the IRISH ORIENTEER

NUMBER 3 JANUARY 1983

THE IRISH ORIENTEER NO.3 JANUARY 1983

The "Irish Orienteer" is published at two-monthly intervals, and is obtainable through all Irish O-clubs' Secretaries. All material concerning orienteering, including photographs, will be gratefully received by the editor: John McCullough, 34 Dun Emer Drive, Dublin 14.

The next issue of "Irish Orienteer" will be published in early March 1983. Copy should be with the editor BEFORE FEBRUARY 18th.

Copy dates for the 1983 issues of TIO are given below. The copy date is the LATEST DATE for the receipt of camera- ready copy.

ISSUE NO.	COPY DATE	ISSUE NO.	COPY DATE
4	18 February	7	19 August
5	22 April	8	28 October
6	24 June	9	23 December

Advertising rates in the Irish Orienteer are £25.00 per full page, £15.00 per half page and £8.00 per quarter page.

The cover photograph in this issue shows competitors taking part in the National Orienteering Day event at Three Rock Wood, Co. Dublin, and was taken by Justin May.

AGE CLASSES FOR 1983

Age classes for orienteering change on January 1st each year. Your age for orienteering purposes is the age you will have attained on December 31st of the year in question. For 1983 the classes are as follows:

Class	Year of Birth	Class	Year of Birth
M/W 10	1973 or later	W 19	1949 - 1964
M/W 11	1971 - 1972	M 21	1949 - 1962
M/W 13	1969 - 1970	M/W 35	1941 - 1948
M/W 15	1967 - 1968	M/W 43	1934 - 1940
M/W 17	1965 - 1966	M/W 50	1928 - 1933
M 19	1963 - 1964	M/W 56	1922 - 1927

Men = M, Women = W. In events abroad mens' classes are usually denoted H (Herren), and womens' classes D (Damen). Something for women entering events on the Continent to note is that the D19 class is usually only for 19-20 year olds, and that the Womens' open class is D21. While it is permissible to run in a class higher - i.e. nearer to M21/W19 - than your correct age class, you may not run in a class lower than your own.

GERRY CHARNLEY

The following report apprared in the Irish Times of December 15th, headed "Policeman dies": "A group of police cadets watched in horror yesterday as their instructor fell 500 feet to his death over an icy precipice in the Lake District. Sergeant Gerald Charnley (53) from Lancashire police plunged off Swirrell Edge, on 3000 foot high Helvellyn." Gerry Charnley was the principal organiser of the Karrimor Mountain Marathon since its inception, and was a well known figure in British Orienteering and fell-running circles. May he rest in peace.

THE EDITOR

1982

So, we made it! Irish Orienteering has survived yet another year, despite recessions and depressions. The O-year was really rather successful in a funny sort of way. Quite a number of interesting things happened here - we held two international two-day events, demonstrating the variety of types of Irish Orienteering (in more ways than one); we had a Cospoir National O-Day which was considered a success by almost all , and the Connaught (or Connacht) Region came of age. "The Irish Orienteer" materialised from the ashes of the "LOC Newsletter" (with no help from John Mulcahy); and Irish Teams took part in the Continental Cup in Scotland, and in two Junior Home Internationals. It appears that at long last the mapping doldrums have been left behind - quite a number of new maps, many of them local parks or small woods, have appeared, and the concept of the Colour event is being more widely accepted. Several new clubs, open & closed, have formed or become active, and orienteers as a whole are probably fitter than ever, with more and more taking to hill-running or athletics in addition.

All, however, is not sweetness and light: the same old problems persist - the total lack of forward planning either by clubs or by IOA (who are busy enough trying to keep the leaky ship of Irish Orienteering afloat and steering in approximately the right direction, and quell any mutinies among the crew), and the small number of people willing to share the load and allow the sport to develop.

Do we want to develop the sport in Ireland? Can we, at our present level of expertise, allow it to develop until we can cope with it? Can we afford to increase participation until we have an efficient enough organisational base to cope with a huge increase in numbers, or are we wasting our time trying to increase participation? What is the wastage rate - how many people are lost to the sport after a brief encounter? Who knows? Who cares? The lack of planning for development extends further: the World Championships take place in Hungary in September, yet little or no fund raising has taken place - God help those hoping for a place on the WOC '85 team for Australia!

Lastly, I'd like to wish you all a happy O-year in 1983, and I hope we'll all still be here in a year's time. Let's make 1983 the "Year of the Controller" - more effective controlling, and every control in the right place.

John McCullough

THE AUSTRALIAN ORIENTEER

IOA CONTROLLERS COURSE

Date: 12th-13th February, 1983
Venue: Wesley College, Ballinteer, Dublin 16.
Instructor: Tony Thornley (BOF)
Fee: £7-00 - This fee is inclusive of lunch for both days.
If you wish to apply for a place on the course please contact the IOA Secretary immediately. Catherine Murtagh - 111 Haddington Road, Dublin 4. (01-682951)

Read All About It In....

COMPASS SPORT the ORIENTEER

COMPASSSPORT IS BRITAIN'S NATIONAL ORIENTEERING MAGAZINE AND IS PROFESSIONALLY PRODUCED IN FULL COLOUR. THE MAGAZINE APPEARS SIX TIMES EACH YEAR AND PROVIDES ENTERTAINING READING AND INTERESTING COVERAGE OF ORIENTEERING, FELL-RUNNING, SKI-ORIENTEERING AND MOUNTAIN MARATHONING BOTH IN BRITAIN AND WORLDWIDE.

MATERIAL OF IRISH INTEREST IS ALSO CARRIED, TOGETHER WITH ARTICLES TRANSLATED FROM SCANDINAVIAN O-MAGAZINES.

SINCE LAST YEAR THE MAGAZINE HAS INCORPORATED THE BOF MAGAZINE "THE ORIENTEER".

COMPASSSPORT IS AVAILABLE TO MEMBERS OF IOA REGISTERED CLUBS AT IR£5.00 PER YEAR, THROUGH "THE IRISH ORIENTEER".

SUBSCRIPTIONS SHOULD BE SENT TO:

RONAN CLEARY
16 DODDER PARK ROAD,
RATHFARNHAM,
DUBLIN 14.

CONNAUGHT REGION NEWS

Orienteering in the West took off to a very active start with the Western Eagles Orienteering Club AGM which was held in the Western Hotel , Athenry. The meeting was well attended, and the following committee elected:
Chairman: Noel Conserney, Secretary: Frank Ryan, Treasurer: Bob Cahalan, Assistant Secretary: Noreena Ruane, PRO: Seamus Cahalan, Club Captain: Padraig Higgins, Sponsorship Co-ordinator: Barry Scanlon, Committee Members: Brendan Higgins(Asst. PRO), Kieran Jordan, Michael Cahalan, Alan Prendergast, Sadie Conserney.

Galway RTCO also had their AGM. This year the Club has received its biggest membership to date and hopes are high for a successful season. The Club has a large number of beginners and it is hoped to have some competitions exclusively for novices as the season proceeds. GRTCO are already giving classes in map reading to all beginners - the first two classes received a great response and it is hoped that this will help to promote the sport in the West.

The big news must be the formation of the Connacht Regional Orienteering Council which was formed at a meeting in Galway RTC on October 18th. Representatives of all the Connaught Clubs attended, and the following Committee was elected:
Chairman: Frank Ryan (WEO), Secretary: Mary Young (LKAC), Treasurer: Brendan Higgins (GRTCO) PRO: Seamus Cahalan (GRTCO) , Results Co-ordinator: John Crowley (UCGO).

WHY NOT TRY AN ORIENTEERING "HOLIDAY"?

You might like to consider some of the following events:

EUROPEAN NOTEBOOK

May	21-23	Belgian 3-Day (15.4.83)
Jun	28 - Jul 3	Bulgaria Cup 5-Day.
Jul	3-9	Kainuu Week, Finland (13.5.83)
	8-10	3-Jours de Jura, Switzerland (30.4.83)
	10-17	Sorlandsgaloppen, 6-Day, Norway
	13-17	Austrian 5-Day,Pinkafeld (1.5.83)
	13-15	Ostgota 3-Days, Linkoping, Sweden (16.5.83)
	18-22	O-Ringen 5-Days, Anderstorp, Sweden (1.4.83)
Jul	30 - Aug 3	Quebec 5-Day
Jul	31 - Aug 6	Scottish 6-Day, Deeside. (1.4.83)
Aug	2-6	Czech 5-Days, Jicin (1.6.83)
	6-7	Canadian Championships
	12-14	Czech 3-Day, Bratislava (15.7.83)

Further information on these events may be obtained from the IOA International Fixtures Secretary, Larry Roe, 36 Wedgewood, Sandyford Road, Dublin 14.
(If you are thinking of any event to which anybody from Ireland has been before then you could pick up a lot of useful information by talking to them about it. In particular if you are thinking of one in Eastern Europe, don't expect to get a square meal until you return!)

O'ld Lag Goes Training

God be with the days when tracks were made of grass or, worse, cinders, when coaches roared like lions and most of us suspected that fartlek came from beans. Around we pounded blowing out our cheeks like Gordon Pirie and spiking ourselves and others with real spikes that drew blood.

It's all over now, "no sweat" they say, - and twinkle-toes OCleirigh skims across the line, Justin May carves his muscles down to a convenient size before events and Wally and Pat return from the Lebanon because it is too small to train in. Lesser mortals wring out their sweat-bands at the last control in feeble imitation. "You don't need to be fast," they say - as they float over the brashings. "Regularity, not speed," they shout back - as they push the hills down under their feet. - It's like an All-Bran advertisement.

But stop a moment; look who's talking. These are National and International standard athletes aided and abetted by Marathon runners who train that way anyway. These people will automatically pace themselves at a useful level during training forgetting that, by **temperament** or experience, they are able to accept a whole range of physical and mental discomforts which present real barriers to the aspiring athlete. Also, they have time on their side, or are prepared to make sacrifices, which others are not, for the sake of training.

Let us look at our aspiring athlete; he is young (17 - 35) medically fit, and able to run the full length of his course at a modest pace. He gets his orienteering run every two weeks, but gets lost if he pushes too hard as he is not fit enough to concentrate when tired. We leave him to sink into the brashings. He can get a good run on alternate week-ends and perhaps a half-hour or two during the week. He's not going to improve much by jogging. "Oh no," they cry, "we never meant jogging." The plot thickens: "we mean running ... but not fast." Ever tried to keep up with Carey May when she's not going fast?

So, to basics, what are you training for? You are training to be able to run on your own through the forest at the upper edge of your fitness band. That's it! Not total exhaustion, or you won't be able to think. Because you will be on your own you must teach yourself to move up and down through your fitness band, and this is something that plodding will never teach you. Warm up slowly, five minutes at the least, at the end of which you should be just about ready to sweat. You are now ready to follow what ever schedule you have mapped out for yourself but, to that schedule, add just one small ingredient - TRY A LITTLE HARDER -. This ingredient is the one our athletes forget to tell us about because it has become automatic to them. From time to time, as it occurs to you on a run, ask yourself 'can I go just a little faster?' Then increase your pace just enough to notice it, no more, and carry on until you think of it again. In this way you repeatedly cross the mental barrier which we all have to greater effort, and ask just that little bit more of our physical performance as well. As someone's coach said sometime 'GET OUT THERE AND GET TORE IN'.

THE JAN KJELLSTROM TROPHY - KENDAL, CUMBRIA 1st - 4th APRIL, 1983.

The D.U.O. bus to the event will leave Dublin on the evening of Thursday, March 31st and arrive, via Liverpool, in time for the Training Event on Friday, April 1st. The bus will be on hand to convey competitors to each day's event and to the Event Centre in Kendal town. It will return, again via Liverpool, after the Relay Event of April 4th, arriving back in Dublin on the morning of Tuesday, April 5th. The cost of the trip will be in the region of IR£55, including accommodation which has already been reserved in Burneside (less that 2 miles from the Event Centre).

Those wishing to reserve a place on the bus should send a deposit of IR£20 + SAE to: Mark Donovan, "Crannach", Hillcrest Road, Sandyford, Co. Dublin by January 31st. To those who have paid their deposit and pay the balance by the end of February we are offering a fixed price of IR£50.

Entry forms will be available through all club secretaries by the end of the first week in January. Anyone looking for further information may contact Mark Donovan at the above address or Susie Quinn, 3 Dundela Park, Sandycove, Dun Laoghaire, Co. Dublin. In the event of there being insufficient interest shown by January 31st, all deposits will be returned immediately.

IRISH HILL RUNNERS ASSOCIATION FIXTURES

13 February	Sorrell Hill, East of Blessington.13.30 hrs.
6 March	Three Rock Mountain from Ballinteer Shopping Centre. 13.30 hrs
27 March	Seahan, near Ballinascorney, Co. Dublin. 13.30 hrs
10 April	War Hill Circuit, Glencree, Co. Wicklow. 13.30 hrs
24 April	Luggala Circuit, Co. Wicklow. Start on Roundwood-Sally Gap road, 13.30

The dates and times of these races should be confirmed beforehand with either Paddy O'Brien (905059) or Douglas Barry (868180).

MAJOR B.O.F. FIXTURES JANUARY - MARCH 1983

Jan 30	Chiltern Challenge, Stokenchurch, near High Wycombe, Buckinghamshire. Entries close 5.1.83
Feb 6	West Scotland Championships, Dalry Moor, near Ayr. (20.1.83)
6	Southern Navigators Badge Event, Long Valley, near Aldershot, Surry. (24.1.83)
13	Sarum Saunter Badge Event, New Forest, Hampshire.
20	Concorde Chase, Star Posts, near Reading. (24.1.83)
20	East Pennine OC Badge Event, Bingley St.Ives, near Bradford. (5.2.83)
27	Southern Championships, New Forest (10.1.83)
Mar 6	Mole Valley Badge Event, Headley Heath, S of London. (7.2.83)
6	St.Davids Day Badge Event,Cardiff. (18.2.83)
13	Midland Championships, Budby, Nottinghamshire, near Worksop.
20	Norwich Badge Event, Felbrigg, Norfolk. (28.2.83)
20	CLOK Badge Event, Hipswell & Barden Moor, near Catterick, N.Yorks.
27	Delamere Trophy, Delamere Forest, Cheshire, near Runcorn. (12.3.83)
27	Saxons Badge Event, Hemstead Forest,SE England. (21.2.83)
27	BOK Trot, Tintern, S Wales, (5.3.83)
29-30	British Universities Championships, South Wales.

Further details of these events may be obtained in "CompassSport/The Orienteer".

DRAWING AN ORIENTEERING MAP - Eoin Rothery (AJAX)

Part 2

3. REGISTER

And now we come to the most important aspect of your map. If you get this one wrong and all the others right, your map will still be a shambles. You cannot 'get away with' a substandard register. It is not good enough to slap any old cross down anywhere and hope that it turns out all right. That fancy colour quadrant is nice but it is not a good register tool. It should be used only as a reminder, and as as indication to the competitor.

If your register is bad the map becomes almost impossible to draw. If you do manage to draw the map and the printer manages to register the register marks then all your colours will be off. If he tries to register the map - by the way, he is most unlikely to do this, but it is something the photographer might try - then the register mark will look as if it is off. If there are other maps on the same plate, and the printer registers your faulty register then all the other maps will be affected., i.e. they will be wrecked.

The first thing to do is to decide where the frame is going. Then at each corner, on the compilation map, 1 cm outside the frame, put 4 register crosses. For this it would be useful to have a 0.1 mm pen and a light table, but use the finest pen you have and be careful. Then put the 'Black' sheet on top of this and trace the crosses carefully. Now do the same for the other 4 sheets - register each one individually to the compilation map.

Before drawing any part of the map, make sure you have lined up the crosses correctly. At intervals check, it might have slipped. After you have finished it may be necessary to thicken up the crosses to 0.2 or 0.25, if you are going to reduce. If you are putting a colour quadrant in, make doubly sure that it is right, and make sure that the photographer and printer know to ignore this, and use the ones outside the frame. Printers like to remove register marks, but you must insist that he does not. When the map has been printed the marks may be trimmed off, since you have wisely put them outside the frame. This means you can check the register after printing.

4. DRAWING THE MAP

The easiest order to do the colours in is as follows:- Black, Brown, Blue, Green, Yellow. You trace all of these off the compilation map, but in doing some of the later ones you may have to put the Black (usually) below the compilation map to check that what you have registers.

If you are right-handed you work from the top left hand corner to the bottom right, vice versa for left handed I presume. If you have not taped the map to the drawing surface then you can rotate it around while drawing. This is so you can avoid leaning your hand on lines you have just drawn.

It will be necessary to put a piece of soft tissue under your hand. This reduces the grease problem. Even with your nice clean hands that you wash each time before you start you will find that they will grease the film making it much more difficult to draw on.

The pen should be held at a high angle to the drawing surface, not essentially vertical, unless you can do it comfortably. The ink should be allowed to flow from the nib to the surface, without the nib actually touching as you draw. If it does it may damage both the film and the pen.

Get the thicker lines out of the way first, as smaller lines may have to be displaced to accommodate roads and suchlike. They are also more liable to smudge. For dashed

lines a double stroke of the pen makes for a better appearance. After all the line features you do the dotted lines and point features. Dots are the drawer's curse as they smudge if you breathe on them. The Orienteering Map Symbol Letraset sheet is very useful for point features and is available from Harvey Map Services.

There are two methods of putting the screens for colour areas on the map. Letratone is a brand name for sheets of dots and lines. Matt colours (Fast open, Fight) are done by putting areas of solid black on your Green and Yellow sheets. Alternatively, you may use Letrafilm 151M which is an opaque film, red in colour. You can also get a red, photographically opaque tape, but this tends to shrink. For the dot screens you must remember that if you use too fine a screen then the dots will merge and you will be left with a blotchy patch. Large dots look cumbersome but this is the price you have to pay.

The other method you can use is one of preparing a separate drawing for each screen - Walk, Slow Run, Rough Open. On each drawing all the patches are opaque or black and an instruction is written on each to the photographer - 50% Green etc. The photographer has these screens, with quite fine dots, and as he makes the negative he will expose these as appropriate. Curracloe, the Park maps and Harvey maps use this method, while most Irish maps use the Letratone (Camolin, Phoenix Park, Kylebrack, etc.). The second method may also be used to remove the yellow from under all the Blue sheet. All Letratone must be well burnished down or bubbles will show up, or the whole piece may come off.

5. SURROUNDS

The frame should be a thick uniform line. The title can be a thick pen or you may use fancy Letraset, or other stick-on letters. At all costs try and avoid the 'Starposts' (JK'82) sort of title, which competitors may try and navigate through.

North should be instantly identifiable and arrows should go on the magnetic north lines. A scale bar is difficult to draw well, but may be essential for simple maps. You should also state the scale as a ratio.

The legend should be logical. Put all the screens together, all the lines together, and the same for points. Divide the 3 sections by colour.

Credit must be given where it is due. I don't think that a set of initials fully rewards a person for his effort and co-operation, no matter how small the input into the survey may have been. It is standard practice in most publications to list the authors in order of the importance of their contributions.

Lettering may be typed onto a piece of paper, cut out and stuck to the map. Stencilling with the conventional stencils is difficult to do well. A Leroy system stencil is easier and produces good results, but is fairly expensive. Letraset is difficult to get straight. For the last 3 it is essential to use a sheet of graph paper under your sheet.

THREE ROCK ORIENTEERING CLUB

First of all, a big "Thank You" to all who helped at the Curraclos event at the Irish Two-Day in November, particularly those who undertook monotonous jobs like results processing or sitting in depressions all day. Without your help anything would have been possible! Congratulations also to our competitors who did well in the event as a whole, and to Ma rtin Malone for both winning M15 each day and being joint winner of the IOA Course Planning Competition.
Thanks also to Oisin and the Oats who did such a good job on the Christmas Score Event on Three Rock - you can take the rest of the day off.

Training runs continue weekly at Oatlands College, Stillorgan, on Wednesdays at 18.30 hrs, and will include occasional street-O runs on the new map.

As promised, 3ROC beat GEN in the CompassSport Cup match on November 11th. The next round takes place before the end of February, and is being arranged at present either in Scotland or Northern Ireland. Members will be circularised.

Following the shock defeat of the official 3ROC B-class team in the Leinster Relay Championships (by a DIY 3ROC team), we'll obviously have to review our selection procedures in the hope that we get it right for the JK and the Irish Championships.

Our mapping crusade has got underway with four areas being surveyed at present- if you want to help and you haven't yet volunteered, contact Mapping Co-ordinator Barry Dalby (Ph. 974994). Experience is not necessary, enthusiasm is!

The Club's seventh Annual General Meeting will take place on January 20th at Wesley College, Ballinteer, and will be followed by a slide show. All members and prospective members are welcome. While on the subject (almost), annual subscriptions are now due for 1983.

3ROC tracksuits are again available at around £15.00. Contact Club Sec. Avril Sloane, with your vital statistics. The address is 24 Clonard Park, Sandyford Road, Dublin 14.

Congratulations to Brendan and Clare McGrath on the arrival of their new Club member, M1 John McGrath. We hope other club members will will make a similar effort to increase membership in 83.

We hope that 3Rockers Avril Sloane, Noel Carroll, Ronan Cleary, Justin May, John McCullough, Ted McGrath, Ian McNeill and Larry Roe have recovered from their exertions in the Dublin Marathon. Perhaps the Marathon organisers could come to an orienteering event to see how a real finish operates!

Finally, JK '83 entries are being co-ordinated through the Club - particularly for the Relay event so we can ensure that people are fixed up with relay teams as far as possible. If you intend travelling to the JK, let us know before the closing date for entries, January 31st. Contact John McCullough at 34 Dun Emer Drive, Dublin 14 (981556).

Absolutely finally, a Happy New Year to all our members, and may you all have a successful and enjoyable O-year in 1983.

LEINSTER v LONDON CHALLENGE

The Leinster v London Challenge match takes place on the weekend of February 19/20. The event on Saturday will be the LOK Klubb Handicap at an area convenient to London, and the major event of the weekend will be the Concorde Chase competition at Star Posts, the area used for the 1982 JK near Reading. Further information may be obtained from Justin May (Phone 941183). Travel costs are usually kept as low as possible, and we stay in the houses of London orienteers. With the demise of Magic Bus, boat and train is the most likely means of transport, so you can start practicing going without sleep for three successive nights now!

CORK ORIENTEERING CLUB NEWS.

TRAINING: March 18 - 20 O-course for teachers at Gougane Barra. Organiser Willie Cunningham (021-652453)

The dinner dance held on December 14th at Jury's Hotel proved a great success. Thanks to Carmek O'Brien, Liz Deane and Colette Cotter for organising.

Club trips are planned to the Scottish Six Day event in early August 1983- see details elsewhere in this issue. A trip to Scandinavia in 1984 is also being planned.

Meetings continue each Tuesday evening at the Alderman lounge bar near the City Hall.

Congratulations to Maeve Cunnane on the Irish Junior team to Scotland in November, to Liz Deane, Pat Cadogan Dave Calnan Phil Scally and the Cunnane family on their fine performances at the Two Day International, to Darina, Maeve and Pat Cunnane , John Calnan , Pat Cadogan and Sean Cotter on winning 1982 Munster League titles, and also to the runners-up Michelle Ryan, Michael Ryan, Gerry Ryan, Frank Cunnane, Seamus Cunnane, Liz Deane, Fred Calnan, Donal Dilworth, Christine Twomey....

.....

ODDS AND ENDS AND ODDS...

'A Cork Schools O-Association has been set up and will run a Schools O-League organised jointly with Cork O-Club. The Chairman is Willie Cunningham (Midleton V.S.), Secretary Niamh Cronin (South Presentation Convent Secondary School), and Treasurer Kathleen Deeley (Sacred Heart Secondary School).....JK'83 entry forms have been sent to all Club Secretaries. Entries close Jan 31st.....Tony Thornley is to come to Ireland again to give a Controllers Course on Feb 12-13 1983. Details from IOA..... ..3ROC go forward to meet three Scottish clubs in the next round of the CompassSport Cup after their success against GEN....CompassSport magazine can be obtained through The Irish Orienteer at the ridiculously low price of IR£5.00 per annum....Overheard at the November 2-Day:"Curraclos is no good for orienteering-it's spoiled by all those contours"....IOA is looking for a new Secretary, Development Officer and PRO, at least....COSPOIR has adopted the theme of "Sport and the Older Person" for 1983 - orienteering should do well from any publicity along these lines. I mean, you only have to look at the Irish team....Rumour has it that the FIOA may meet in1983 or1984.. ...Has anybody yet come up with a fast, certain way of checking that everyone has been accounted for after an event? If so, please let TIO know before it's too late... Irish Championships 1983: IOC'83 will take place at Silvermines, Co. Tipperary, on Saturday/Sunday April 16/17, organised by Thomond O.C. Entry forms will be available by the end of January. Closing date for entries will be Monday, March 7th. Enquiries to: Fiona McGoldrick, 7 Janemount, Corbally, Limerick.

The AGM of the Association for Adventure Sports will take place on Saturday February 5th at 5,30 pm at Tiglin Adventure Centre, Ashford, Co. Wicklow.

The AGM will be preceded by a conference on the subject of "Building for Adventure Sports" or "How to build your own Club house/ Hut/ Centre without going bankrupt" at 2.30 pm.

THE MAPPING OF CRONYBYRNE

A last minute rush for a printers deadline lead to several omissions from the map of Cronybyrne. Most were minor and three appeared as map corrections. The major omission, however was that of the history of the map. I have criticised the practice of leaving this off previous maps so I hope this article might go some way to righting this wrong. The first event in Cronybyrne - Ballinastraw was held on 22/3/70. The map was the O.S. six inch with forest roads marked on by Paddy McCann. The M21A course contained the classic control " The Tree Stump" which was located on the summit of the high rocky knoll in Ballinastraw (East of the main road). The knoll was not obvious on the map, marked only by a line of dots(100' contour) among the tree symbols. Nigel Bark overcame this difficulty to win the 12.9km course in 182 minutes. Niall Rice was 2nd (200), Paddy O'Leary 3rd (210). 16 people ran the A and among the notables to finish down the field were 7th Joe Bent (263), 9th Sean Rothery (280) and 10th Colin Dunlop (309).

In December 1970, just over 1 year after the first event in Leinster an event was held on Ballinastraw. Mapping Standards had accelerated dramatically and this map, drawn by Sean Rothery, was the fourth 2 colour map to appear. Nigel Bark continued his unbeaten run to win in 106 mins. from Michael Lunt and Joss Lynam. Then in March 1971 Nigel Bark was beaten for the first time in 1½ years by Michael Lunt at a score event in Ballinastraw, again organised by Sean Rothery, by the smallest margin - 425 to 420.

Another Score event was organised in October 1971 by Paddy McCann and this time the order was 1 S Rothery 2 P McCormack 3 N Rice. Maura Byrne (Thornhill) won the womens. In December 1971 Niall Rice organised an event on his new map of Cronybyrne (West of the road) and this saw one of the closest finishes yet, with Paddy O'Leary winning in 113 mins. from N Bark 114 M Lunt 115 S Rothery 122 ER 124 and Colin Dunlop 130. In October 1972 timing had gone to seconds and Niall Rices second event saw Nigel Bark winning by 45 seconds from Colin Dunlop with 137.05. Next were Sean Rothery 144.55, Tom McCormack 155.00 and Ted McGrath 156.30. Niall organised his third event in September 1973. This was won by Jim Butler with 88 minutes for 8.5km. Maire Cregan (Walsh) won the womens.

1974 saw the whole area as one map again. Colin Dunlop and Alan Wolfe combined to draw a black and white map. They organised an event in November and the winners were Michael Lunt and Monica Turley. The next event was in June 1975 organised by the Newmans and Diana Large on a map redrawn by Diana Large. Somebody won with Niall Rice second and Sean Rothery third. Eileen Loughman won the womens. It was a hot day and the event was poorly attended, so another was organised by Niall Rice in September. Somebody won, beating Wally Young by 10 seconds with 89.20 and a Swiss Marcus Gruhr third (93). Maire Walsh was the best lady.

It was around this time that we learned that the Forestry were running a woodcock count survey in the wood. Nets were being used and orienteering was frowned on. Setanta took control of the area when Irish Orienteers was disbanded. When Ajax was formed in 1979 we applied for the area and were given it. We started the survey but with the woodcock count still going on and a new area in Curracloe we shelved it. The club started mapping the area in force again in late 1981. A map of Championship quality on Championship grade terrain is a huge task to be completed in a 10 month period and it was only because we had a team of six experienced surveyors (Niall, Paddy, Philip, Eddie Greg and myself) that we were able to complete it.

EOIN ROTHERY

GENNEWS:

A new Committee has taken office since the AGM. They are:

Chairman	- Philip Ryan	Training Officer	- Eileen Loughman
Secretary	- Wyn McCormack		- Mary Healy
Treasurer	- Paget McCormack		- Odilla Finlayson
Secretary	- James Shulmeister		

The main challenge facing the club in the coming year is the organisation of the Leinster Championships in March at Brockagh when it is hoped all club members will be involved. This is already taking up much energy from some club members getting the mapping done. Any volunteers to help? Another new map coming up for printing is Katie Colligan. This will be an excellent area for introducing new people to the sport as it is so close to the city.

Many congrats to Maura Thornhill on a fine win at the 2 Day in November.

Eileen is back in action as Training Officer and has organised the following nights in Glenalbyn at 8.00 pm (Non-members are also invited to attend):

January 19th Basic orienteering techniques. Take along recent event maps and decisions and routes will be discussed.

February 16th Do you remember the excellent night on physiotherapy last year? This will be a similar exercise aimed at the general orienteer including exercises to help suppleness and agility.

MUNSTER NOTES

MUNSTER O. ASSCN. A.G.M.

The A.G.M. of the M.O.A. will be held at The Glen Hotel in the Glen of Aherlow on Sunday Jan. 23rd 1983. The meeting will follow the Munster League event at Aherlow Wood. Members of all Munster O. Clubs, intending members and everybody interested in the sport of Orienteering in Munster are urged to attend.

The 1982 Munster League awards will be presented at the Glen Hotel immediately before the A.G.M.

The final event of the 1982 Munster League took place at Rostellan Wood recently. Eight fixtures were designated as League Events. They were Kilworth (Jan. 16), Cratloe (Feb 14), Seefin (Mar. 21), Drumleagh (May 2), Castlefreke (Sept 26), Seefin (Oct. 31), Glenbower (Nov. 21) and Rostellan (Dec 5). The different age-classes compete in League events as follows. A Course M19, 21A and 35; B Course M17 and 43, W19; C Course M15 and 50, W15, 17 and 35; D Course M13, W13 and 43. A competitor's points in a League event are calculated by expressing his or her time as a percentage of the average of the three fastest times recorded on the particular course on which he or she was running. This allow's all competitors on each course to compare performances directly, e.g. a W19 performance can be compared directly with an M43 as both compete on Course B. Each competitor must complete a minimum of 5 out of the 8 designated events. Those completing more than the minimum can shed their less good scores and remain assessed on the total points of their 5 best performances. Due to an organisational error at Kilworth the A Course results were declared void for this event, and the 5 best performances from the remaining seven events were used. In the results below many well-known Munster names do not appear. In some cases this arises from a failure to complete the required minimum. Several juniors sacrificed their League chances by moving up a course in mid-stream in preparation for international competitions.

setanta orienteers

SETANTA NEWS

Happy New Year!
After a lethargic Christmas I'm rushing some Setanta News for the Newsletter. It will have to be brief, almost cryptic.

1. 1983 Club Membership Fees are now due. The rates are as follows:
   Family - £7.00 Individual - £5.00 Junior/Student - £3.00
   Please send these to Joe Bent - 35 The Wood, Millbrook Lawns, Tallaght.
2. The 1983 Setanta Committee is as follows:
   Chairman - Pat Walsh; Treasurer - Joe Bent; Secretary - Catherine Murtagh; Development Officer - Bobby Buckley; Committee Members - Richard Flynn, John Kehoe, Piet Van Rooyen.
3. Setanta Orienteers are running 3 Colour/Badge events on 3 successive Sundays.
   23rd January - Phoenix Park
   30th January - Massey's Estate & Hellfire Wood
   6th February - Clara, Co. Wicklow
   Volunteers are needed. If you can help please contact Bobby Buckley at 970379.

JAN KJELLSTROM TROPHY EVENT 1983

The 1983 JK takes place, as always, at Easter - April 1-4 next. For the uninitiated, the event is the major annual British O-fixture and attracts an entry of around 3 000 runners. The format of the event is a training event on the Friday, a two-day individual competition on the Saturday and Sunday, and a relay on the Monday. Entries close on January 31st and ferry berths are difficult to get after early January, so if you are thinking of going, act now. The trip is generally very worthwhile, particularly if it's your first time to attend a major event abroad - at least there is no major language problem! Entry costs £7.50 for Seniors (M/W 19+) and £3.50 for Juniors (M/W 17-) for two days. The Relay costs £4.50/ 6.00/ 8.00 per team, depending on class (all prices in Sterling).
This year for the first time the A Relay class (for the JK Trophy) will comprise teams of four runners, rather than three as in previous years. Entry forms have been sent to all club secretaries. The address for enquiries is: JK '83, 3 Oakbank House, Skelsmergh, Kendal, Cumbria LA8 9AJ, enclosing SAE or reply coupon. Don't forget DUO are running a bus to the event. Contact Mark Donovan, Crannach, Hillcrest Road, Sandyford, Co. Dublin.

National Senior Squad 1983

Details of the National Senior Squad 1983 will be announced shortly. It had been hoped to have details available by the end of 1982 but this proved impossible as not all the results of the events used for squad ranking were available at that time.

Lee orienteers

affiliated to the irish orienteering association

LEE O NEWS

ANNUAL GENERAL MEETING

The Club A.G.M. will take place at Moores Hotel Cork at 7.30 p.m. on Monday January 10th. All members are requested to attend. Friends and anybody interested in Orienteering most welcome.

MUNSTER LEAGUE

Congratulations to Clare Nuttall on winning the Senior Ladies award in the Munster League. Clare's double hat-trick sequence of six successive wins is going to take some beating. First place awards also go to Noel Morrish (M43), John B. Riordan (M17), Aodan O hUiginn (M13) and Paddy O'Reilly (M50). Second placings go to Colm O'Halloran (M21A). Pat Long (M35), Miriam Rohan (W19A) and Rory Morrish (M15), with third placings going to Bill Gregor (M35), Mary O'Sullivan (W19A) and Peter Walsh (M15).

JUNIOR HOME INTERNATIONAL

The most outstanding performance in the Irish Junior Team which competed recently against Scotland and England undoubtedly came from Lee O's Aideen Morrish. In a very high-class field Aideen showed a clean pair of heels to the opposition and was Ireland's sole winner. Congrats Aideen - triplets watch out!

Lee Orienteers wishes a Happy Christmas and a Sporting 1983 to all their friends in The Four Green Filds.

WOODSTOCH '78

ORIENTEERING MAPS of Woodstock, Inistioge, Co.Kilkenny are still available from the Scout Association of Ireland, 66 Lower Leeson Street, Dublin 2 (Phone 608111).
The map is at1:10 000 scale , surveyed in 1978, and comes with a choice of three premarked courses : A course (3.5 km, 13 controls), B course (2.6 km, 10 c's), C course (2.2 km, 10 c's). The price is 20p per map plus 50p postage per order.
Mountain maps of Mount Leinster and of Brandon Hill, Co.Kilkenny are available at the same price as the Woodstock maps. These maps are at 1:50 000 scale in two colours, with 100' contour interval. These may also be ordered from SAI. Enquiries to Ian Travers, 3 Copeland Grove, Clontarf, Dublin 3. Phone 337844.

CURRAGH NEWS

IOA WARNING - "The following is an IOA exercise in stress simulation and psychological combat. Persons of weak mental disposition and suspect tolerance are strongly advised not to read any further lest self-esteem be irreparably damaged."

It brought tears to the eyes of the more seasoned onlookers and participants. A legend was about to be relived. They had waited patiently for this outcome and now they would not, could not, be disappointed. And they weren't! The phoenix was about to rise from the ashes. The "big three" were together again and looking carnivorously on form. The outcome was predictable, inevitable even, and systematically executed. The favourites romped home with surreptitious ease to take the laurels and the Leinster Relay title. Afterwards it came as no surprise to anyone to learn that the "big three" were granted automatic selection to the Irish team for WM '83 in Hungary. Only two places remain unfilled! This strategic victory was indeed about to herald an epic "clean-up" of titanic proportions (We all know what happened the Titanic - ed.) by the legendary Kildare club only two weeks later in the International Two-Day.

Who could have believed this possible, even from a club with such obvious credentials, flaring talent and pedigree? The M43, M35 and M21 titles were captured from a truly international field with blatent arrogance bordering on disdain. High placings were also taken in these and in other classes right across the spectrum. The top four Irish positions in the premier mens' class on day two went to the army. This certainly augurs well for military military orienteering and places it in a class of its own. Even the "ould dog" with grey hair bared his fangs . There's a glimmer of life in "yer man" yet! Maybe it's the lure of the CISM Military Orienteering trip to Brazil next year that "put the lean on him".

After the event Curragh News scooped "an exclusive" with well-known international Denis "the Murph" Murphy of ECO. In other circles "Good ole get-the-party-going Murph" is renowned for his versatility in gaining admission to soirees and as a conjurer. He's basically a real fun guy. The ensuing dialogue was revealing if not intriguing:

Curragh News: "Well Murph, how did you enjoy your trip to Ireland?"
The Murph : "Well actually I'm from Ireland."
C.N. : "Oh! So you are! A little slip of the tongue, as it were. To what would you attribute your indisputable success in orienteering?"
T.M. : "The secret is juice and mental training tapes. Of course sponsorship by SAAB has helped enormously. Apart from the fact that I'm the same age as John Tracy."
C.N. : "I see. What is the driving force that motivates you?"
T.M. : "I'll do anything to keep the Army at the top, but I don't want to peak too soon, you understand."
C.N. : "What orienteer do you respect most?"
T.M. : "My boss, Ted Russell."
C.N. : "Do you have any reservations about orienteerign?"
T.M. : "Yes. Who let all the civilians in on it?"

Curragh News is pleased to report that a permanent course has been set out on the Curragh Plains. Further details, including membership queries and lawsuits, may be referred to Club Secretary Capt. Frank O'Leary, Military College, Curragh.

Badge Standards.

Ireland's strength was somewhat depleted by the absence of the following who through injury, exams or whatever were unable to travel - Ml. McCallion and Patrick Ryan at M17, John Riordan at M15, Deidre Ni Cheallanain and Charlotte B. Law at W17. Full marks to Oisin Creagh, Boyd Peters, Alistair Tinto, Rhona Sloane and Ursula Morrish who stepped in to deputise, in some cases at extremely short notice. Commiserations to subs Graham Martindale (M13) and Darina Cunnane (W13) all wound up to go but couldn't due space limitations in minibus.

The Northern minibus hightailed it straight for the Ferry but the Southern contingent took it more leisurely down Lough Tay and the Bonnie Bonnie Banks (albeit in the dark) and stayed the night at the splendid Y.H. in Ayr - continental quilts would you believe - what a relief to aching bones from the rigours of hard floor. After dropping everybody reached Cork 12.30 a.m. Tuesday.

Scotland and England have asked that Ireland consider hosting this event for the first time in 1983. The matter is receiving active consideration from I.O.A.

My thanks to all my fellow-travellers for their unfailing good humour all through a fairly arduous journey. To Aubrey for the driving and for the geological narrative with which he regaled Julie and myself up front. No less to the younger fry in the back who passed the miles hanging on the words of raconteur extraordinaire - Oisin Creagh.

Jack Riordan,

Acting I.O.A. Team Manager.

8 non-finishers

Planner: D. Kennedy Controller: J. May Organiser: B. Duffy

The results of any competitor who entered a class other than their own and wrote down their genuine class on their card appear in the 'unclassed' section for administrative reasons but those running in a class higher than their own are, of course, competitive in that class.

Irish Orienteering Association
