the Irish Orienteer

NUMBER 18 JULY - AUGUST 1985 75 pence

THE IRISH ORIENTEER NO. 18 JULY - AUGUST 1985 ISSN 0790-1194

The Irish Orienteer is published at two-monthly intervals and is available through all Irish orienteering clubs' secretaries. All material concerning orienteering will be gratefully received by the editor, John McCullough, 34 Dun Emer Drive, Dublin 16.

The next issue will appear in early September 1985. Copy should reach the editor not later than Friday 23rd August 1985. The copy date is the latest date for the receipt of camera-ready copy.

The opinions expressed in The Irish Orienteer are not necessarily those of the editor or of any orienteering organisation. While every effort is made to ensure the accuracy of the information contained in The Irish Orienteer no responsibility can be accepted for errors, omissions or their consequences.

The copy dates for the forthcoming issues are:

No. 19 . 23 August 1985.
No. 20 25 October 1985
No. 21 20 December 1985
No. 22 21 February 1986.

COVER PHOTO: A fee of £10.00 is paid to the supplier of the cover photograph if it is received in printable form: black and white prints in sizes approaching 10" x 8", please.

RESULTS: A charge of £6.00 per page is made towards the publication of event results. This amount is based on the results being submitted in a form suitable for reproduction, and is calculated on the number of pages sent in, not on the number which finally appear, so please tidy up the presentation of results before sending them in. Typed originals or good photocopies are preferable, but remember that each page is reduced in printing to about 2/3 rds of its original size.

FIXTURES: The fixtures list is the most recent available when going to press. Experience has shown, however, that changes do occur, and often at short notice, so it is often prudent to check that the event is going ahead as planned by either watching the Sports Diary section of the newspapers or by contacting the club running the event. Events marked with an asterisk (*) are registered with the IOA and are covered by its Public Liability insurance policy. These events are less liable to change than the other events listed.
Where possible a Grid Reference is given to help you to locate the area, and a contact telephone number is provided.

SUBSCRIPTIONS: If you are not a club member or are a member of a club which either doesn't get TIO at all or gets too few copies it is possible to subscribe for a paltry IR£6.50 per annum. Clubs buying in bulk pay considerably less than this amount, depending on the production costs of each issue.

ENTRY FORMS: If you would like to distribute event entry forms in the magazine please contact the editor. The present circulation is 550 copies.

Advertising rates: please contact the editor.

Letters to the Editor

9 Broadford Walk
Ballinteer
Dublin 16.

25th June 1985

Dear Sir,

I wish to take up Alan Shaw's invitation to comment on his article "Can a small club run a big event". What Alan has outlined is the basic organisation which is accepted for Grade III events. While one can sympathise with a small club faced with the problems of a major event surely the lowering of standards is not the remedy. Alan suggests doing away with pre-marked maps for Grade I events. Out of maybe twenty events in the year we are lucky to have four or five of Grade I standard. It should also be noted that the Technical Committee report has recommended pre-marked maps for all Grade I events.

The kind of organisation described leaves no margin for error. It does not consider the human factor involved. People will park anywhere, want their maps quickly, demand time changes - even get lost.

If a small club has a Grade I event then surely it is the responsibility of the regional association to give whatever assistance necessary.

I was at the Mid-West 2 Day and enjoyed it, however, if the next one is to be run by a team of no more than ten with no pre-marked maps then I cannot see myself making the long trip.

Yours sincerely,

Richard Flynn

Richard Flynn

109 Warrender Park Road,
Edinburgh EH9 1EN.

6th June 1985.

Dear Sir,

I recently had the opportunity to read some copies of the "Irish Orienteer" Newsletter and as a result feel compelled to write as someone "across the water" who has been orienteering in Ireland on a number of occasions and have made many friends in many clubs. I could not believe the level of petty bickering that existed. If this is the only standard the magazine can resort to , one questions its intention. There was only one article of any quality in the most recent issue I read and that was by Ted Russell. Having competed in that particular event as a member of the Scottish team I am entitled to pass comment. Whilst it will not rate as the greatest event, I pass congratulations to Ted and his team for the enormous effort made with limited resources to make it successful. His comments highlight an area of great difficulty, one just as relevant in Edinburgh; finding suitable areas close enough to enable mapping to be completed by amateurs in their spare time. It is a big problem. Prehaps (sic) in Scotland we are lucky having the 6 day events. These create enough finance to permit most of the maps to be prepared professionally.

Reverting to the "Irish Orienteer" Newsletter, surely the job of the editor, instead of constantly addind snidey remarks interspersed all over the place, should be to produce a newsletter of higher quality with news and informative articles on orienteering. A read of the dictionary definition of news might be a good start. At present prehaps (sic) his best answer would be to restrict the newsletter to announcing forthcoming ecents and printing the results of all the events. It might be more interesting. (Apologies to Ted's article).

Anyway to finish. I wish all the best to Irish Orienteering and look forward to my next trip over. Meanwhile looking forward to seeing all who make it over for Tayside '85.

Yours Faithfully,

John Campbell,
Interlopers Orienteering Club.

(NOTE: Skip this bit if you don't want to read the Editor's snidey remarks)

Thanks for the tip, John. Prehaps you could let us have a few copies of "Score" to see how it should be done.
I hope the correspondence about last November's Irish Two Day is now over.
And I hope that when you have your next trip over that you don't hurt yourself. Ed.

SCOTTISH CHAMPIONSHIPS MAY 28 - 29 1985

A group of eleven Lagan Valley Orienteers, five survivors from the All-Army Championships and myself travelled to this year's Scottish Championships at LOCH ARD a few miles from Aberfoyle. Clearly Ann Savage and Heather Johnston were intending a proper workout when they entered M21A, and for good measure were taking on all in the Open class in the Relay. The rain unfortunately dampened their spirits and they resigned themselves to their standard class on the day: perhaps on another day. The area had been used before at a Six-Day. A copy of the map was displayed, too late to go home: the map was the greenest I had ever seen, not onlythat but the controls were planted in the darkest of the green. It's not wellingtons that I'll be needing.

We arrived at our accommodation, a hall in Doune, at midnight with no mad rush anticipated as first starts were not until 1.00 pm the next day. While Saturday morning began with sunshine the rain clouds were above by noon. An alternative route to the start along five miles of forest roads was made necessary by the refusal of the Water Board to allow passage along their roads despite giving permission for parking at the end of them. I started around 1.00 o'clock in a drizzle which was to turn into a downpour. The map was identical to the previous version except for the vegetation: anything you could stand up in was classified as fast run. My race ended at the first control, 100m from the start but I lost all the time on a leg which required going 150m round a gradual spur, dropping slightly. Instead I rose slightly, abandoned my compass and arrived at my starting point ten minutes later. My second attempt wasn't much better. The 9km course took me 98 minutes as with 71 for the winner. Colm O'Halloran took 102 while Robin Bryson finally got tired, the human touch. Good performances by Ernie Wilson (winner of M40), Boyd Peters (winner of M21B) and Dermot Hickey (6th in M21A).

Saturday night spent at a Chinese gobaloo, Indian takemeaway and a Welshman's house, all in Stirling.

The Relay was held at DEVILLA, a flattish area near Kincardine Bridge, wherever that is. The map was the subject of Hilary Beck's recent article in CompassSport. The 30 minute walk to the assembly area was made in overcast conditions. In the relay itself I didn't go to the start triangle and consequently was first to the first control. However, I misinterpreted the map towards the end and got rather lost. Ted Russell introduced ECO tactics to Scotland when he had failed to locate the penultimate control in a pit, supposedly in an area of fast run, after two attacks. Not being alone, he organised his troops in a sweep search with the discovery of the control to be indicated by the standard curse. The object was soon located high up a tree in the gloomy "fast run". "When a control has to be hung high because the area is dodgy it is the regular orienteers and not the lads from the local scout troop who will complain". Showers were provided afterwards, especially necessary as most people came out of the forest looking like coalminers - a nearby power station tended to dump its soot on the forest.

An excellent event overall, and with next year's event close to Stranraer it should be seriously considered. A final note: not a single distinct vegetation change on either day's map. A sign of the modern approach?

Brian Corbett.

setanta orienteers

MULLAGHMEEN

Glorious weather ensured a fine turnout for this event. Indeed the numbers were so good we ran out of premarked maps. Our apologies to those who were unlucky enough not to get one. There is quite a gamble in having premarked maps without pre-entry as I am sure ECO will testify. 3ROC once again captured the Irish Orienteer Trophy, our congratulations to them and our commiserations to North West. Anyone who can come up with a plan to nobble the 3ROC hordes for next season will be granted free life membership of Setanta. We have taken note of a letter which appeared in the last issue from four mothers (or was it mothers of four) re parking at the above event. We agree fully with the sentiments expressed. However it should be noted that we did have hazard warning signs out, people on traffic control and a Safety Officer on duty. The Forestry do not allow parking in the forest but we will check this out for our next event.

A VALEDICTION

The club formally said farewell to Catherine at a reception held in the Officers Mess at Griffith Barracks. We would like to express our gratitude to all orienteers and clubs who contributed to the success of the evening and particularly to our friends in the Military, Eugene Smith and John Cunningham.

GEN NEWS

Following the unauthorised launching of a verbal exocet by our scribe at our friends from the Orient, Setanta carried out an investigation to ascertain the cause. This investigation revealed that our scribe who is normally a most inoffensive man had overdosed on Dextrosol and lost the run of himself. We now have him sedated and for his penance he is labouring as Chairman.

Setanta Mountain Marathon

Thirty odd, very odd, souls braved the elements. The organisers are grateful to Ted McGrath whose prompt action averted a serious incident. Greetings to Jack Newman who should be approaching Sorrel Hill by now. Maybe he could switch off the lights and lock up when he gets back to the finish.

Results - Set Mountain Marathon

A Course 18km

D. Murphy	ECO	132.54

Seasons End

As the season draws to a close can we leave you with some questions. What happened to the Leinster Championships? Why have we no Leinster representati[illegible] on the IOA? Whatever happened to the Leinster Association? What has becom[illegible] the report of the development working parties?

Our thanks to all who worked for orienteering during the past season and have a nice holiday.

EASTERN COMMAND ORIENTEERS - An Treorai.

"Here we go, here we go, here we go,
ECO, ECO, ECO;
Where the hell, where the hell did ye go?
ECO, ECO!"

The "war-cry" will go up loud and clear and the ECO pennant will be raised high on the Continent and in Scandinavia this Summer.

The main thrust is expected at the Scottish 6-Day in August; fifteen (15) members are travelling. Murph leads a recce in force to Norway and Sweden in July and Peter O'Brien and Co. are gearing up to infiltrate the Swiss Alps. But that is NOT all. Special "ECO INTREPID AWARD 1985" goes to Damien Cashin, who is leading a trecking expedition to the Himalaya in September. "It's to make up for missing the FCA All Army at Ballymahon and 'twill look good in my log book!!"
"Bon Voyage; Bon Chance; Hurdi Gurdi Urdi; and "Up Your Kilt"".

The Grade I at Cootehill on June 2nd was poorly attended (53 runners) - so much for Summer-0! However, the fixture's secretary - Tony O'Doherty - tells me a second chance is to be given to runners to experience this lovely fast wood on November 24th, with another EOD premarked Grade I.

Mapping continues apace. Rossmore is being drawn. TR and J de L are finishing Tymon North Parkland and Summerhill is expected to be penned by Denis R. soon. The big project, Ravensdale, is slowly grinding away and the remapping of Rockmashall will depend on finance for a plot.

Tom Hodson (the esteemed Chairman) reported that a recent committee meeting decided the following:-

1. EVENTS - WINTER '85

Sept	29th - Day 2 -	North/South - 2 day
Oct	6th NAT O Day	Rossmore, Co. Monaghan Cootehill, Co. Cavan Rockma shall, Co. Louth Tymon North, Co. Dublin
Nov	24th - Grade I -	EOD premarked maps - Cootehill.

2. TRAINING

The Wednesday sessions are suspended until next Winter and will be replaced with Saturday morning events. The Training Officer has circulated details.

ALL ARMY CHAMPIONSHIP SUCCESSES

ECO were to the fore again this year. The number of prize winners clearly show ECO as "the strong ones" - no, NOT "the strange ones"!. We took 4 of the 6 championships.

/...

M21A	1st	Denis Reidy - All Army Champ
	3rd	Ted Russell
M21B	1st	Frank O Reilly - All Army Junior Champ
NOVICE	1st	Brian McEneaney - All Army Novice Champ
M35	3rd	P. J. Curran
M45	1st	Mick Bell - All Army M45 Champ
	3rd	Dan Flood

TEAM RESULTS NOVICE Winners - 27 Bn (ECO)

ONE TROPHY Runners Up - 27 Bn (ECO)

JUNIOR RUNNERS UP Aer Corp - (ECO)

Hill Run Successes

Murph has chalked up a win in the I.H.R.A. League and the club team of DM, TR and DR won the LUG RELAY after an eventful tussle with AJAX.

THANK YOU To those who helped Nuala Creagh IOA, Junior Affairs Officer at the Mini Sport's Weekend in Drumcondra on June 15th and with the Junior Squad Training Camp at Curracloe on the 28/29/30 June.

THANK YOU TOO to all who helped make the All Army a success.

RMEMBER next ECO event is September 29th. This is a big one. Your Club needs you. Report for duty to the organiser, Dermot Hickey NOW. Planner for this event is Kieran MacDonald and Controller is Frank O'Leary (CO).

NEW ADDRESSES

Anne O'Neill, Secretary of the Irish Orienteering Association, has moved to a new abode at 10 Adelaide Road, Dublin 2, Phone 01-754093. Anne is also Setanta Orienteers' secretary.

Frank Ryan of Western Eagles Orienteers and Connacht Regional Council, has a new telephone number: 091-53829. His address is still: St. Mary's, Ballinfoyle, Galway.

Bill Simpson of LVO and NIOA has moved round the corner to 17 Knockburn Park, Dundonald, Belfast BT5 7AY, phone (08 488) 4801.

ODDS and ENDS and ODDS...Curragh stars of yesteryear Wally Young and Aonghus O'Cleirigh are starting to reappear after their respective knee injuries. Welcome back...meanwhile the Irish team for the World Championships in Australia is Eileen Loughman of Great Eastern Navigators and (probably) Eoin Rothery of Ajax....Special award this month to Eastern Command Orienteers for their enthusiasm. I can think of no one else who would travel a hundred miles to Belfast for a Come-and-Try-It event: perhaps the Ripley's Believe-it-or-not award at the end of the year?....Next Irish Orienteer Trophy competition will start in January to be run in the same calendar year to avoid confusion with age-class changes, and probably with five courses instead of four. CompassSport Cup final next year in September....Please! no more "Bingo" orienteering events such as GEN's Midsummer Madness! It's the competitors who will be tearing up the controls, not outside vandals...Fred Corscadden of NWOC, once Irish Team Manager, has moved from Limavady Grammar School, the cradle of orienteering in the north-west, to take up the position of Principal at a Derry primary school, leaving little time for orienteering...no word of the elusive CompassSport magazine as yet- production difficulties and the editor's recent illness are blamed for the delays...IOF are looking for a full-time Secretary General, to be based possibly in Scotland. Details from IOA...Late event: September 8th at Castlefreke Wood, Clonakilty, Co. Cork. LeeO Grade 3 training event...Suggestion from BOF conference:that clubs make a contract with paid mappers and withhold payment if the product is unsatisfactory...read Lindie Naughton (ECO)'s book on running a faster 10k: some encouraging words on basic training ideas might help some of our orienteers...

NATIONAL O-DAY EVENTS

The events notified so far are:

Co. Cork: Ballyannon, Midleton;
Ballygiblin, Cecilstown;
Ballyvourney;
Bishopstown Park;
Corrin Hill, Fermoy;
Currabinny Wood, Carrigaline;
Deerpark, Mogeely;
Doneraile Park;
Farran Wood, Coachford.
Island Wood, Newmarket;
Kinsale Town;
Scartnamuc;
Shippool Wood, Innishannon;
Watergrasshill.

Co. Dublin:
Three Rock Wood;
Phoenix Park.

Co. Galway:
Portumna;
Woodlawn.

Information to National O-Day Co-ordinator, Justin May, Hawthorns Ticknock, Co. Dublin, please.

HILL RUNNING FIXTURES

July

25 E + MAULIN, Glencree, Co. Wicklow. 5mls, 1400ft, start at Crone car park.

27 D SLIEVE DONARD, Newcastle, Co. Down. Start on seafront. 2pm. 7mls, 2900ft.

August

1 E + SCALP, Kilternen, Co. Dublin. 4mls, 700ft. Start at Dublin Sport Hotel.

4 D GALTEES, Co. Tipperary. 11mls, 4000ft. Start 5mls from Cahir.

11 D CAMLOUGH, Co. Armagh. 2mls, 1000ft sprint. 2.30pm. Prizes?. Near Newry.

18 D LUGGALA, Co. Wicklow. Near Lough Tay. 12.5mls, 3500ft.

18 D TROSTAN TRAIL, Cushendall, Co. Antrim. 12.00 o'c. 17mls, 2500ft.

25 D + BALLYBRAID, Glenmalure, Co. Wicklow. 10mls, 2000ft.

25 D SLIEVE BEARNAGH, Co. Down. 7mls, 2500ft, 2pm.

September

1 D * LUGNAQUILLA, Co. Wicklow. 6mls, 2400ft. IHRA v NIFRA challenge. Start at Camara.

21-22 MOURNES MOUNTAIN MARATHON, Two-day race, with overnight camp. See advertisement.

October

12 D DONARD/COMMEDAGH HORSESHOE, Co. Down. 7mls, 3500ft. Start at 2pm.

13 D SLIEVE GULLION, Co. Armagh. 10mls, 1500ft. Start 2.30pm.

E = Evening. Start at 19.30 hrs sharp. Registration from 19.00 hrs.
D = Day. Usually 14.00 hrs, unless otherwise stated.
+ = league.
* = All-Ireland Championship.

For further information contact : Douglas Barry 01-868180
Dave Watson 08 487 4423.

JUNIOR TEAM SELECTION

The following events will be used as selection events for the Junior Home International in November:
Cross-Border Two-Day, September 28-29, incorporating the NI Championships at Florencecourt and a Grade 1 event at Rossmore next day, and
Munster Championships (Individual) on October 19th near Millstreet, Co. Cork.

These events should provide good orienteering, and new maps will be in use for all of them, so do your best to get to them. Performance over the past year will also count, but for those who for one reason or another haven't been orienteering actively in recent months it's not too late: get fit and ready for the autumn.

Note: While attendance at the selection events is not mandatory it is recommended that those seeking selection attend them. Non-attendance will not, however, debar competitors from being selected.

.....GEN NEWS .....GEN NEWS ..... GEN NEWS ..... GEN NEWS .....

Because of the uncertainty of the interval between the copy and publication dates of The Irish Orienteer we are considering a policy that GEN NEWS in future will not carry any details of forthcoming club events. Our experience with the last issue was that most of the pending events had been successfully held by the time The Irish Orienteer eventually appeared.

This new policy is particularly easy to implement for the summer edition. GEN is not organising any further summer events - either for orienteers in general or for the club membership. Members are free to do as they wish during the summer and will not be subject to any lecturing from our Chairman, Andrew Bonar-Law.

The Committee and others who have been unfortunate enough to be absorbed into the club's organisational core are not so lucky.

Our Chairman has now locked the Committee into what he calls the strategic mode. Regular and frequent meetings of the Committee are being held, and are being planned, to deal with organisational and strategic issues - the only light relief being the Chairman's supper of brown bread and pickled herrings.

Meanwhile Bernard Moran is putting the pieces into place for the Irish 2-Day in November. On the marketing front high-level approaches are being made with the assistance of Donal de Buitleir, Brendan Doherty and Gerry Sweeney to the powerful in the land. David Quinn is putting the finishing touches to his computer print-outs of the critical path analysis for the organisation for Day 2 of the 2-Day (repeat this slowly) and is also completing the mapping of Ballinastoe. Mappers (including those with no previous experience) are urgently required to assist with the mapping project (please contact David Quinn at 01-854800 during office hours).

Enjoy the summer.

CONNACHT REGION NEWS

Fixtures up to March 1986 were agreed at a recent Connacht Regional Council. The list appears with the other fixtures in this issue.

Congratulations to Padraic Higgins on his runner-up position in the Defence Forces Orienteering Championships 1985. Congratulations also to members of Western Eagles on the 25th Infantry Batallion team who took first team place in the All Army F.C.A. Championships held in Newcastle Demesne on Sunday, 28th April. Team members were Frank Ryan, Tony Price, Michael Healy and Tom Cleary.

Eagle Eye.

AJAX ORIENTEERING AND HILL RUNNING

Throughout the year its orienteering and more orienteering. Then come mid May there are no more events for our ever keen superfit athletes. Instead they take to the hills - those same hills which in earlier months provided them with much clean fun in the form of orienteering, not to mention those splinters, bruises, sprained ankles, blisters, AIDS etc. Hill running has so much more to offer. Not only does it have its share of splinters, bruises, sprained ankles, blisters and AIDS but it also provides the new experience of going astray, previously unknown to our brilliant orienteers. Anyway orienteering is too tame and clean for our brave, fearless warriors. To them the real challenge is the horizontal rain, the knife-like wind, the dense mist and the kneedeep bogs. Their endless strength is later displayed in their capacity to consume many a dark smooth pint.

This year's Lug Relay on Saturday June 16th was a fine day, unlike last year. The AJAX warriors represented over a quarter of the field withtwo and a third teams, Philip Thompson constituting the one third. On the AJAX A team a keen looking Dave Scott set off first. He must have been more than just keen because thirty three miles further south he was still running. Maurice completed the middle section in record breaking time: he ate the legs off everyone including the IOA chairman's lovely sexy legs. But where was Peter Gargan? Eleven minutes passed before a bullied Peter was on his way having blamed a car sick son for his delay - a devious but successful way of revenging Maurice for his late arrival at the JK relay changeover. He had blamed it on the traffic. Such un-inventive excuses. Anyhow Peter did his share of leg eating, claimed the fastest time for the third leg but let the ECO showar get away with the glory.

If you can't do it in Ireland do it in France with the army. Such is the way of Orla Cooke - running with John Campbell they won the mixed team prize in an army mountain marathon. Does this mean Orla will join up? The same Orla has been invited to run in the Silva Cup in Sweden - a race for elite only. There's no stopping her this summer.

Gone are the Irish Champs, gone is yet another JK but the Scottish 6-Day is on its way for many of us. Experienced 6-Day attenders claim its always an event for fair weather. It had better live up to expectations otherwise Michele's Japanese tent is doomed. Vertical rain is one thing but horizontal rain is another matter. The domed shaped tent was put to the test in Strandhill during the Sligo festival. No it doesn't keep out stormy rains. But a point in its favour - it does sleep four. Well at least it holds four but whether all parties sleep is another question. Michele is the one to ask. For many of us the Sligo festival is synonymous with the Triathalon (Maurice and Jean) and the Warrior's Run and this means dreaming of £1000 on reaching the top of Knocknarea. But no it wasn't Robin's dream come true, nor Kenny Stuart's (British Fell Running Champion) but a Kerry bloke John Lenihan. All the same Robin's 3rd place behind Stuart was brill, beating the likes of Noel Harvey (4th) and Jack Maitland from England (7th). Overall it was a brilliant weekend for the clubs only real man - what with his new jacket and the blond marathon runner he was away.

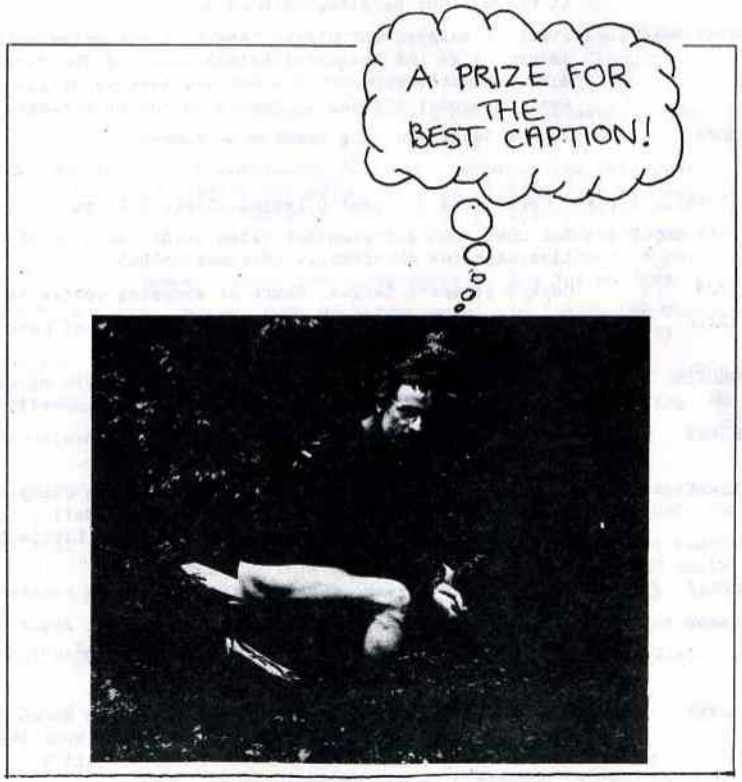
So back to O-talk. On the junior scene, three of our juniors have made it on to the junior squad - Edward Niland, Aine Rice and Deirdre Dillon. Already they've been on a training weekend. Back in the old days when the girls were little 'uns weekends away had a corruptive effect on them. I wonder if things are different for today's up and coming juniors.

And on the senior side: five have been selected for down under - Eoin, Robin, Peter, Orla and Deirdre. Not bad considering the size of our club. But then again we do seem to create an oversized impression (especially when away). Although selected none are travelling to Australia except perhaps Eoin. If he goes he'll sure miss the honest to goodness bacon and cabbage and the smell of the farm to which of late he has become so accoustomed.

On the social side of life Griffith Barracks must surely be no.1, At 92p a pint and a 3.00am closing time it can't be beaten. Thanks to Catherine Murtagh and SET who organised the party. However for Paddy it was a distressful night. There's no hope for him now getting to Scotland. But he should look on the bright side of things. There are many strange male characters in Scotland and it might be best for him to stay away considering his fears.

It's babysitting time again for the O'Briens, Nilands, Slators and soon for the O'Haras. Just when one was getting used to sitting in the pub with a bunch of pregnant women. Congrats to all.

In the next AJAX news we'll be reporting on the gossip from the Scottish 6-Day. So look before you leap in Scotland cause it will all come out into the light with the next issue. Don't say you haven't been warned.



ORIENTEERING FIXTURES

July

20	TOLLYMORE	Co. Down. LVO come-and-try-it event in pleasant forest park at the NW corner of the Mournes. GR J 35 32. Contact Ann Savage at Donaghadee 883904.
22-26		Swedish 5 Day. You are too late for this year, but start planning now for 1986.

August

4-10	TAYSIDE '85	Scottish 6-Day event, Pitlochry, Perthshire. Six days of bracken, rain and haggis. Takes place every second year in a different part of Scotland. International orienteering in an accessible location. Instead of Sweden in '87?
17	CASTLEWELLAN	Co. Down. Another pleasant forest in the area of Tollymore. The last in the LVO summer series of CATI events. Start 11.00 until 1.00 pm. GR J 32 37. Contact Ann Savage (see above).
24-26	WHITE ROSE WEEKEND	Scarborough, Yorkshire. For those who want a change. This is a bank holiday weekend in England.
24	* FANORE	Co. Clare. ThO annual event on Saturday evening on a nice 1:5000 scale map of the Rabbit Warren, followed by a barbecue if the weather permits. GR M 13 08.
25	* BURREN WALK	Start at Fanore, Co. Clare. Long distance orienteering mostly on tracks in the unique limestone karst of the Burren. A most enjoyable day out. The hardest part is dragging ones self away on Sunday evening to return to the grindstone.
26	FANORE	Junior Squad training session at Fanore.

September

3	FITZGERALD'S PARK	Cork. Cork O Street-O league. Start 5.30 pm.
7	HILLSBOROUGH	Co. Down. LVO entry-on-day relay event. GR J 24 57. Contact Alan Gartside for details: Belfast 655065.
10	WILTON	Cork O street-O league. Start at shopping centre at 5.30 pm.
13	KINSALE	Co. Cork. Cork O street Championships, part of Cork 800 celebrations. GR W 64 50.
14	FORMOYLE	Co. Derry. NWOC NI Ladder event in the Sperrin Mountains, or nearly. GR C 77 27. Contact Les Pumphrey: Limavady 765823.
15	TARBERT	Co. Kerry. Kerry O Grade 2 event, new map, overlooking the Shannon, and overlooked by the power station.
14-15	KILLARY	Co. Galway. Superb area, used for 1984 Irish Championships. This is the first open event on the area since. Well worth travelling to, but pray for good weather. Organised by Little Killary Adventure Centre. GR M 80 62.
17	DOUGLAS	Cork. Cork O street event. Start at shopping centre at 5.30pm.
22	GLENABO	Fermoy, Co. Cork. GR W 80 96. Cork O Grade 2 event. Note: this event does not appear in the IOA fixture list, so it may have changed. Check beforehand!
22	KILAKEE	Co. Dublin. SET Grade 2 event. This could be a new area, or it could be Masseys' Estate by any other name. Near the Hellfire Club, in any case. Contact Brian Power 01-941378.

ALSO: OCT. 13 THREE ROCK WOOD, CO. DUBLIN,
OCT. 27 KILMASHOGUE. CO. DUBLIN

September

24	MAYFIELD	Cork O street event. Start at swimmimg pool at 5.30 pm.
28-29	CROSS-BORDER 2-DAY:	Day 1 is at Florencecourt, Co. Fermanagh, and features the NIOA Championships, organised by FermO, on a map by the ever controversial Hilary Beck (Britain's answer to Eoin Rothery), and Day 2 at Rossmore, Co. Monaghan, organised by EGO. Entry closes 1st September. Entry forms in this issue.
29	* BALLYVORISHEEN	Carrignavar, Co. Cork. Guinness Cork League event. Cork O.
29	GARRETTSTOWN	Kinsale, Co. Cork. Cork Schools event. GR W 58 44.

October

5	TOLLYMORE	Co. Down. LVO NI Ladder event, Grade 2 or so. Nice forest, but too well known by the locals. GR J 35 32. Contact Ann Savage at Donaghadee 883904.
6	NATIONAL ORIENTEERING DAY:	local events all over the country. See separate list. The coordinator is again Justin May, 01-988730.
12	CORK SCHOOLS	Training event. Venue unknown. Contact Judy Murray, Midleton Vocational School, Co. Cork.
13	* GALLOWS HILL	Co. Clare. ThO Grade 1 event. Area used for part of the Midwest 2-Day earlier this year, incorporating some of the old Cratloe map. GR R 50 61. 1:15 000 scale. Nice open mountain, forest with some felling.
13	WOODLAWN	Co. Galway. UCGO grade 2, schools and league event. Very nice fast, flat forest used for '85 Connacht Championships. Many miniscule features mapped, though. GR M 68 31.
13	* ARDNAGEEHY	Co. Cork. Between Glenville and Watergrasshill. Cork O Guinness Cork League event.
19-20	* MUNSTER CHAMPIONSHIPS	Musheramore, Co. Cork. Incorporates Interprovincial match. Apparently two adjacent areas used, or one big map. Individual event on Saturday (incorporating Interprovincial, Munster Individual Championships, Cork 800, International Youth Year Championships: I won't be volunteering to sort out the trophies!). Sunday: Relay. Possible entry on day for novices. Cork O.
26	GORTNAMOYAGH	Co. Derry. NWOC NI Ladder event, including LVO Championships. GR C 76 13.Contact Les Pumphrey: Limavady 765823.
27	* GLENBOWER	Killeagh, Co. Cork. Cork O annual colour event. Grade 3.GR W 99 77.
27	MOUNTBELLEW	Co. Galway. Fast, flat forest, undergoing felling. WEO Grade 2 league event. GR M 66 46.

November

2	CAIRN WOOD	Dundonald, Co. Down. NI Ladder event. New, colour map. GR J 45 76. Contact Alan Gartside, Belfast 655065. LVO.
3	BALLINDERRY	Rathdrum, Co. Wicklow. Bolton Street Orienteers venture into the big time on this map produced by UCDO. 1:10 000 scale, fairly featureless forest, mostly runnable. GR T 15 91.
3	MALLABRACKA	Dunmanway, Co. Cork. LeeO Grade 1 Munster League event.
2-3	NATIONAL SCOUTS' CHAMPIONSHIPS	Killanahally Wood, Lismore, Co. Waterford and Glenshelone Wood, Cappoquin, Co. Waterford.
9-10	IRISH 2-DAY	Day 1 at Glendalough, Co. Wicklow, on the IOC 85 area and map, organised by UCDO. GR T 11 96. Day 2 at Ballinastoe, Co. Wicklow, on a new map of an area not used for about seven years, organised by GEN. GR O 17 08. Entry forms in next issue.
10	ARDNAGEEHY	Watergrasshill, Co. Cork. Cork Schools event.

RELOCATION!

'Oh dear', thought Alice. 'I'm late again! Now I'll never be able to find the white knight'.

She sighed as she thought about how angry the white queen would be. 'Off with her head', she'd scream, and then, I suppose, that, would be that! Not at all pleasant. Alice began to regret swapping her thumb compass for the white rabbits watch, but it was too late to change that now.

Suddenly she had an idea. That nice Mr. Dodgeon had once showed her how to use a watch like a compass by reading the sun, but ....

'Oh drat!', she thought (drat being the very worst word she knew) 'what use was it knowing what way she was going if she didn't know where she was to begin with'.

She sat down beginning to feel quite glum. She frowned fiercely having found this always convinced grown-ups you were really trying hard to remember what you didn't know in the first place. But now there was nobody to convince. Then she jumped to her feet and squeezed her eyes shut as she remembered something the white queen had said about being lost. She tried to imagine the white queen standing there, telling her what to do.

'Now girl', the white queen snapped, 'pay attention. Mind your manners and repeat everthing I say before me backwards. Now when you get lost close your eyes and think of me. Start in any direction. Keep going until you are halfway to where no matter where you go you are going back to where you came from. Now make sure you choose the right path and walk until you see red then go right 'til morning and you'll know where you are!'

Carefully Alice followed the white queen's instructions. As she set out she watched the sun setting on her right and listened as the howls and shrieks of the jabbercocks and boogum began to fill the night air.

Alice walked for ages. 'What a long time I've been walking', she thought, but at least now it was nearly morning. Then she looked around her in amazement and gasped. She was right back where she had started from! Only now there was a bear sitting on the ground doing mathematics. She looked over his shoulder and discovered that he was describing how to continuously deform a leather jacket into a 4-dimensional hypercube!

CAN YOU HELP ALICE LOCATE HERSELF? BY THE WAY WHAT COLOUR WAS THE BEAR?

Paul Smyth - Setanta.

THREE ROCK ORIENTEERING CLUB

Enquiries: chairman John McCullough (981556), secretary Michael McAuliffe (982315), or treasurer Trina Cleary (904177).

Once again 3ROC were the Irish representatives in the CompassSport Cup final, which this year was held on Saturday, June 8 at Strines, near Halifax in Yorkshire. As last year, though, the timing of the event meant that many of our members, especially juniors and students, couldn't travel, so only 12 of us actually made it to the event. So not surprisingly we finished last of the 5 clubs taking part (the winners were Airienteers from Yorkshire), but we did have the satisfaction of scoring considerably more than the minimum number of points, and Una Creagh in particular had a good run, finishing 6th in her class. A very enjoyable time was had by all, and our thanks are due to the organisers, who made us feel so welcome. We'll be doing our utmost to qualify again next year!

More channel-crossing takes place in the first week in August, when no less than 16 of our members take themselves off to the Scottish 6-Day, which this year is based in Pitlochry. Ours is one of the largest Irish contingents (surpassed only by Ajax and ECO) and is part of an impressive total Irish entry of 105. Best wishes to all for an enjoyable and successful trip!

Meanwhile, on the home front - our last-Friday-of-the-month training evenings are taking a break during the summer, but will be back again in September. Not so the Wednesday evening training runs, which continue throughout the summer in Marlay Park, starting at 6.30 p.m. from the S.W.-most car park (first on the left as you approach from Whitechurch along College Rd.). Marlay provides a very pleasant setting, especially when the weather's good, and some of these sessions over the next few weeks will incorporate small training events and exercises - so now's your chance to get into the swing of training on a regular basis!

And as if that weren't enough, on the first Wednesday of every month training will be followed by an informal Social Evening in the appropriate surroundings of the Three Rock Lounge in Marlay Grange Hotel, from approx. 8 p.m. onwards - trainers and non-trainers equally welcome! (Marlay Grange Hotel is at the junction of Grange Rd. and College Rd., beside the 47B terminus.)

As far as training's concerned, though, the really important dates to mark in your diary are Saturday and Sunday, September 7/8. On that weekend we'll be organising a training session in Curracloe, Co. Wexford, which will be open to all members. Overnight accommodation will be in Sheilbaggan Adventure Centre, and the cost will be very reasonable - juniors in particular should note that a subsidy will be available for them. As many of you know, Curracloe is one of the best and most technical O-areas in the country, and the weekend promises to be stimulating and instructive for everyone from beginner to élite. More details will be available nearer the time.

Also available soon will be details of 3ROC's latest advance in the field of O-fashion - the club badge (embroidered cloth, suitable for sewing onto tracksuits/O-suits/whatever), which is on order and will be available in time for the start of the new season in September.

Last but by no conceivable means least, some mapping news. Two mapping projects, Pine Forest and Carrick, will be getting under way very soon, and anyone who would like to get involved should contact our Mapping Officer, Barry Dalby (0404-4169). Experience isn't essential, and newcomers are always welcome - Pine Forest in particular is suitable for new mappers, since it's so close to Dublin and isn't a particularly complex area. So don't sit back - Barry's waiting to hear from you!

Irish Orienteering Association

IOA NEWS

National Orienteering Day

This year National Orienteering day is being held on 6th October. The events will be run on the same lines as usual with some sponsorship available from Cospoir. Justin May is National Co-ordinator and we would be grateful if clubs could contact him with details of events (Justin will be writing to clubs shortly).

Junior Affairs - Report by Nuala Creagh on the training weekend held in Curracloe on 1st June

We have just returned from a very enjoyable training weekend at Curracloe. Sincere thanks to those senior orienteers who came along and worked so willingly to make the weekend a success and thanks too to the juniors for their enthusiasm and co-operation. We managed to get nineteen members of the squad together from Munster and Leinster as well as a few others who joined in and were most welcome.

The next training event is a one day get together at Fanore, Co. Clare on Monday, 26th August. This will coincide with the Thomond event at Fanore on Saturday, 24th and the Burren Walk on Sunday, 25th. This will not suit everyone so don't worry if you can't make it - we'll meet near Dublin next time.

If you can come, just be at the Fanore Recreation Centre at 11am, Monday 26th - finishing up at 4pm. No need to contact me about this - I'll be away anyway in August - just come along if it suits.

IOF Mapping Committee

Drawing specifications - the current publication will remain in force as long as possible as almost all countries have accepted these specifications.

SOFT have produced a screen tint for felled area/rough open (tinted diagonal stripes). This will soon be produced as a Letratone sheet. Screen tints and Letratone sheets for this and special O symbols can be obtained from Knut Nord, Map Committee, Svenska Orientersforbundet, Idrotten Hus, S-123 87 FARSTA, Sweden.

Map Instructors Conference in West Germany

Venue - Stuttgart, 10-13 October.

Invitation - two from each Country.

Cost - Mappers O Federation to meet travel costs. IOF will meet food and accommodation costs.

Contents - Demonstration and discussion of the Instructor's Kit, being prepared by a working group of the Map Committee.

AFFILIATED TO THE INTERNATIONAL ORIENTEERING FEDERATION

Irish Orienteering Association

World Cup Orienteering

World Cup orienteering commences in 1986 and will take place during non World Championship years. Eight competitions are to be held in H21E and D21E classes, the four best results of each competitor to count. The competition is for individuals but they must be selected and entered by their National Federation.

The 1986 programme has been approved:

May 1	Norway	July 20	Sweden
May 17	USA	August 7	Czeckoslovakia
May 24	Canada	August 10	Hungary
July 12	France	October 5	Switzerland

IOF Computer Competition

The IOF wishes to encourage the use of microcomputers within the sport and to determine technical and operational standards for the future use of microcomputers. Entrants to the competition are invited to submit software which has been specifically written for any orienteering application.

There are three sections:

Section A Programme of use to event organisers dealing with event processing and administration.

Section B Programmes making use of the graphics capabilities of the computer and/or associated printer.

Section C Software not in the above sections.

The judges will be looking for originality and emphasis will be placed on a number of points listed on the entry form. For example - 'the software should be elegantly written and easy to use'.

Entry is free and all orienteers are invited to take part in this competition. Commodore A/S of Denmark have donated a newest Commodore computer 128 RAM, disk based as the prize for the overall winner.

Entry forms are available from IOA secretary. These must be sent to the IOF Secretary General by 30th September, 1985. Work must be submitted by 30th March, 1986. Results will be announced at the XIII IOF Congress 1986.

International Events

The first international orienteering event in the Peoples Republic of China will take place in the Shum Chum Special Economic zone on 29th September, 1985. Orienteers from the P.R.C., Hong Kong and other countries are expected to compete.

A joint event with Hong Kong O Club and the SEZ Club will be held on 7th January, 1986. It will be possible to arrange tours of China before or after this event.

Contact Faith White for further information.

4 N/F

B. Farrell, Loreto and A. O'Hara, SET - N/C

Planner: R. Poff
Controller: B. Buckley
Organiser: P. Walsh

Special thanks to the Setanta Club members who helped in the organisation and running of the event and to Faith White for her hospitality at Lake House.

Thanks to Curragh Orienteers, 3 ROC and DUO for the loan of equipment.

Good Luck to 3 ROC in the Compass Sport final. Results for 3 ROC and NWOC are listed separately.

FOUND: Blue track-suit top (5th Inf. Bn.)

.....
