started next year, incorporating the new age classes, and a simpler, easily verified scoring system is being considered.

Try comparing these with the Leinster rankings, also in this issue.

IOA ANNUAL GENERAL MEETING REPORT : MOUNTBELLEW, CO. GALWAY, MARCH 4 1984

The IOA AGM at Mountbellew, held during the Connacht Championships weekend, got off to a conventional start with the reading of the minutes of the previous AGM. In the Secretary's report which followed we learned that IOA clubs now have over 3400 members, and heard of some of the activities and successes during the year: four new clubs formed, wins in Scotland and Sweden for Aonghus OCleirigh (injured at present), and courses run for the purpose of instruction.

Some deft financial juggling by Treasurer Ronan Cleary ensured that IOA had an excess of income over expenditure in 1983. But £2.75 seems to be cutting it fine! Development Officer Faith White reported on the Development Conference last October, on plans for a coaching award scheme, and on some of the arrangements made for the IOF Congress in Ireland in July.

Ann Masterson, International Fixtures Sec., reported on the impending arrival of a group of Swedish orienteers to coach in Ireland and on plans for the Continental Cup event in Belgium in September: a team of 30 is expected to travel. Alan Shaw, Mapping Coordinator detailed the mapping position: 214 areas registered, and appealed for more information about the extent and location of these areas, especially for copies of the ½-inch O.S. maps showing the areas.

PRO Eoin Rothery outlined his efforts at presenting orienteering to the public in a positive way, and was congratulated on his success over the past year. More black & white photographs are required though, in 10" x 8" size, three copies of each, and it is important to let the IOA PRO have event results on Sunday evening if maximum use is to be made of them as regards publicity, Eoin said.

Bernard Phelan, Fixtures Secretary, then gave an account of the functioning of his department, and asked clubs to get together to decide on fixtures further in advance of the date of the event.

Chairman Frank Martindale summed up the year's activities by commenting on the general improvement in standards of organisation, planning and mapping, particularly mapping, making the map-of-the-year award a very difficult choice. He proposed that criticism of event standards or other aspects of orienteering be done constructively (at least I think that's what he meant: what he actually said was "criticise people suggestively", which could be something else entirely!).

Two proposals were received for discussion: one from Cork Orienteers that IOA Executive Committee minutes be circulated to all clubs, and one from Niall Rice of AJAX that the IOA give its interpretation of Rule 6.4.1 regarding appeals of race jury decisions. In fact neither of these proposals was quite what it seemed: the Cork O proposal became an appeal for better communication from IOA, intermingled with veiled suggestions that IOA had something to hide, was generally incompetent, and failed to operate in the best interests of Irish orienteering. The proposal was defeated.

The second proposal proved to be a little more diverting, with Niall giving a dramatic account of his search for a control in Stradbally last May and his ensuing brushes with the event organisers and the jury, followed by an appeal of the jury decision to IOA: an appeal which was rejected. Some rather heated exchanges followed, the result being that the appellant left the meeting in that lofty vehicle, high dudgeon, following the reiteration of the IOA's decision.

The "election" of officers followed, although no candidate was opposed (surely not a sign of apathy?) and the following were returned: Chairman Frank Martindale (TIPP O), Secretary Julie Martindale (3ROC), Treasurer Ted McGrath (3ROC), Fixtures Secretary Joan Morrissey (GEN), PRO Tara Horan (AJAX), Mapping Coordinator Alan Shaw (ThO), Development Officer Faith White (SET), Junior Affairs Larry Roe (3ROC), International Fixtures Secretary Ann Masterson (AJAX).

The Map of the Year Award went to Kelvin Davies and DUO for Glencree, with the Award for the best small map going to Larry Roe and 3ROC for Kilmashogue. Eoin Rothery and AJAX got a special award for Killiney Hill as it was considered an exceptional small map. The Course Planning Award went to Justin May (3ROC) - Irish Champion - for his M21E course, and jointly to Martin Malone (3ROC)-again- and Sean Morrish (LeeO) for the W11. The Mactire Trophy went to Frank Ryan of Western Eagles OC, for services to orienteering in 1983.

J.McCullough.

IRISH ORIENTEER TROPHY SEMI-FINAL

3ROC -v- GEN AT CRONYBYRNE 12.2.84.

Great Eastern Navigators were as much outnumbered as outclassed in this match as 3ROC swept to an expected victory, beating their rivals by 56 points to 28.

Although 3ROC were missing many of their regulars, new faces met the challenge and indeed, seven of the twelve points scorers in Cronybyrne had not scored in the previous round.
On the "A" Course, Ronan Cleary ran to a long awaited win, finishing ahead of Club Chairman, John McCullough. A greatly improved Mark Donovan picked up three points leaving GEN's Andrew Bell (5th), Tom McCormack (7th) and James Shulmeister (8th) trailing behind.

The "B" Course saw 3ROC's M17 dominance broken only by Paget McCormack who finished a close third behind 3ROC's Brendan O'Connor and Paul Walsh. Martin Malone, one of the few to take points in both rounds, picked up the "two" with GEN's other scorers back in 6th and 12th places.

GEN had obviously banked on collecting most of their points on the "C" Course where they chose to run their two W21 internationals instead of the longer "B" Course.
Eileen Loughman duly turned in an impressive performance finishing over 3 minutes clear of the rest of the field. 3ROC's juniors however were at hand with Daragh Stokes, Cornelius Carroll and Conor Walsh taking the next three places. Maura Thornhill was closely followed by Charlotte Bonar Law to pick up the remaining points.

The "D" Course saw 3ROC's dominance reasserted, taking maximum points through Maire Convery Una and Hilda Creagh. GEN's Diana Large was close behind in 4th place but their other scorers were in 8th and 11th places.

So, to the Final which is due to take place in late April or May. The other team to contest the Final will be either LEE ORIENTEERS from Cork or NORTH WEST ORIENTEERING CLUB from Limavady. The Final should be more closely contested.

RESULTS.

A COURSE

1.	R.Cleary	66.23	3ROC
2.	J.McCullough	67.06	3ROC
3.	M.Donovan	70.46	3ROC
5.	A.Bell	74.09	GEN
7.	T.McCormack	76.13	GEN
8.	J.Shulmeister	81.00	GEN

3ROC 6+5+4 = 15 GEN 3+2+1 = 6.

B COURSE

1.	B.O'Connor	56.02	3ROC
2.	P.Walsh	56.46	3ROC
3.	P.McCormack	57.07	GEN
4.	M.Malone	64.04	3ROC
6.	M.L unt	65.46	GEN
12.	N.McCormack	85.19	GEN

3ROC 6+5+3 = 14 GEN 4+2+1 = 7.

C COURSE

1.	E.Loughman	43.13	GEN
2.	D.Stokes	46.31	3ROC
3.	C.Carroll	48.16	3ROC
4.	C.Walsh	48.25	3ROC
5.	M.Thornhill	49.00	GEN
6.	C.Bonar Law	52.07	GEN

3ROC 5+4+3 = 12 GEN 6+2+1 = 9.

D COURSE

1.	M.Convery	31.31	3ROC
2.	U.Creagh	35.31	3ROC
3.	H.Creagh	37.42	3ROC
4.	D.Large	39.32	GEN
8.	E.Diamond	42.01	GEN
11.	J.Newman	44.52	GEN

3ROC 6+5+4 = 15 GEN 3+2+1 =6

OVERALL RESULT: 3ROC 56 GEN 28.

setanta orienteers

SETANTA NOTES

TRAINING SESSIONS

The Club Training Sessions continue on the first Wednesday of each month at 7.30 pm in the Rathgar Hall, Dublin 6. Everyone is welcome to attend. The sessions usually take the format of:- Discussion on items of technique, Warm-up exercises, Training run or mini-event using local street map, followed by general discussions and refreshments. Changing facilities are available. Bobby Buckley is in charge of organising these sessions and suggestions for new items are always welcome.

Also, each Wednesday, Bobby leads a Training Run - starting from his house, doing a 'Grand Tour' of the district, with other club members joining in the run along the route! If you would like to join in - contact Bobby at events, or at 1 Wesley Road, Rathgar, Dublin 6.

The next Club Night will be on Wednesday, 4th April.

NEW CLUB CAPTAIN

Richar Poff has taken on the task of Club Captain. He will be keeping tabs on the progress of members in Orienteering Events; Setting up a Club Ranking List; Recording results; Encouraging Club Members to improve their orienteering skills; Organise Relay teams; etc. In future, Relay Teams will be entered through the Club - so contact Richard if you wish to take part.
Richar Poff - 110 Castle Avenue, Clontarf, Dublin 3. 333844.

IOA COACHING COURSE

Quite a few members attended this course on the weekend of February 25th/26th in Wesley College, Ballinteer. Tony Keys (BOF) was the instructor. The course was very interesting and informative; and included visiting 4 separate forests. We have lots of ideas for new coaching plans and these include, perhaps, a weekend away for intensive orienteering training and lots of fun.

IRISH 2 DAY 1984

Mapping is going ahead at MULLAGHMEEN, Co. Westmeath for Day 2 of the Irish 2-Day in November '84. ECO are organising Day 1. New Mappers are always welcome.

O-SLIDES

Setanta have produced a set of introductory slides on Orienteering. These are very suitable as an aid to giving talks to beginners.

SECRETARY: Catherine Murtagh, 111 Haddington Road, Ballsbridge, Dublin 4.
682951 (home) 851211 (work)

HOLIDAY PLANS....

It may seem like only last year since you went abroad orienteering, and since you swore (yet again) never to do it again, but you must face the fact that holiday time is fast approaching again. Time to make up your mind whether to endure to mosquitoes in France, the bracken in Scotland, the starvation in Czechoslovakia, the accent in America, and defeat everywhere. Not forgetting the rain in Switzerland, the schnitzel in Austria, the pizzas in Scandinavia, and the Congress at home.

However, this year a wide choice is available. Entry dates typically close about eight weeks beforehand, so you have to think it out in plenty of time. If you want to go to the Swedish 5-Day, sorry! Entries closed on March 1st.

In June, a five-day event starts in Bulgaria (don't ask where it finishes), and the Norwegian six-day Sorlandsgaloppen starts. July sees a 4-day in Sweden, a 5-day in France, a 4-day and a 5-day in Finland, a 3-day in Sweden, a 3-day in Denmark and a (the?) 5-day in Sweden.

For the stay-at-home types, how about some leisurely two-day events in Britain, or a month's mapping in Sunny Ireland? How would a week in Maynooth in July grab you for an exciting time? It would include a day trip to Loughlinstown and other delights, and some O-events could easily be incorporated in the plan. The IOF obviuosly think it a worthwhile exercise, and you might pick up some useful tips.

Traditionally the Summertime has, in Ireland, been the time when we take a holiday from orienteering, at least as far as competition goes. The reasons given are that the weather is too hot (try France), the vegetation is too high (try Scotland), or the flies make running impossible (try Scandinavia, France, Czechoslovakia, Canada,...).The real reason is that we want a rest from it. The summertime does have its uses, though: the days are long, so we can go mapping (except that the ground features are overgrown), the weather is good so we can wear shorts and t-shirts (except that the ticks and horseflies attack the exposed parts), and it's nice to get into the countryside at weekends (except that we get caught up in traffic jams of sea-siders or tourists in Glendalough). Why we choose to take a holiday from orienteering when the weather is potentially good, rather than in December/January/February when it is potentially lethal is beyond me. We are spoiled here: if we had a short O-season (say from May to October) we would start the season really keen, eager to go, and we should attain great heights of competition, as happens in Scandinavia. Instead, most of us muddle through the whole year, putting in an endless series of mediochre performances and getting much less satisfaction from it than we could.

Perhaps I need a holiday. But which event...?

J.McC.

P.S. Fulldetails of all these events, and others, are available from the IOA.

NOTE: Due to a reorganisation of some of the Dublin postal districts, the address of the Irish Orienteer has changed from Dublin 14 to Dublin 16. The address is: 34 Dun Emer Drive, Sandyford Road, Dublin 16.

Cover photo: Mapping. Ted McGrath (3ROC), IOA Treasurer elect, surveying on Three Rock Mountain, Winter 1983. (Taken by Justin May).

FIND YOUR RHYTHM !

By Torgny Ottosson

Sometimes your orienteering is not harmonious, then at other times it goes better. Occasionally you go really well. However hard you run, all the controls lie where they should. It seems as if you are in some sort of higher state where you really absorb everything.

It's not only orienteers who experience this state: a basketball player puts every shot into the basket; a tennis player raises chalkdust with every ball and recovers from the most impossible situations etc. This level at which you succeed with everything has been called in American literature, "the winning feeling". Swedish sports psychologist LARS-ERIC UNESTAHL has re-named it the "Ideal Performance State." (IPS) Winning, though, is still not guaranteed. Even if you yourself perform perfectly, it depends on how the other competitors perform.

An investigation has been made into how IPS is characterised in different sports and a number of similarities have been observed. These are summarised as :-

1) It is quite difficult for competitors to recall what actually occured during the event afterwards. (This ties in with the next point.)
2) The competitors actions occur more or less automatically, without the competitor himself having to think about what he does. It's as if events happen "of themselves."
3) The competitors concentration upon his immediate actions increase, while at the same time he dissociates from his surroundings. There is a corresponding increased concentration in a smaller attention area.
4) The feeling of tiredness disappears. It feels as if one can do as much as one wants to.

WHAT IS RHYTHM ?

Whether or not these central topics in IPS are also characteristic of orienteering, and, if so how they manifest themselves, has not previously been investigated. In connection with a research project, I asked a number of orienteers from the Senior and Junior Swedish national teams what it felt like, and what really happened when one found rhythm, consequently with everything going really well.

It appeared that all the central topics of IPS could be identified, but it was the automation in orienteering which got prominence. All of those interviewed mentioned this. Everything in the terrain appeared as one would expect from the map. The translation process between map-picture and reality functioned perfectly without having to strain oneself consciously to interpret.

"..... you get the map to agree perfectly, you find all the knolls where you would map them yourself by just running, and then you find everything precisely as it should be, without hesitation, you only have to run there.....the controls lie as they should, where you want them to be....." Good orienteering technique and running form are of course, advantageous prerequisites for orienteering success, but when it comes to putting that final touch to perfection it is really more a question of finding the right mood, the Ideal Performance State. (IPS)

MENTAL TRAINING

How, then can you develop your capacity to obtain IPS? I think that mental training can be a big help. Being in a relaxed state and seeing yourself orienteering in the Ideal Performance State, you can teach yourself to repeat this experience and the correct feelings. You increase both your likelihood and ability to obtain IPS in reality.

But there's also another side to IPS. It's characteristics are such that it enables one to operate automatically most of the time without having to think about it. If during running you begin to think about what you are actually doing, its easy to break automation and lose IPS. TOO MUCH CONSCIOUS ANALYSIS CAN THEREFORE HAMPER THE CHANCES OF FINDING THE RIGHT STATE.

IPS is something you must allow to come to you. It is a question of releasing your feelings, being open and letting yourself enjoy orienteering.

It is important to try and make IPS something normal and not a dazzling rare occurance. This implies, for instance, that technique training in certain cases can do more harm than good. If you already have a well-developed orienteering technique it is more important to have quality rather than quantity in technique training. In order for it to be constructive, technique training must never become a necessary chore.

When it comes to competition we have in the last year become more and more conscious of the importance of physical preparation. For technique training to be effective, physical preparation is just as important.

INDIVIDUALITY

Finally it must again be pointed out that we are all different. What is good training for one person need not necessarily be good for another. It is dangerous to be too critical about how others train and also to listen too much to those who tell you how you yourself must train.

Coaches should be sensitive to how their orienteers react to their ideas and try and find a training programme which suits only the individual orienteer.

A happy orienteer who enjoys his sport is a good orienteer! Let's release ourselves to our feelings even in elite training!

Translated from Skogssport by Aonghus O'Cleirigh.

(P.S. Oyvin Thon describes rhythm as, having your control card ready, knowing the control description and exit direction, and your route to the next control, before you punch.

..... a more earthy description than the one entertained above.....AO'C)

1984 ORIENTEERING FIXTURES

March			
11	*	KILLINEY HILL	Co.Dublin. AJAX Grade 2 event. GR O 26 25. Scenic location over Killiney Bay. Rock climbing available. (01-905059).
11		ROSTELLAN	Midleton, Co.Cork.Lee O Grade 3 event. GR W 88 67. (021-43166).
14		WATERFORD	WaterparkOrienteers street night event. Grade 3. GR S 60 12.
17		********* *	CANCELLATION of ECO Fauna Relay event on March 17th.
17		MOYDAMLAGHT	near Draperstown, Co.Derry. NWOC Ranking event. GR H 74 99. Start 11.30-13.00. David Blair (Limavady 4902).
17	*	BALLYSEEDY WOOD	near Tralee. Kerry Orienteers Grade 3 event. GR Q 86 13.
18	*	GLENGARRA	Co.Tipperary. Cork Orienteers Grade 1 event. Incorporates Inter-varsity match. Excellent area on slopes of Galtees. First used for Munster Champs last October. GR R 92 22. Entries close Mar 1.02[illegible]6194
18	*	CARRICKGOLLOGAN,	Co.Dublin. GEN Grade 2 event. GR O 22 20. (01-691313).
25	*	LEINSTER CHAMPIONSHIPS	Hairy Man's Brook, Glen of Imaal, Co. Wicklow. Curragh Orienteers Grade 1 event. Entries to: Harry Quirke, 11 French Furze, Kildare, by March 11. GR S 99 95. (045-21616).
25	*	MARLOG	Cobh, Co.Cork. Cork O Grade 3 event. (021-46194).
24-25		AFAS INTRODUCTORY ORIENTEERING COURSE, Tiglin Adventure Centre, Ashford, Co.Wicklow. (0404-4169)	
31		HILLSBOROUGH	Co.Down. LVO Ranking event. Start 11.00-13.00. Colin Henderson Lisburn 71638. GR J 24 57.
April			
1	*	LEINSTER SCHOOLS CHAMPIONSHIPS,	Glencree, Co.Wicklow. Pre-entry for schools by March 19, to Liam Convery, 13 Leinster Lawn, Clonskeagh, Dublin 14. Limited entry on day from 12.30-13.30 only. Steep, runnable forest used for 1983 Leinster 2-Day. GR O 19 14. (01-697107).
1	*	CAPPANALEA	Killorglin, Co.Kerry. KO Grade 2 Munster League event. Open mountain area around Outdoor Pursuits Centre. GR V 72 08.
7	*	IRISH INDIVIDUAL CHAMPIONSHIPS,	Little Killary, Co.Galway. Entries closed Feb. 11. LKAC Grade 1 event. GR M 80 62.
8	*	IRISH RELAY CHAMPIONSHIPS,	Little Killary, Co.Galway. LKAC event.
14		CAIRN WOOD	Dundonald, Co.Down. Start 11.00-13-00. GR J 45 76.
15	*	CLARA	near Laragh, Co.Wicklow. 3ROC Grade 3 event. Start 11.00-13.00. Last chance to prepare for JK 84. GR T 16 93. (01-981556).
15		CASTLEBLAGH	Ballyhooly, Co.Cork. Cork Schools League. Grade 3 event.
15	*	SCARTNAMUCK	Co.Cork. Lee O Grade 3 event. GR W 47 60. (021-43166).
15	*	BALLYSEEDY WOOD,	near Tralee. KO Grade 3 event. GR Q 86 13.
20-23		JAN KJELLSTROM TROPHY,	North Wales. Britain's premier O-event. Training event, two-day individual, relay. Entries closed Jan. 31.
23	*	GLENABO	Fermoy, Co.Cork. Cork O Grade 2 event.(031-46194).
29	*	GARRETTSTOWN WOOD,	Kinsale, Co.Cork. Cork Championships. Cork O Grade 1 event. GR W 58 44. (021-46194).
29		BALLYMAHON	Co.Longford. Custume Orienteers Grade 1 event. New 1:15 000 scale map. GR N 18 57. (0902-2454).
May			
6		CASTLEFREKE	Co. Cork. Lee O Grade 3 event. GR W 32 34. (021-43166).
6	*	STRADBALLY	Co. Laois. Curragh Orienteers Grade 2 event. 1:15 000 map used a year ago. GR S 59 95. (045-21616).

May			
12		CASTLEWELLAN	Co. Down. Interprovincial match. LVO Grade 1 event. GR J 32 37.
13	*	BALLINDERRY	near Rathdrum, Co.Wicklow. SET Grade 2 event. Recently revised 1:10 000 scale map of pleasant, rather featureless forest. GR T 15 91. (01-682951).
13	*	GUGAN BARRA	Comortas oirthirrianadoireachta lan-Ghaelach i gContae Chorcai. TE R 07 65. Comortas Sraithe Chorcai Grad 2. (021-46194).
19		BELFAST CASTLE	Co. Antrim. Start 11.00-13.00. GR J 33 79. (Glengormley 2656).
20	*	CASTLEBLAGH	Ballyhooly, Co.Cork. Lee O Grade 2, Munster League event. GR W 71 98. (021-43166).
20	*	BROCKAGH	Glendalough, Co. Wicklow. GEN Grade 1 event postponed from January 22 due to snow. Steep mixed forest/open area used for 1983 Leinster Championships. GR T 13 97. (01-691313).
[illegible]-27		SCOTTISH CHAMPIONSHIPS,	near Stirling. Details in CompassSport. Pre-entry.
27	*	THREE ROCK MOUNTAIN,	Co.Dublin. 3ROC Grade 1 event. Pre-entry by May 13 to Michael McAuliffe, 154 Braemor Rd., Dublin 14. Seniors £2.00, Juniors £1.00. Late entries add £1.00. Revised 1:10 000 map, 1984. Steep open mountain and variable forest. GR O 17 23. (01-982315).
27	*	NAGLES MOUNTAINS	LONG-O, near Killavullen, Co. Cork. Lee O Grade 3 event using three O-maps. GR W 65 99. (021-43166).
June			
3	*	KILLACLOHANE	near Castlemaine, Co. Kerry. KO Grade 3 event. GR Q 84 00.
10	*	INTERNATIONAL COMPETITION FUND SPONSORED SCORE EVENT,	Phoenix Park, Dublin. 3ROC Grade 3 event. Sponsorship cards in May 'Irish Orienteer'. Help the Continental Cup team. (01-981556).
15	*	MASSEY'S ESTATE,	near Tallaght, Co. Dublin. SET Grade 3 score event. Evening.
16		COMPASS SPORT CUP FINAL,	near Bradford, Yorkshire. Badge event next day.
21		MIDSUMMER MADNESS,	GEN Grade 3 score event, Co. Dublin. (01-681313).
July			
15		GLENGARRA	Co. Tipperary, on southern slopes of Galtees.Cork O Grade 1 event. GR R 92 22. (021-46194).

.....

An asterisk "*" after the date of an event on this fixture list indicates that the event is registered with the IOA and is covered by their Public Liability insurance policy.

Where possible an Ordnance Survey Grid Reference has been given in order to help people to find the events. The letter following the letters "GR" gives the grid square (100km x 100km) and the four digits then give the position in that square, identifying the area to within 1km^2. The Easting coordinate comes first (found on the top and bottom of the map), then the Northing coordinate (found on the sides of the map). For example the Grid Reference for Athlone Bridge would be N 03 41.

Again, where possible, a contact telephone number has been given. This normally occurs in parentheses at the end of the event information.

There have been a number of changes in the fixture list since January: Fauna Patrick's Day Relay cancelled (March 17), Night Championships at Curragh, March 17, postponed till Autumn, Castleblagh (April 1) changed to May 20, Cappanalea (May 200 changed to April 1, Junior Home International (27-29 April) postponed.

CURRAGH NEWS

You all probably know by now that congratulations are in order. Wally Young is now a proud father-figure. So what else is news?
Actually, we've all been kept fairly active recently. Pat Joe Healy organised a session there a few weeks ago where we hammered in stakes at 100m intervals on the steep, rocky Glencree slopes. It was, in fact, the weekend of the match, which if you'll remember was quite inclement. (the weekend I mean.....but citizens, I digress). Anyway, the cold Lugnaquilla mist was down, Frankie O'Leary discovered the delights of glue-sniffing, Paddy Farrelly was reincarnated as a mental relaxation cassette, Frances Daly gave up orienteering, and all in all this was an eminently meaningful experience.
There has been club input to two new maps, one of them the map to be used for IOC '84 in Connemara, the other a Grade 1 area outside Ballymahon, Co.Longford. Noel Donagh of newly formed Custume Orienteers is organising a meet there on April 29th.
Incidentally, Harry Quirke, myself, and a few of the lads had a discussion about Life, the Universe, Shergar and where it was all going the other night over a few scoops. The conversation turned from the sublime to the even more sublime in the space of a wink and a nod..... favourite contemporary moralists..... Porky the tapeworm and Larry the Leech... favourite serious reading..... 2000 AD(with a decided leaning towards "D.R. and Quinch")..... person who's most influenced our life..... Denis Murphy.... second most influential person ..... Colin Dunlop..... favourite current affairs programme .....Whoops Apocalypse!....Favourite big screen viewing..... The'Rocky Horror Show' ..... get the drift ? ..... thought as much .... pity!
Now that we've got over the serious stuff how about a bit of the local(hot?) gossip. O'Cleirigh, formerly of Curragh Orienteers, is joining a Dublin club just as soon as he has broken-in his replacement bionic leg. And the fact that Ronan Cleary(3ROC), wearing cap and old raincoat, has been spotted in close conversation with him on Mount St. Bridge, only adds credence to the rumour. What inducements were offered? IOA funds perhaps (when's the next audit due?) or lollipops! Eoin Rothery, Ajax talent scout, has also been seen lurking about. Ajax have quite recently mortgaged Curracloe, Eddie Niland, all their Kangaroos and pawned Eoin's contact lenses. It wouldn't surprise me at all if the Gusman just grabbed all the loot and skipped the country. (They say that rivalry and the intense pressures at the high-powered Kildare club have finally gotten to him.)
At Dublin Airport the only person available for comment was Paddy Lalor. His statement consisted of a terse "No Comment". Gerry Byrne and Yonkee McCormack weren't giving much away either. They were already in Argentina. Gerry, I hear, has opened up a discreet little bistro in Buenos Aires. Yonkee is doing quite nicely in a Lucrative import/export trade on the Paraguayian border.

Good old Curragh enterprise and know how!

NOTICE

THE ELITE COACHING COURSE MENTIONED IN " Odds and Ends and Odds" WILL TAKE PLACE ON SATURDAY MARCH 24th AT TIGLIN ADVENTURE CENTRE NEAR ASHFORD,CO. WICKLOW.

THE COURSE FEE WILL BE £2.00, TO COVER ADMINISTRATION. INSTRUCTORS INCLUDE JORGEN MARTENSSON AND KARIN RABE. THIS COURSE IS FOR ELITE COACHES AND ELITE RUNNERS.

CONTACT IOA SECRETARY JULIE MARTINDALE, 68 UPPER RATHMINES ROAD, DUBLIN 6, FOR DETAILS. (PHONE 01-973028).

RESULTS of SETANTA GRADE 1 EVENT at CRONYBYRNE, CO. WICKLOW - 11th December, 1983.

Planner: D. Kennedy
Controller: J. May
Organiser: C. Bradley

Many thanks to all who helped in any capacity. Apologies for running short of maps due to unexpectedly large number of competitors. Thank you for being so patient and understanding. Your good humour was a comfort to a beleaguered organiser.

EASTERN COMMAND ORIENTEERS NEWS

A packed "Toll House Inn" in Donard was the scene of action for our AGM on the 8th January 1984. Our morale had been greatly boosted by the large turn-out for our Grade 2 event held in Fauna on that day.

Almost all competitors expressed their appreciation for the event to the organisers, who, I should add, did excellent work to enable the event run smoothly as it should.

The Murph's excuse for not making it to the event in time was that he had a puncture on the way to Beirut Airport and so missed the "Green Bird". Instead he said he did a very fast 15 round the streets.

Mapping of Cootehill for the Leinster Two-Day is well under way. It promises to be good fast orienteering in open mature forest. A short mapping course was held in Cootehill on 28/29 January 1984.

Fourteen members of ECO have entered the JK where selection of the open relay team would be difficult even for the Big Five.

Our Club Secretary is Corporal John de Lacey,
Command Training Depot (E),
Cathal Brugha Barracks,
Dublin 6.

Denis Reidy,
Chairman.

NOTE: The above Event was planned, organised and run by Trina Cleary, Bill Hallowes and Joss Lynam as part of their requirements for the Diploma in Outdoor Education, in which they are specialising in orienteering. They would like to thank all the people who helped them before and on the day, particularly Ted McGrath who was the controller; the various 3ROC members who worked like trojans through wind and rain and to the other members of the Diploma Course who were "volunteered" and spent two days obeying the specialists' every command!

1983 LEINSTER RANKING LIST

The events used were: Ballinascorney (Grade 2), Kylebrack Connacht Championships (G1), Clara (G2), Carrickgollogan (G1), Brockagh Leinster Championships (G1), Ballyhourigan Irish Championships (G1), Stradbally (G1), Gortnamoyagh N.I. Championships (G1), Glengarra Munster Championships (G1), Pine Forest (G2), Glencree Leinster Two-Day (G1)- both days separately, Cronybyrne (G1) and Fauna (G1).

Grade 1 events can be used twice (i.e. can count as two different events). 14 different venues were used, with 25 possible scores.

Only the Gold standard competitors have been sent in for publication. Gold standard means winners points less 25%. These are Leinster, not Irish rankings. A full list may be obtained from club secretaries and will be on display at forthcoming events.

A suggestion made by the compiler, Diana Large, of GEN - herself a winner of W43 is that gold standard competitors in "B" classes should move into "A" cla[illegible]s the next year.

Enquiries should be addressed to Diana Large, The Rectory, Church Road, Bray, Co. Wicklo[illegible]

Certificates will be presented to the competitors who achieved Gold standard in the Leinster Rankings at a prizegiving immediately after the Leinster Champs. at Stranahely on March 25th.
